

# Buckeye Lake Yacht Club

October 1993

## FROM THE BRIDGE ☆ ☆ ☆

Another election is now part of our Buckeye Lake Yacht Club history. A few good men (twelve to be exact) ran outstanding campaigns, but when the ballots were counted, eight were elected who will unselfishly give their time and experience to help the Club prosper.

Results of the election and assigned areas of responsibilities are as follows:

Vice Commodore Marque Debenport	House & Grounds
Rear Commodore John Sproat	Bar & Kitchen
Governor Steve Rehbein-Beeson	Race, Regatta, Jr. Sailing
Governor Jim Fedor	Entertainment
Governor Dwight Joseph	Log
Governor Tim Ryan	Off-Island Maintenance
Governor Dick Wolf	Membership & Directory
Governor Fred Wright	Rentals & Docks

In addition to the above, the Board of Trustees includes:

Commodore Eddie Gaiser  
Commodore George Conrad  
Commodore Jim McBride  
Commodore Greg Miller  
Commodore Al Wing

I want to acknowledge Frank Foster, IV and Tim Kellogg who decided not to run for the board this year. Their presence and talents will be greatly missed. Next I want to personally thank Dick Manifold, Dan Kerr, Stone Parker and Tully Rogers for their fine effort while campaigning.

Commodores White, Wing, Miller, Conrad, McBride, Foster, and Wuellner supported and graciously introduced their candidates. Hollywood could use the talents of Commodore Conrad as Master of Ceremonies! I would also like to thank Commodore Bob Boehm as Senior Trustee. He did a commendable job. Now we welcome Al Wing as our newest trustee.

Don't forget to sign up for your photo session for the updated pictorial directory. See Frankie at the Club for details. And since we have a German Chef, it wouldn't seem right not to take advantage of

**Commodore

his culinary skills, so guess what? We're having an Oktoberfest October 8, 1993, so call the Club for reservations. And don't forget to come out to the Club on Sunday, October 17 for the Fall work day. Even though it's called work day, we always have a lot of fun and a free lunch!

Congratulations to Gene Kenny as our 1993 recipient of the Heber Award. In the twenty years Gene has been a member of the B.L.Y.C., he has always been there to help. His award was well deserved.

As I said at the Annual Meeting, 1992-93 was a year of change for the B.L.Y.C. I plan to continue, with the assistance of the new Board of Governors, to enhance the changes and maintain the consistencies established by former Commodores and their Boards, and emphasize the uniqueness of our Club, educating the membership and promoting Club traditions, including a plan to further develop the sailing program.

*continued next page.*

*Commodore, continued*

Finally, I want to thank Commodore Al Wing for a year of fine leadership, interesting changes, and his support of each board member. It was a successful year at the Club in many ways due to Al's never-ending energy, and now Al can enjoy a calmer role at the Club as trustee. I wish Al and his wife, Linda, a year of phone-call-less nights, blank, unmarked calendars, and time to putt away!

Please come out to the Club and sip, sup, and sail!

*Steve*

## Would you like a free 8x10 color family portrait?

Just one trip, no need for a return visit to view proofs. We need your cooperation to be photographed. The more members we have the more free directories your Club gets.

Dear B.L.Y.C. Member,

Do you have a problem putting the names and faces together when you visit the Club or meet members at other locations? Well, I know I do. That's why we are going to put together another, updated Membership Directory.

The Portrait Studio Of Tomorrow is coming to our club to photograph your family for our new directory! This portrait studio enables you to be photographed and select a pose for the directory with the opportunity to purchase portraits in one visit to the Club. (No more return visits to view your proofs.)

The directory will contain family pictures and an up-to-date roster. Remember, you will receive a free 8 x 10 natural color portrait for viewing your poses with the Portrait Consultant and selecting one for the directory.

We hope all members will take to time to participate in this important project. Can we count on you? Remember, your family portrait will be taken and delivered in time to use as holiday photos.

Sincerely,  
Steve Schilling,  
Commodore

## ENTERTAINMENT

Being in charge of entertainment this year, we had twenty scheduled parties with music and still came in on budget. I have completed the 1993-94 schedule of events and have booked the bands for the following parties:

OKTOBERFEST	OCTOBER 8, 1993
OSU ALUMI	NOVEMBER 6, 1993
NEW YEAR'S	DECEMBER 31, 1993
DANGER BROTHERS	JULY 30, 1994

Commodore  
Steve Schilling

We are also planning another big-name entertainment party for August.

I want to thank all the Governors for their help this year, especially with Phil Dirt and the Danger Brothers. I also want to thank Tim Kellogg for loaning the Club tents for many parties and for donating the tent set up in the grassy area behind the Club for our get together after the meeting. I'm sure we will get a lot of use out of the tent.

For the photo shoot, we had 95 sign up for photos for our updated directory to be distributed May 1, 1994, at the semiannual meeting.

*Steve*

## MEMBERSHIP DIRECTORY

Please welcome our two newest membership applicants, Chris Georgeff and Robert Jordan.

Chris and his first mate Dolores live in Gahanna. Chris is a jet pilot. He belongs to DCSC Officers' Club and the Hump Pilots Assoc.

Robert and his wife Monell live on the North Bank. They enjoy piloting their pontoon boat on Buckeye Lake.

I have enjoyed serving as the Membership Governor and appreciate the opportunity to serve you again this year.

Rear  
Commodore  
John Sproat

# The Way We Were

Comm. Frank Foster, Historian

Commodore Schilling requested a condensed history of BLYC for printing as a series in The Log. Great idea. However, I thought we might begin at the very beginning, long before 1906 when the yacht club was founded. After all, much of what we, the club and the lake are today results from the way the area was in the past. This series is mostly condensed and plagiarized from the Great Historian and 1954 Commodore of BLYC, Kyle W. Armstrong. My additions will be apparent from their obvious bad taste.

## EPISODE 1 - GEOLOGY - THE EARLIEST BEGINNING

In the beginning God created the heaven and the earth. He rested on the seventh day in order to contemplate the appropriate location for the Buckeye Lake Yacht Club. From time to time thereafter, the land surfaces repetitively rose and eroded and were swept and shaped by glaciers. Surface contours came and went. Millions of years ago a river was formed and flowed generally along the course of the present day Licking River but in the opposite direction. However, some ten or twenty thousand years ago the most recent glacier bulldozed in from remote northern regions covering that ancient river with earth and rocks brought along from the north country. The old river bed still lies about 300 feet below the surface, its valley filled with the glacial debris and providing a reliable source of well water for us.

A high plateau existed in the area and checked and diverted the glacial ice flow along a ragged line passing through the region. Licking hills, now plainly visible at the east end of Buckeye Lake, are the remains of a headland in the plateau. A deep depression was

formed at the foot of this headland. The waters of the melting glacier flowed into that depression to begin the formation of the lake.

Glacial water and precipitation went to work on the basin and shore line, radically and variously altering the land, carving new valleys and deepening depressions in the glacial drift. Rains, melting snows and frost gouged new ravines in the adjoining plateau. The water carried debris into the lake raising her water. The lake overflowed, cut its way through to adjacent depressions and valleys to the northwest. The tributary valleys and ravines continued the flow, alternately filling basins and spilling out to carve new basins. The alternating erosion and silting continued in a repetitive manner still progressing today.

As the region warmed and the glacier receded to the north, the climate grew milder, the land gradually lost its bleakness and the shores and surrounding hills, plains and valleys became covered with a vast wooded wilderness, filled with deer, wild pigeons, turkeys and other creatures. The shallows and marshy fringes were blanketed with lush aquatic and semi-aquatic plant life and the deeper waters became populated with fish and amphibia.

Aboriginal tribesmen visited the lake beside a trail extending from the Ohio River to Lake Erie. They named her the Big Pond. Surrounding her were wide marshy areas which together with the Big Pond they called the Big Swamp. The area teemed with varied wildlife of waters and forests. Here the tribesmen tarried for food and refreshment, before porting their canoes from Great Bend in the South Fork of the Licking River to Walnut Creek of the Scioto. [consult your map, students] We have arrived at the mid-1700s. Next month: Episode 2 "The European Settlers Arrive" (and dream of sailing at BLYC).
