

July Log

B.L.Y.C.

1939

Hi There, Guys and Gals.....

The O.I.C.Y.A. Regatta, held on June 17-18 at B.L.Y.C. turned out to be quite a success. The entry list was away down, (53 boats) as compared with previous Regattas but the competition was keen and a spanking wind was available for all three races.

The Commodore's Dance held on Saturday evening, June 17, was exceptionally well attended and everyone seemed to enjoy a very wholesome evening.

Winners in the respective classes were....

THISTLE.....H. Hanson,	Pymatuning.	COMET.....Jim King	Conneaut
LIGHTNING ..Russ Luchtenbery	B.L.Y.C.	PENGUIN....Alice Nelson	Leatherlips
KAYRoy Poston	B.L.Y.C.	CANOEWayne Pruner	Portage Lake
Y FLYERW.R.Tappan	Mohican	DEVELOPMENT N. Nadel	Leatherlips

Leatherlips and B.L.Y.C. wound up in a tie for the Governor's Cup, 220½ points each. The scoring for this cup is the total number of accumulated points for each club on boats active in other competing clubs. Leatherlips run up their score on the Thistle Class and B.L.Y.C. did the same thing on the Lightning Class. It is interesting to note that Leatherlips would have won the Governor's Cup if one Thistle had not been disqualified as the result of a protest filed by a member of the same club.

Another 'Iffy' circumstance of this Regatta was the fact that the accumulated points of the Kay Class, B.L.Y.C., did not count on the scoring of the Governor's Trophy as no Kays were entered by any other participating club. If one Kay had been entered by another club, B.L.Y.C. would have been the winner.

'WE HATUM' CLUB...In our last bulletin, we announced the formation of this club within a club and, according to a report from the Secretary of this outstanding group vast numbers of members have filed their applications for membership in this bold new effort to subdue the B.L.Y.C. 'wimmen' for once and for all time.

However...we must report that all is not well on the male front! So help us... competition has reared its ugly head! It is downright hard to believe, but, we now hear that still another club is in the process of formation. It is called the "WE LOVEM CLUB". This new club, according to reports, is headed up by Willie Corne and Art Kent and it is further reported that Norm Yoerger is on the fence and don't know exactly which way to jump. History is in the making. We shall continue our report next month.

The first annual tournament of the B.L.Y.C. gin rummies has closed. The winner of the first place and a bottle of Scotch was Woody Johnson. Second place went to Harry Nation (he kept score) who received a bottle of Old Crow. Jim Marks wound up in third place with a bottle of Sunny Brook and Lon Bickel finished in fourth place and was awarded a bottle of low-down gin. It is to be noted that those rum players who talk the loudest, were not in the money. It was further noted that not one single winner placed their winnings on the table and said, "Brother, have a drink". Come to think of it...that's sure death at B.L.Y.C. The second tournament will start next Fall.

"Maudie"

MAUD OR JAKE...Since it is the duty of your editor to report the goings on among our members, we must inform you that "Ginny" Carlson, wife of Fred Carlson, present crew-member of the Clark slave-ship, will have a baby on Friday, November 17, 1950, 9:23 AM.

The members of B.L.Y.C. have always been noted for their constructive suggestions, so, in this case, full discussion has been given to the selection of a name of this forthcoming stinker.

After due deliberation, and if the baby is a girl (may the Lord forbid), the following names are submitted; Maud, Minnie, Mabel, Minerva or Daisy. If the baby is a boy, the names submitted are; Jake, Reuben, Herkemer or Izzy.

Personally, we like the names of Maud and Jake, nothing fancy, of course, but down to the earth with their feet in the mud. BUT...complications could enter the picture too. Her sister had twins about a month ago...and it could happen again. In this case, the name calling committee will hold an emergency meeting.

SPEAKING OF JUNIORS...Once upon a time, there were two little worms. One was naughty and the other was good. One was lazy and always stayed in bed until late. The other was always up early in the morning and about his work. Well, an early bird grabbed the early worm and a fisherman with a flashlight got the night-crawler. The moral of this story is, 'Kids, you just can't win'.

TEMPUS FUGITS... In talking with Newt Davis the other day, he stated that he had obtained an option on the SIESTA CLUB for the B.L.Y.C. New Year's Party. This is, of course, subject to the approval of the Board. Many members plan their New Year's Party many months ahead...so... keep this in mind, willya?

BATTEN DOWN THE HATCHES, lock up the children, hold everything...The O'NANGLES will spend part of their vacation at B.L.Y.C. according to reports. Yep.. Paul and Peg will be back on Buckeye Ocean for a brief spell and they are most welcome.

SEZ JIMMY DURANTE..."I've watched new cars roll off the assembly line. First, they start out with little pieces, then it rolls down the line and thousands of men and a million dollar's worth of machinery put everything together. Finally, a shiny new car emerges. Then a woman driver buys it...Five minutes later----back to little pieces again."

MOST OF THE MATERIAL published in the B.L.Y.C. Log is written on a facetious basis, designed to promote reader's interest and to maintain that interest throughout the year. The following is written as a statement of fact and appreciation.....

The Buckeye Lake Yacht Club is indeed a fortunate Club. It is fortunate because it has within it's membership, men with varied talents and, above all, the will to do.

The new yacht basin and dock is an outstanding example. This project called for special engineering and construction knowledge and above all, leadership. Up rose two men from the Club's membership, Ray Fisher, Sr. and 'Mac' McAllister, and, the job was done.

The cost of the new basin was well within the budget set up by the Board of Governors but, this cost would have been doubled had it not been for the personal sacrifice of time and materials, plus effort of these two members.

It has often been said that when you want a job done, get busy men to do it. This was very true in this case. Many other club members contributed to this project for which we are profoundly grateful but to Ray Fisher and 'Mac' McAllister, we dedicate this space and say, "Thanks, fellows, for a job well done".

Men like these contribute to the fact that "The Buckeye Lake Yacht Club is the finest club in the mid-west".

Understand Eddie Friedman had quite a bout with ulcers, and ended up in the hospital. Glad to see he is up and about again but what I don't understand is how does a nice quiet boatman get ulcers.

AUXILIARY NEWS

We had a lovely day Wednesday June 8th, for our first summer luncheon at the Club. Grayce Daugherty and Pauline Friedman were hostesses for the party, and the table was beautiful with vases of roses and mints at each place. After a very good lunch our President conducted a short business meeting and the final plans for the card party on June 22nd were completed. The buffet lunch will be served from 12:00 to 1:30 and the price is \$1.50 plus tax. Helen Dressel asked that reservations for the lunch be made as soon as possible, and anyone having garden flowers to please bring them as they do dress up the Club and will be most appreciated, also, a reminder of the \$2.00 wrapped door prize, please see that your name or your guests names are written on the back of your tickets before they are collected.

Arthelda Haggard and Dan Womeldorf had a surprise Beer-Bust Sunday afternoon in honor of Doris and the Commodore, they were celebrating their birthdays.

Mary Miller will be in charge of the White Elephant Sale on Saturday evening July 16th. She would like to have everyone to start gathering up their articles, and bring them over to the Club one of these week-ends, so she can have some idea of just what peachy items the men will have to auction off.

Any one want a raccoon? We have one in our Nation Annex, he is a friendly little fellow, and gives one fair warning when he is around by thumping on the walls, he must of heard that Murray Headlee made me a gift of him, because at three o'clock in the morning, I awakened to find him setting on the outside of my window, leering in at me, believe me it was quite disconcerting.

Our sincere sympathy to the Commodore and his family on the death of his brother-in-law, Arthur Jones on June 6th.

Jane Langley and Bernie McAllister will be Hostesses for the July Auxiliary at the Club, and will receive a card on the date and time, and please be sure to mail them back even if you find that you can't be there.

See you at the Club

- Maxine.
