The pre-election election campaign was something to behold. Mailmen staggered under the tremendous load of election material and on Saturday evening at the Clubhouse, the largest crowd of the season turned out to witness the presentation of the trophies and some real power politics. Many very original stunts were presented and it was grand fun.

As long as the present spirit continues within our Club, B.L.Y.C. will make progress. You just cannot beat this kind of clean, wholesome competition. SURELY,

HALLOWEEN PARTY

BUCKEYE LAKE YACHT CLUB SATURDAY EVENING, OCTOBER 28.

SPONSORED BY THE LADIES AUXILIARY

NO CHARGE.....NO GUESTS PLEASE

HALLOWEEN originated away back in the dim and distant ages. It was the evening prior to 'All Saints' or 'All Hallow' Day. It was an evening of fun and merrymaking and, back in those days, many swains selected their mates or vicey versey.

It has continued, more or less, in the same pattern down through the years. It is still an evening devoted to fun and pranks and it has become a symbol of the Fall Harvest in many parts of the country.

At B.L.Y.C., it has become the occasion of a grand party, a fact that has been proven time and again in past years.

This year will be no exception. PLAN TO BE THERE. All members are urged to attend in costume and the GRAND MARCH will be held at 11:00 PM. LUNCHEON WILL BE SERVED.

Be sure to attend this Halloween Party as guests of the Ladies Auxiliary on Saturday evening, October 28, 1950.

NO GUESTS PLEASE

Doris Womeldorf, President

CLIFF DUM has again been selected as the guy who assigns the boat slips and lockers. This is a tough job and we suggest that you make your applications IN WRITING.

NOTICE...A leather kit was found in the parking lot following the election. Owner may obtain same by contacting Gus Schell.

ALL MEMBERS PLEASE NOTE...All during the year your officers and board members are contacted by members who have a pet beef and others who offer constructive criticism. All of which is perfectly in order. BUT...there is a better way to handle this problem...to wit...

If you, as a member in good standing, wish to criticize ANYTHING pertaining to the Club or the functioning of same...DO SO IN WRITING. Your Board of Governors will welcome this procedure and give your letter full attention. Another thing; if you address a letter to the Board, SIGN YOUR NAME. Any anonymous letters will be dumped in the waste basket where they belong. Address the Board of Governors through Secretary Cliff Dum.

COMES NOW the approximate end of the outdoor season. BUT...B.L.Y.C. never closes. The Fall and Winter activities will soon be in full swing. Just ahead in the FISH FRY, THE HALLOWEEN PARTY, THE NEW YEARS PARTY, THE ANNUAL COMMODORE'S BALL and the first thing you know, it will be time for the Spring Meeting, and, we start all over again. The ice boat sailors will be active all winter and the Clubhouse with it's big fire place will be open all winter long. You can't beat it!

FLEET CAPTAINRoundy Sproat
FLEET SURGEONDr V. N. Kistler
FLEET MEASURERC. E. Kimball

Ray Fisher Sr. was also appointed as Chairman of a Steering Committee designed to pass upon newly proposed projects, prior to Board action.

You will note that a new committee has been appointed, 'Stewardship & Service'. This committee will face the problem of proper functioning of the kitchen, dining room and bar. It is a tough one and Commodore Schell has accepted the Chairmanship and has appointed all Flag Officers to serve on that committee.

REPORT TO THE MEMBERS... You will remember that during our Fall Meeting, Van Thomas reported the fact that Dick Hale, a former Steward of our Club has suffered a stroke and destitute. The hat was passed and a fund of \$76 was collected from the members for Dick Hale.

On Sunday, October 1st, Commodore Gus Schell and Vice Commodore Harry Nation drove to Millersport and presented this money to Dick Hale. We found Dick Hale propped up in a chair, practically helpless. He was amazed and delighted that representatives of the Buckeye Lake Yacht Club would call and offer their sympathy. He was dumfounded when Commodore Schell gave him the \$76 collected from our membership. He broke down and cried and his emotion was pitiful. This money was well placed and this action speaks well for the members of B.L.Y.C.

FULL COMMITTEE MEMBERSHIPS will be published in the November Log. One of the most outstanding attributes of our Club is the fact that our Committee Members pitch in and WORK. These committee members are not just pulled out of a hat. They are selected with great care and after full discussion. THAT is why they CLICK.

WALTER KNAPP is the owner of the beautiful Cris Craft Cruiser moored on the East Dock. This boat is a splendid addition to our fast growing cruising fleet.

PAUL AND EDITH BAKER, a couple of Yankees now living in Houston, Texas visited our Club a couple of weeks ago. They are a couple of swell people but they belong in Ohio..not Texas.

PARKE AND HELEN CHASE are packing up for a trip to Florida. Beats the devil how these plutocrats can just up and leave most any time. Can't understand it!

WE HEAR that BETTY & JAY DICK, CAPPY and ALICE CLUM and LON & LUCILE BICKEL are leaving for a trip to the Smokies. Don't know WHY they are going, but it is rumored that Jay is looking for an opportunity to push Betty off the top of a high mountain and that Cappy wants to curl up and take a nap under the Lonesome Pine and that Bickel is looking for his favorite dish of hogchittlins, chicken gizzards and ham gravy.

COMMODORE GUS SCHELL established another precedent following his election the other day. Former Commodores celebrated by buying beer for the thirsty. What did Gussie do? Why..he served Martini Cocktails no less and listen...those cocktails were strong enough to take hair right offen a dog's back. Talk about spoiling the membership...in years to come they will expect champagne!

KIMBALL AND DAUGHERTY are a couple of snake hunters, sure enough. Charles is a 'spider' fisherman while Kim is a 'fly' man. (He's allergic to worms). Strangely enough, both of them are getting lots of croppies and blue gills these days.
