

Buckeye Lake Yacht Club

LOG

FROM THE BRIDGE ☆ ☆ ☆

OCTOBER, 1984

The elections are over and your new board and I have already eagerly begun preparations for the coming year. I wish to express my utmost confidence in all those who were elected to office.

There is much to be accomplished, as usual, with many projects, large and small, to be acted upon. I strongly believe that any and all endeavors during this next year will be in the best interest of the Club. On behalf of the Board of Governors and myself, we would welcome any suggestions you might have for the betterment of the Buckeye Lake Yacht Club.

The new Board of Governors are as follows:

Vice Commodore: Don White
Rear Commodore: Greg Alspach
Governors: Bob Boehm
Rick Fulgham
Don Hardy
Marty Headlee
Joe Kerr
Tim Ryan

Let us not forget the men who put forth their efforts, with the will and desire to serve as Governors, but were not elected.

Thank you gentlemen!

Fall is a busy time of year at our club. The Snowball

I Regatta will be held on October 6 & 7 and Snowball II will be held October 13 & 14. These regattas are not just for member and visiting sailors but are open to all club members. Make a point to attend one or both weekends.

Don't forget to mark your calendar for Sunday, October 21, which is our traditional Work Day (Fun Day). This day we all get together to secure our club for the winter months. Your efforts will be appreciated. Let us have a large turnout so that the projects will be easier for all. Lunch and beer will be served to all those who participate.

Coming in the first part of November will be the OSU Band Party. This is a fun evening for the entire family, especially if you are an OSU Buckeye fan.

Come out to BLYC - soon and often!

Thank you for the opportunity to serve-

Commodore Mike Jacobs

RACE AND REGATTA

Don White

Racing has slowed down at BLYC but some good racing is coming up in October. For those of you that missed the Labor Day Commodore Haggard Long Distance Race, Jim Dressel won it. The Juniors also won, getting well over \$100 from receipts on the wagers. You should have been there. See you at the Snowballs.

HOUSE, PORCH, AND GROUNDS

Gov. Tim Ryan

The summer has come and gone and with it a year of serving you as Governor in charge of House, Porch, and Grounds. I would like to take this opportunity to thank everyone who helped me throughout the year. Those who helped me the two work days, John Doneff who continually looks over the house day to day, and all of the other Governors I give a special thanks.

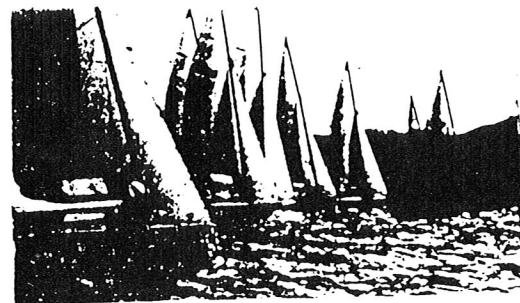

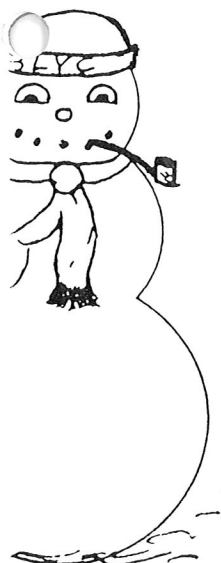

I have greatly appreciated the opportunity to be Governor of BLYC in 1984 and I'm happy to once again be able to serve as Governor in 1985. It was a very interesting and enlightening year and I'm sure that 1985 will be much more of the same.

It is my sincere hope that we, as a board, can continue what we started in 1984 and that we can uphold the values and ideals of BLYC throughout the 1985 year. I look forward with great anticipation to the upcoming year and working with Commodore Mike Jacobs and the Board.

Let us all enjoy the last remaining warm and wonderful days before cold weather.

JUNIOR TRAINING

Gov. Tom Erickson

The junior governor assignment has been very rewarding. It's been rewarding to work with the young people in the several different functions. We had a very successful spaghetti dinner and fund raiser which started us on the road to purchase a new Interlake for the Bemis team. I want to thank Comm. George Fisher for his efforts in arranging the purchase and Carl Kummeler for his interest-free loan which made the purchase possible.

We had a successful junior sailing camp during which the juniors were taught more about the craft of sailing. Hopefully they also realized that they didn't know all there was to know regarding knowledge of sailing and that they need to practice, practice, practice. I want to thank Amy Dressel and Karl Erickson for a well run and well organized sailing camp. I want to thank my wife, Carolyn, for providing the proper touch to help both the instructors where needed and the juniors where they needed it.

The junior sailing teams were significantly helped in their efforts by George Fisher, who presented his course on tactics and strategy of sailboat racing. The information must be mastered in order to be a winning team. Thanks to George for his unselfish contribution to the junior program. Our Bay teams did not bring home a first place but they did come home wiser and better sailors. Regardless of where they finished they will always be first in the hearts of BLYC families.

The junior sailoffs for the 1985 teams are in progress. They have completed seven or nine of the 10 races in the round robin series. And here is the frustration. This is the first year since I've been involved with the juniors that the winds have been too heavy rather than too light to sail. I want to thank the juniors and their families for their patience, but more importantly, I want to thank the race committee chairman, Gov. Don White, for his very great contribution of time and effort. I want to thank the Protest Committee, chaired by George Fisher, for being there when they were needed for guidance in the fundamentals and rules.

The junior program had a gaming opportunity around the Dwight Haggard Labor Day Long Distance Race as a means to increase the interest and make some money to help pay off the loan on the new Interlake. Through the generosity of most of the winners who contributed their winnings to the junior fund, we collected about \$170. Thanks to Gov. Don White who helped organize and collect the bets and to all others who helped and contributed.

All these activities could not have been possible without help from too many of you to enumerate. THANKS! You have made my year as junior governor a success.

As the outgoing junior governor, I would like to offer a few constructive suggestions, which I think will help the junior program run more smoothly in the future.

- ° I recommend that the next Governor in charge of the junior program form a committee to function as advisors to insure that: the juniors have the proper training and practice, the capital equipment necessary and properly maintained, and the sailoff program is properly administered.
- ° I recommend that a safety program be established to insure that the juniors know how to react in hazardous situations. An ounce of prevention is worth a pound of cure.
- ° I recommend that written rules be established for the junior program:
 - the level of effort required to successfully complete the several levels of competence, beginner, intermediate, and advanced sailing.
 - all junior sailing team members participation in the junior sailing camp.
 - the level of commitment required to participate in the Bay week activities as representatives of BLYC.
 - the conditions under which juniors should be expected to sail in the junior sailoffs.
 - the amount of adjusting parents and adults can make to the race equipment.
 - the mechanism for assigning BLYC boats to a responsible parent, their obligations and privileges.
 - the rules and penalties for juniors who use borrowed boats.
 - the usage and maintenance of the junior room.
- ° I recommend more suitable sailboats be purchased for the use of the beginner sailors. Current FJ's should be traded for these new boats. This was the highest priority item recommended by the junior training instructors.
- ° I recommend that a new Laser dock be added to facilitate the use of the new Laser racks.
- ° I recommend a suitable docking facility be established for the new Interlake.
- ° I recommend that new lockers be constructed for the storage of Laser sail equipment.
- ° I recommend that the club provide the junior program with a suitable powerboat to facilitate the safe operation of the junior program including crashboat, markboat, hailing boat, and transfer base for changing boats during round robin race series.
- ° I recommend that a BLYC member acknowledge responsibility for nonmembers before they are allowed to take junior sailing camp.

LADIES AUXILIARY

It's been a very good year! Blinds and draperies were purchased and installed in the dining room. Couches were re-upholstered and chairs cleaned in the Commodores Lounge. The showcase showed a profit of \$1143.92 plus a fully paid inventory of \$3596.50. The bank account balance is \$2498.49. Any project ideas?

On to a new year. Pat Forster took over the presidency from Phyllis Flynn at the annual meeting. All the new officers were unanimously elected. In addition to Pat, Ginny Fulgham was elected Vice President, Carole Donnelly was elected Secretary, and Lorraine O'Donnell was elected Treasurer.

We will be trying some new things this year. Ladies Auxiliary members will no longer receive cards about the meetings. The cost of printing and mailing them makes it prohibitive. We spent almost \$600 on this last year and we are sure you will agree this money can be better spent.

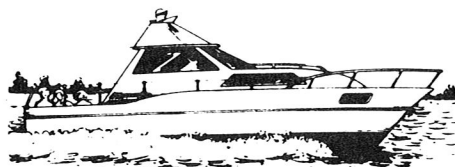

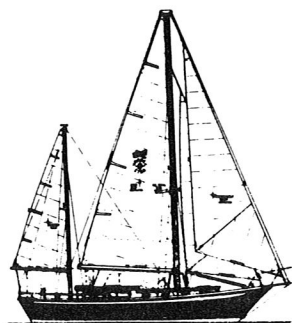

We need your help to remind one another of up-coming meetings. Put it on your calendars. The meetings in October, November, December, March, April, and May will all be on the second Tuesday evening of the month. You will be receiving a letter with the dates and times, menu prices and any programs already planned.

We are going to have a program, such as a speaker or entertainer, at each meeting. We need your support and participation to make this endeavor a success. Please plan to attend the meetings. We don't need a larger membership, just more participation from the present one.

Dues are being collected. They are still \$10.00. Old members and any ladies wishing to join, send your check to:

Lorraine O'Donnell

Thornville, Ohio 43076

All wives of BLYC members are eligible to join the Ladies Auxiliary. Please do. We need you.
