

BUCKEYE LAKE YACHT CLUB

LOG

MARCH, 1965

Notes from the Commodore

My memo carried in the February issue of the Log advised the membership of certain changes and corrections to the "By Laws". One of the most important was a change in date of billing the membership for their current dues, and that those members holding facility assignments must pay their account in full by May 15 or lose the assignment. Members not renting facility assignments would become delinquent and be posted as of May 31. Thirty-four members have been billed and have kindly paid their dues already to help the Club meet its obligations during the "lean" winter period. The Sec.-Treas. will mail the dues statements to the balance of the membership shortly. Your prompt payment will be appreciated.

Speaking of dues, in my capacity as a Trustee of the Columbus Power Squadron, it has come to my attention that quite a few yacht club members who belong to the Power Squadron have not paid their dues to that organization. The deadline for payment is February 28. The amount is \$12.00 and should be sent to Squadron Headquarters, 441 N. Park St., Columbus 43215. Those to whom this reminder is applicable, are urged to take the appropriate corrective action.

Appointments to the Insurance Committee, established by the new By-Laws, have been made by the Board of Governors as follows: Gov. Ed Metzger - 3 year term ending January 1968; Red Such - 2 year term ending January 1967; and Herb Hunt - 1 year term ending January 1966.

Dr. Jack Filer, our Fleet Surgeon, has tendered his resignation due to his leaving this locality in June to accept a position on the faculty at the University of Iowa Medical School. We are sorry to lose Jack and express our appreciation for his services. The Board of Governors has approved the appointment of Dr. James H. McCreary as Fleet Surgeon. Jim is a new member and owns a cottage on Orchard Island. He is also a member of the Power Squadron.

The annual meeting of the Ohio Inter Club Yachting Assoc. was held at the Club on January 17. P/C Ken Ross was re-elected as Sec.-Treas. The annual regatta will be held at Atwood Lake June 19-20.

The Gun Club elected your Commodore to honorary membership on February 7. This action is greatly appreciated. The Gun Club activity has been an excellent means of increasing activity around the Club on week ends. The membership were advised in the last Log that the safety rules had been approved by the Board and that the activity was assigned to the Social Committee, with Gov. Ken Merrill in charge. Recent action by several members and their guest have made additional Board action necessary. Effective immediate "All" Gun Club members are responsible for enforcement of the safety rules. The trap "SHALL NOT" be used by anyone except during official Gun Club matches. Any discharge of fire arms on the Club premises or use of the trap is strictly forbidden except during official Gun Club activities, and with all safety rules in full force and effect. It is mandatory that ANY violations of this Board order be promptly reported to the Commodore.

Com. Paul W. Holstein

BLYC Ladies Auxiliary News

The February meeting was held on Tuesday, the 9th, at the beautiful Christopher Inn. There were 41 members present to enjoy the delightful atmosphere and good food. Hostesses Martha Schell, Ellen Frost and Mary Kay Sterner are responsible for this very nice party.

We are very happy to welcome Jan Cline as a new member of our auxiliary.

The members were given some additional information on our project, which is a cement patio, to be constructed in front of the Club. Additional legislation and discussion assured the fact that the project will proceed as planned and work will start as soon as the weather permits. We wish to thank the men in the Club for their interest and invaluable help on this ambitious project.

Jane Keck has a new tropical garden at her flower shop. She has many unusual plants and has invited our members to stop in and see it. I'm sure it would be worth our time to visit this display.

The Cancer Ray, made up of our auxiliary members, has changed its name to The Fisher-Henery-Wood Cancer Ray. This is in memory of Fanny Fisher, Marjorie Henery and Marie Wood. The election of officers was in January and Dottie Dum is Pres.; Mary Davis, Vice Pres.; Lil Wilson, Sec.-Treas. The next meeting will be on February 24 at the home of Mary Davis.

Ella and Ralph Woolley will be leaving in a few days for a month's vacation in Florida. We understand they plan a cruise on a windjammer. We wish them good sailing and a happy vacation.

We know all our Florida friends will want to get out the 'welcome mat' as Helen Dressel and Mary Miller are flying to Florida on the 23rd and will be in the sunny southland until the end of March. We know they will have a good time.

We just heard that Bertha and George Cooper flew to California for the Christmas holidays to visit their son, Steve, and his wife.

Jeff Dum is living in Long Beach, Calif., where he is a dentist. He just finished taking the California State Dental Board exams. We all wish him great success in his chosen profession.

***** Rusty McGinnis

Notes from Gov. Headlee

Once again this year the pool at the Jewish Center, 1125 College Ave. has been reserved for Junior swimming sessions. They will be held on Sunday between 7:00 PM and 8:00 PM the evenings of March 7, 14, 21, 28; April 4, 11, 25; and May 2. We will have Red Cross instructors again. The fee will be \$6.00 for the (8) one-hour sessions, if paid in advance. We are looking forward to seeing everyone who attended last year, and hope to interest many new participants. Please register with June or Marty Headlee.

Due to the interest stimulated by holding these classes for the Juniors, we had many requests for the same type of program for adults. Arrangements have been made to reserve the pool for an extra hour for adult classes from 8:00 PM to 9:00 PM on the same evenings following the Junior classes. The charge for this will also be \$6.00 per adult for the (8) one-hour classes, if paid in advance. These classes are restricted to Club members only.

Please make checks payable to Marty Headlee and mail to him at Rt. #3, Pataskala, Ohio. Hope to see you there.

Gun Club News - Jodi Richards

It has been requested by the Board that any and all shooting activity on yacht club property be supervised by the BLY Gun Club. A member of BLY Gun Club must be present before anyone will be permitted to shoot.

<p>DON'T FOLLOW ONE DRIVE ONE * RAMBLER COMPACT * ART SCHWOERER</p>

Also, there will be a challenge trophy presented annually to the gun club member accumulating the highest number of hits over 200 shots fired. Eligibility for this trophy began February 14, 1965 and will continue until the shooting season will end, approximately April 1. A 'keeper' trophy will be presented each year and any member winning the challenge trophy for three consecutive years will retire it and retain permanent possession.

There will be a general meeting of the BLY Gun Club February 28 at 12 noon. This will be held in the Yacht Club dining room and we hope to see all gun club members in attendance.

The Commodore and Tom Boswell have been nominated for membership on the Board of the Columbus Power Squadron. The election will be held at the Southern Hotel meeting on Thursday, March 4. We urge Club members in the Squadron to turn out and support our Club members. ***** We have learned that Tommy Davis and Dottie McDonald were married Saturday, January 16, at Christ Lutheran Church. They took a honeymoon at the ski joint in Mansfield. This is the young lady that was pictured with Tommy in the pictures of the New Year's Eve party. We welcome Dottie to the fun and friendship of BLYC. ***** We have belatedly learned that Dorothy and Bob Slattery spent the Christmas holidays in California visiting Dottie's sister. They jetted out, and among other sight seeing, took in Disneyland. ***** Velma and P/C Doc Lieberman have journeyed to Atlanta to visit Velma's sister. The Commodore and Jane will leave on February 19 to pick them up in Atlanta, and together the four of them will tour the east coast of Florida for about three weeks. ***** We understand Jud Ortman has been in the hospital for some corrective surgery and we hope he is up and about again, with his usual enthusiasm for Highlanders. ***** We read in Julie Harrison's column in the Dispatch all about Vern and Frieda Porter and their trip to Hawaii. It must have been fun and on the picture page of this issue, you will see them pictured on Honolulu Beach. ***** We regret to report that Tiny Koenig recently lost his father, who lived in New Straitsville. We express our sympathy to Tiny in his great loss. ***** The spring meeting of the ILYA will be held in Cleveland March 27 to plan the annual regatta at Put-In-Bay. Junior Race Week will begin August 1 and the Senior Regatta will follow the next week, beginning August 8. Several BLYC members usually participate and others take responsibility on race committee (Cliff Dum) and trophies (Dwight Haggard). *****

We welcome as new members Raymond L. Walker (Janet) 1125 Moundbuilders Rd., Newark and George J. Holler (Lois) 5399 York Lane South, Columbus. We hope you new members will make maximum use of the Club facilities and we would all like to meet you personally.

The Board also posted for the notification to members of the applications of Glenville D. Thomas (Maridel) 224 E. Newman St., Zanesville, proposed by Chet Thompson and Jim McLane; Fredric W. Carmean (Diane) 5295 Roche Place, Columbus, proposed by Paul Travis and Zane Sherman; and John W. Lahey (Hilda) 329-A Mayfair Blvd., Columbus, (and the Towpath), sponsored by Roundie Sproat and Mac McGinnis. It certainly looks as though Com. Holstein will meet his goal of 30 new members for this year, so let's keep working on it. *****

At the last meeting the Board took final action to approve the conversion of the present Governor's room into a TV

room and the remodeling of upstairs room #6 to be used for the Governors. Art Schwoerer is going to assist V/C Offenberg in the remodeling chores. Since we are becoming more and more of a family club, it will add a great deal to get some of the younger group in the TV room to watch the cartoons. This will greatly enlarge the first floor facilities available to all members. We are indebted to P/C Newt Davis and Doc Greiner for accepting changes in room assignments in order to make this possible for the Governors to have room #6. It was selected because it was considered the least desirable room for rental purposes. *****

George Fisher has notified us that Leather Lips Yacht Club is having a program of slides illustrating the new rules at Ann-Ton's Restaurant, 5617 N. High St. at 8:00 PM February 25. All persons interested in learning the new sailing rules are invited. *****

The new doors between the Gob's Mess and the dining room have now been installed, and further improve the attractiveness of the clubhouse. Gov. Offenberg has also acquired 50 additional folding chairs to supplement our present supply. ***** Gov. Jim McLane is going to increase efforts to have a good Wednesday series and Saturday series in all classes this coming summer. If necessary, he will go to a handicapp race to include all classes in one Wednesday or one Saturday series. *****

At the request of a committee headed by George Fisher, and with each sailing fleet represented by two skippers, the Board accepted the idea of a trial double Snow Ball Regatta for 1965. The Highlander and Raven Fleets will sail one Snow Ball on the usual second Saturday in October (10th and 11th) and the immediate Saturday following, the Lightnings will have the Lightning Snow Ball on October 17 and 18. The skippers expressed their unanimous opinion that the Snow Ball Regatta, held singly or in duet, should not cost the Club any funds. A registration fee will be established, and perhaps even a whole package, including cocktail party and dinner. These details will have to be worked out, but it is the belief of the committee and the Board, that this will eliminate great problems with haul-in and haul-out, as well as inadequate mooring and toilet facilities. It has been brought to our attention that in the event of a thunder shower with 40 MPH winds during one of the Snow Balls, the Club could be in for liability for considerable damage to yachts. We know there will be many problems to be worked out in this trial of the double system in '65, but we believe that with the usual devotion to the welfare of the Club, that all of these problems can be handled satisfactorily. *****

Jim Dressel has been elected the new Fleet Captain for the Lightnings, and again, Helen Limbaugh will serve as Secretary. A fleet meeting will be held March 27 at the Club. Dave Reynolds, General Fleet Chairman, has been requested to get all of the sailing schedules for the year to the Race Committee by May 1. Ravens and Highlanders should elect their new fleet captains promptly. **** Gov. Marty Headlee is going in Mt. Carmel Hospital for a reconditioning job on his centerboard, as well as getting a few barnacles scrapped off his bottom. We all wish him good luck while he is in dry dock. ***** Dr. James McCreary has been named Fleet Surgeon to replace Dr. Jack Filer, who has resigned because of his move to Iowa City. Dr. Filer was elected to non-resident membership at the last meeting. *****

* The Commodore's Ball will be on March 20 and we know you will want to save this *
* date for another one of Gov. Ken Merrill's delightful parties. Plan to eat din- *
* ner at the Club and be there for the dance. As yet, we do not have the name of *
* the orchestra, but it will be a good one, you can be sure. *

Also, put on your calendar the following Club functions:

Ladies Auxiliary Party & Dance (Paul Smith Orchestra) Saturday, April 24
Hard Times Party - Saturday, May 15
Memorial Day Dance - Saturday, May 29
New Members Party & Ladies Aux. Dinner Dance - Saturday, June 12
Luau - Saturday, July 3
Venetian Night Party - Saturday, July 31
Yardarm Party - Saturday, August 21
Stinkpot Rendezvous - Saturday, September 4
Steak Fry - Saturday, September 18

You can see that Gov. Merrill will keep us entertained for the season.

Gov. Gil Martinez has been courageous enough to attempt to elaborate on our rules for the assignment of docks and facilities. For many years there has been discussion over the way the assignments have been made and Gil has attempted to construct some guidelines that will permit all equal opportunity, and also periodically publicize those holding priorities to next assignments. In view of the importance of this to the morale of our boaters, we are covering the new By-Laws as approved by the Governors at the last meeting, and they will also be included in the membership directory. This is another step in the continuing growth of our Club. *****

At their last meeting the Governors passed a motion that all skippers carry a life preserver for each person aboard and a suitable anchor with attached line during all official racing activities of the Club. From time to time, the Race Committee will require that all boats as they cross the finish line display their life preservers and anchor, and any boat failing to do so will be disqualified from the race. This is, of course, a safety measure which is designed to prevent accident, and not to cause added burden to anyone. *****

The Board of Governors elected to honorary membership at their last meeting Melvin J. Rebholz, Chief - Div. of Parks and Recreation and Paul Sarossy, Chief - Div. of Watercraft. We welcome these two gentlemen to our mailing list and we hope they will avail themselves of the privileges of using our Club. We hope to work with them in harmony to make Buckeye Lake a better public and private park for all of us. *****

* Remember, SPRING WORK DAY is Sunday, April 25. It is a fun day more than *
* a work day, so we hope that you will plan to be at the Club. *

The Board of Governors has approved the installation of a new foot bridge from the Towpath to the Island, which will have a concrete slab top. This will please the ladies, who have broken their heels, and will also relieve the necessity of constant repair. *****

We are also extremely pleased to announce that the Ladies Auxiliary is installing a concrete patio immediately in front of the front steps of the Club. It will be approximately 1,000 sq. ft. and will be very useful for dancing, sun bathing, lounging, and perhaps many other uses as well. We are deeply grateful to the Ladies Aux. for their continuing support of the Club's activities and for their desire to help with the constant improvement of our Club facilities. We hope both the foot bridge and the patio will be installed by May 1st. *****

The Nightingale Cottage party is to be held at the Club Saturday night, April 10. All club members are invited. Gladys Travis is in charge of selling tickets to Club members, so call Gladys and make your reservations. *****

The Commodore has spent much time and effort assembling in one official corporation minute book the proceedings of all of the Board meetings since 1960. This is a valuable asset to the Club in general, and to future administrations in particular. We are grateful to Paul for this extra effort on behalf of the Club. ***** George Offenberger announces that the new damper has been installed in the fireplace and is working properly. We are really getting things done to the facilities, so let's get more members to enjoy the Club. The more good members we get, the more we can extend our facilities and activities.

Dave Cox - Editor

Proposed by Gov. Martinez and Approved by Board Friday, February 12, 1965

It would be impossible to anticipate every situation in administering slip assignments. We have tried to accommodate those occurring most frequently. Situations that have not been anticipated will be resolved in the same spirit of fairness to all that we have tried to incorporate in the rules that follow.

1. The Governor in charge of docks and storage is responsible for assignment of docks or slips. Interpretation and application of the rules to specific situations shall be his responsibility. In the event that a complaint cannot be settled satisfactorily by the Governor in charge, the member may present it in writing to the Board at its next scheduled meeting for final decision.
2. Assignment of docks or slips will be based on:
 - a. Date of completed dock application form or letter.
 - b. Date of club membership.
 - c. Length, beam, draft of boat.
3. Some slips are more desirable than others. Preference to older members will be implemented by:
 - a. Members requesting a different slip must do so in writing. The date of this application effectively establishes priority over new members.
 - b. When a slip becomes available, the member with the oldest dated application will be offered the slip (except as qualified in 3d). He can refuse it without losing his priority. In this instance, the next applicant would be offered the slip and so on down the list.
 - c. Acceptance of a preferred slip cancels priority previously established.
 - d. Boats must be compatible with slips, i.e., to achieve maximum efficiency of our berthing facilities, we want large boats in large slips and small boats in small slips. This will be determined by the Governor in charge.
 - e. In an emergency, a boat may be assigned an incompatible slip, in which case it will be designated as temporary -- with no loss of priority -- subject to transfer at the discretion of Governor in charge.
 - f. Dry sailers introduce a consideration of boat weight compatibility, which will be decided by Governor in charge.
4.
 - a. A list of slip applicants and date of priority will be published semi-annually in the log and maintained continuously on the bulletin board.
 - b. All slip assignments -- both new and transfers -- will be posted on the bulletin board.
5.
 - a. A slip is rented to the person who has title of the boat using the slip. In cases of multiple ownership, boat title and/or registration will form basis of assignment.
 - b. Transfer or sale of boat does not include transfer of slip rights.
 - c. Mutually agreeable swapping of slips is subject to approval of Governor in charge and posting on bulletin board.
 - d. Installation of dry sailers is at the member's expense and liability for club property. Plans must be approved in advance. A dry sailer can be removed by the owner at his expense and liability for club property, returning the dock to its original specifications.
6.
 - a. New members are eligible to complete a dock application after election to membership. New members may not take slip possession until dock rent is paid.
 - b. No club member can rent more than 2 slips.
 - c. Dock rent must be paid by May 15 or dock will be assigned next eligible applicant.
 - d. New slip assignments after August 1st will be charge half-season rate. Temporary assignments will be prorated.
 - e. Docks temporarily not in use by members are subject to prorated rental and use by another member, as determined by Governor in charge, with acknowledgment of slip owner.
 - f. Boat owners must use assigned dock. BLYC reserves the right to move away boat at anytime, at the owner's expense, if they infringe on rights and/or privileges of other members.
7.
 - a. Boats and masts stored under the club or on club property, must have owner's name attached.
 - b. All gear incidental to storage must be removed immediately after launching or it will be disposed of.
 - c. Boats must be launched by June 1st or demurrage of $2\frac{1}{2}$ lineal foot/day will be charged.
