

Buckeye Lake Yacht Club

November 1993

FROM THE BRIDGE ☆ ☆ ☆

**Commodore
Steve Schilling**

Balmy breezes brought many sailboats to the Buckeye Lake Yacht Club for the Snowball Regatta held the first weekend in October. With thirty-three boats from five classes, it was another successful regatta! I want to thank the people who, once again, devoted their weekend and expertise to this Club event. Make sure you read Governor Steve Rehbein-Beeson's article for a complete report. In addition, our club manager, Frank Foster, IV, kept the regatta crowd well-fed and content, and volunteers from the B.L.Y.C. Ladies' Auxiliary provided hors d'oeuvres for the Saturday night

party. Thank goodness we have so many people at the Club willing to give of their time and talent.

Speaking of talents... if you attended the B.L.Y.C. Oktoberfest, you might have said, "Ach du lieber!" What started out to be a "small" Friday night party to boost photo session attendance, turned out to be a record-setting dinner party at the Club! Approximately 250 people enjoyed the duo, Squeezin' N' Wheezin' before dinner, and during dinner (thanks to Loren Briggs) listened to the harmonious voices of the Newark Maennerchor. The Mike Farrenkopf Band on Tap got everybody off their seats or tapping their toes, but the real toe tapper of the evening was the unbelievable buffet dinner. Chef Hans and his wife, Betty, were the official host and hostess, and the food prepared in the little American B.L.Y.C. kitchen was officially German! Thanks, or I should say "Danke" to Hans, Betty, and Frank and his crew for putting together this event (hopefully annual). If you missed this party, you not only missed some of Hans' best cooking, you missed out on his singing debut at the Club!

Our directory committee consisting of Peg Beeson, Topsy Harbold, Jackie Keiner, and Governor Dick Wolf, continues to schedule photo sessions for members and their families. When one of these gracious volunteers gives you a call, please schedule a session and be a part of the new Club Directory.

The first Bridge party was almost a full house (excuse the pun). Sixteen Bridge players came out to the Club on October 10 thanks to the efforts of Barbara and Fred Diewald.

Vice Commodore Marque Debenport hosted a very well organized and productive Work Day in October. Once again the Club is ready for the cold winter months to come.

And speaking of winter, don't let a little cold weather keep you away from the B.L.Y.C. Governor Fedor has a busy agenda planned during the turkey season — the O.S.U. party and a Thanksgiving Ice Breaker. At the suggestion of Commodore McBride, we'll have an O.S.U. vs. Michigan Tailgate Party on November 20. Barb Diewald is also planning more "hands on decks" (excuse that one, too) for Bridge on Sun-

day, the 14th. Please make use of the twelve month schedule of events Governor Joseph has included in this issue of the Log to help make your November and the following months a lot more fun!

I want to thank President Diane Koman for inviting me to speak at the October Ladies' Auxiliary meeting. The dinner was delicious and the company was enjoyable. I appreciate that opportunity and hope they enjoyed my presentation.

The first board meeting for 1993/1994 was held last month, and the first item on the agenda was to develop an operating budget for the coming year. I am happy to report the Trustees approved this budget and we are ready to go.

Please read carefully the 1994 B.L.Y.C. appointments and note the new Bar & Kitchen Advisory Committee and the Article One, Membership By-Laws Revision Committee. The appointment of these new committees, along with the Long-range Planning Committee, gives your board direction regarding the future of the Buckeye Lake Yacht Club.

Connie, Fritz, and I wish all of you a Happy Thanksgiving.

Please come out to the Club and sip, sup, and sail!

Steve

Meet one of our employees

"This 'n that"

from the Editor

Governor
Dwight (Joe)
Joseph

Thanks goes to those members who voted for me in the Annual election of Officers (I think!).

As you can see, I have made several changes in the format and some in content of the Log. It is my hope to make this and future Logs one of, if not the best publication you receive. I hope you like the new look. Let me know what you think.

This column will be open to all suggestions, questions, opinions and ideas regarding the Club and the Log, so don't be bashful. Send your letters to the Editor at 4427 North Bank, Millersport, Ohio 43046. Our press deadline is the 20th of each month, so if you don't see your letter and/or answer, it should show up in the following month.

Attention all advertisers: The Board has decided that effective January 1st, there will be no business card ads in the Log. This is due to the fact that the business card ads take up two and a half pages of valuable "real estate" and the revenues from the same do not support the ad space. We discussed raising the fees, but felt it was better to "clear the decks," so to speak and address new rates at a later date if it appears that it might desirable to solicit ads again. In the meantime, it was suggested that you advertisers might be interested in sponsoring flyers which would include your advertisement. If that appears interesting to you, let me know. If a lot of interest is shown we will discuss fees at the board meeting and I will advise you in a future column.

Hope to see you

Joe

Bar & Kitchen

Rear
Commodore
John Sproat

I want to thank all of you for your support in electing me for another year to serve as governor. I also appreciate greatly the opportunity to serve as your Rear Commodore. During the past year, many changes occurred at our Club. This year is the year to fine tune these changes to insure that the bar and kitchen continues to provide the highest quality of product to members and their guests at a reasonable price.

Our recent Oktoberfest held at the suggestion of Chef Hans was a tremendous success. We were luckily able to use the front porch as a food service and seating area to free up space inside the Club. As we move into the winter, this option may not be available. Therefore, it is vitally important that members who plan to come to our special events make reservations well in advance.

Commodore Schilling and I are in the process of forming a Bar and Kitchen Advisory Committee. This committee will address the issues of how the bar and kitchen operation can best serve the Club members. If you have any suggestions, criticisms or hopefully compliments in the coming months, please let me know about them.

I'll be seeing you at the Club.

I have been asked by the ladies to request that when putting up notices, flyers, etc., you please refrain from sticking pins or scotch tape on the wall paper. In an effort to accommodate this request, you will note that one of the tasks accomplished on Work Day was to re-install the Ladies Bulletin board in the entry foyer. See you at the Club

Ladies' Auxiliary

The meeting was called to order by President Diane Koman. The Treasurer's Report and minutes of the last meeting were read and approved.

Mary Lou Morris reported that the money donated by the Ladies Auxiliary would be pooled with the 19th Hole Club and pine trees will be planted along number four tee at the Harbor Hills Country Club in memory of Ginny Sherrard.

Committee Chairpersons for 93-94 were reported as follows:

Ways and Means	Ginny Conrad, Nancy Pugh, and Lois Holler
Raffles	Janet Holms
Showcase	Jan Kaylor
New Members	Lois Rosser
Menu	Julie Cooper
Regatta	Diane Koman, Phyllis Rogers, and Kay Wolf
Children's Christmas	Joan Ford
Easter Party	Joan Ford
Auditing	Marge Dunnington
Nominating	Terry Kochensparger

Old Business: Marge Dunnington reported that the books for the 92-93 year balanced and were in good order. Jan Kaylor showed some of the new merchandise that is in the showcase. It was suggested that a price list be posted on the side of the showcase.

President Diane Koman thanked the members who donated hors d'oeuvres for the Regatta. Thirty-two boats participated in the event. Pat Kaiser asked that members who do not have time to prepare food, but wish to support their organization, be allowed to make a donation to be used to purchase hors d'oeuvres for such events.

New Business: Helen Waite asked that the bulletin board that was made for the ladies be put in a convenient location and reserved for our use. President Diane said she would see to this matter.

Rosalind Miller was welcomed as a new member.

Some discussion was given to the on-going remodeling of the club and a date will be set for a meeting with the decorator.

The hostesses, Jo Fry and Helen Waite, were thanked for the lovely mums that decorated the tables and were later raffled.

Commodore Steve Schilling spoke to the members concerning some of the goals and objectives for the coming year. He stated that bringing junior sailing back to the club would be high on the list of priorities. The budget will also include money for cleaning personnel on a regular basis. He asked that members bring needed maintenance to his or John Sproat's attention.

Respectfully submitted,

Mark your calendars and make reservations for our next meeting:

The Dartmouth Yacht Club

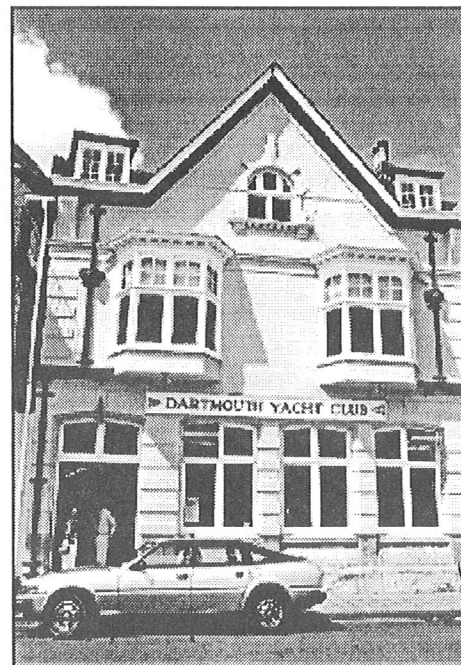

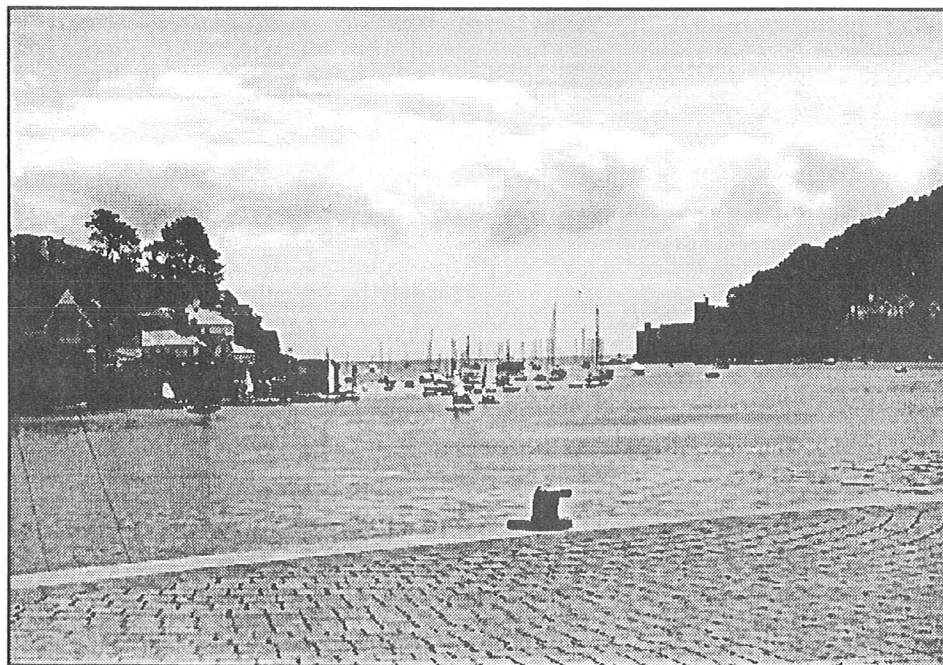

While in Britain we journeyed to the southwest coast, better known as the English Riviera. Decidedly, a visit to the Dartmouth Yacht Club was very interesting. Sitting in the lounge the view of the magnificent harbour of Dartmouth greeted us with the guarding castles of Kingswear and Dartmouth on opposing emerald hills. This harbour sports war ships, cargo vessels, cruise ships and pleasure craft, overseen by the Britannia Naval College. It was here in 1190 that Richard I's crusade to the Holy Land began, and in 1944 American troops embarked for the invasion of Normandy.

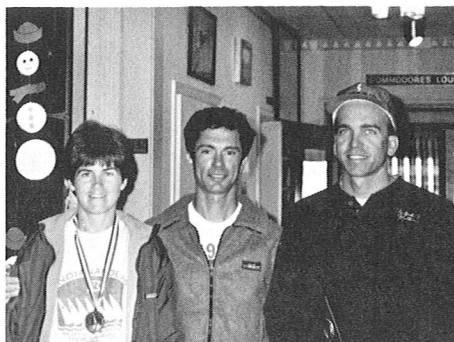

As the members gathered around the pub the President explained that their Club had 3 interests; sailing, power boating, and caravanning (motor homes for seniors). He apologized for the Commodore not being present, explaining that he was on the Sick Roster. He had sailed his boat to the Channel Islands and it had sunk!

We hope our club enjoys the Dartmouth burgee.

EPISODE 2

THE EUROPEAN SETTLERS ARRIVE

In 1751, a generation before the Revolutionary War, the first European known to have seen the Big Pond was Christopher Gist. He camped on its shores, fished its waters and trapped in its enveloping marshes and forests.

After that war, the young federal government set aside the Refugee Tract, running along what is now refugee road for about 40 miles east from the Scioto River and about four and one half miles wide, to reward refugees from Canada and Nova Scotia and their widows and families for their volunteered aid to the Colonies in conflict with the British and therefore no longer welcome north of the new border. The area of the Big Swamp and its Pond, about mid-way across the Tract, was surveyed by

Elnathan Schofield. He completed a map in 1801 which showed the pond in the middle of the swamp to be about five miles long with an average width of about one sixth of a mile. The swamp itself followed very roughly the present shoreline of Buckeye Lake. The pond's outlet, which the aboriginal Indians called Mingo Run, was, according to Comm. Armstrong's text, in about the same location as the new dam just to the west of the yacht club on the north bank. However, his map puts it about where the yacht club is or even slightly to the east.

The refugees came and had settled about a third of the tract, including some of the shores of the Big Pond, by the time the map was completed in 1801, two years before Ohio became a state. Most of the settlers selected hill sections for their future homes avoiding the malaria-like fever of the swamp. Some, however, were more courageous and perhaps more romantic. They braved the mosquitoes to be near the Big Pond.

Among the settlers were people whose names still live to mark places around the lake. In 1820 Thomas Minthorn built a log cabin just north of Minthorn bay. From his doorstep he shot wild turkeys robbing this corn patch in the clearing. He killed deer in the surrounding forests. From one of his

big trees he burned and hewed a dugout canoe from which he fished in the Big Pond. But his principal occupation was clearing and farming his rich land. The soils were deep and fertile. Where they could be readily drained, such as between the Big Pond and the South Fork of the Licking River, the marshy areas were converted to workable black muck high in productivity. Crops in the region were tremendous.

By the time Ohio became a state in 1803, much of the land around the Big Pond had been cleared for agriculture. Produce from the fields, forests, marshes and waters was much beyond the needs of the sparsely populated region. There was more than enough to fill the requirements of small processors and manufacturers in the area who could use these raw materials. There were surpluses. But with all this abundance the people had to wear homespun, buckskins and other homemade, crude frontier clothing. Their buildings, furniture, utensils, tools, and everything needed to eat, drink, wear and use were home grown or home made or produced locally, except the old worn out articles they had brought with them from their old homes.
