

Buckeye Lake Yacht Club

FROM THE BRIDGE ☆☆☆

September 1995

**Commodore
Marque Debenport**

Labor Day is upon us and the summer season once again draws to a close. We had a very good Crystal Ballroom party, one of the best. And as one member put it - "it was a party like the Club used to have!". There's just something about white tablecloths and a big band sound. A big thank you to Vice Commodore Sproat for organizing the party? Governor Foster for the stage, Governor Oliver for the Buildings and Grounds support and Hans and the staff for making it happen. And we mustn't forget the Luau and the Wooden Boat Show and Jazz Festival. All class events for a memorable August.

September brings us a new Club year starting with election of Board members and the Annual Meeting on the 17th of September. As usual, the election campaigning will begin two

weeks before the event and will culminate with the Election eve Dinner on Friday the 15th and the election party on the porch the morning of the 17th. This event is always enjoyable, so don't forget to come out and vote for the Board candidates of your choice for the coming year.

As I look back on the year, I am struck by two things -

First, the speed with which the year went by. It seems like only yesterday that we were getting ready for the New Years Eve party, and now we're looking at a new election. Wow, time goes fast when you're having fun.

Second, the great support I got from my Board, the Trustees, and the membership in general. We got strong participation from the membership on our two work days, and on numerous projects during the year. The guidance and the patient support provided by the Trustees to a relatively new and inexperienced Board was greatly appreciated. As for the Board, I have not ever worked with a finer group of dedicated, hard working guys in my life. In particular, I wish to thank my two flags, Vice Commodore Sproat and Rear Commodore Wright for the fine jobs they did in the Entertainment and Bar & Kitchen jobs - both demanding assignments, Mike Oliver for an exemplary job in House and Grounds, Frank Foster for a great Off-Island Maintenance effort, Dick Manifold for aggressively attacking the Rentals problem, Emil Klein for a very successful Log year and Walter Grubb for a superb Junior Sailing program. I

have lead more than a few group efforts in my time, but in none have I experienced the spirit of cooperation and support given by this Board and in none have I felt the personal satisfaction of this year as Commodore. I must not forget the excellent performance of Hans and the Club staff. We too often forget that the Board is largely a policy making group and it falls to the Manager and his staff to 'make it happen'. And we have a particularly good staff. My thanks to them all for a job well done and in particular, my thanks to Andrea Rogers for her invaluable help in bringing the new computer system on line. Last, and most important I wish to thank my wife, Phyllis, for the patience, quiet support, lonely evenings and abiding confidence in me which made it all possible.

It has been my pleasure to serve as your Commodore this year and to work with all those whose object was a better Club. And a final promise - I will not become a disappearing Commodore. You can expect to see me at the Club frequently during the coming years. After all, Old Commodores never die. They just sit at the bar and drink Red Dog.

See you at the Club

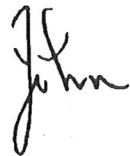

Entertainment

It seems almost unbelievable, but this is my last article as Entertainment Governor. In the words of Frank Sinatra I believe it was a "very good year." I want to once again thank all of the volunteers who helped make it so.

Please mark your calendars now for the Oktoberfest to be held October 6th and 7th. We will be featuring German food and bands in abundance. An added attraction this year is the Snowball Regatta which will be going on all of that weekend. Our annual Halloween Party follows on October 28th and the ever popular OSU Band Party will be held on November 4th.

Please be sure to come out on the Election Eve Party to be held September 15th and Election Day September 17th. If you all support the rest of the Governors as you have supported me in this past year, I know the future of our Club will be secure. Thanks for everything.

See you at the club!

Vice Commodore
John Sproat

From the Editor

As my year as Editor of the Log comes to an end, I wish to thank everybody for the support they have given me to get the publication out in a timely manner. Also, thank you to the people who supplied pictures of events, especially of those I was unable to attend.

Governor
Emil Klein

Bar & Kitchen

This is the last report that I, as Rear Commodore in charge of bar and kitchen, will make. I'm happy to say that the year-end report should show a positive cash flow. This financial report will be distributed at the Annual Meeting.

I want to thank the members, Hans, and the Staff for making this a successful year. Hans was appointed Manager last September and I thought it would be fitting to interview him at this time. I met with him on August 18th and asked him four questions.

Fred Wright - "After one year of being the B.L.Y.C. Manager, what would you like to say to the members?"

Hans Kamphowe - "I would like to take this opportunity to express my thanks and gratitude for the overwhelming support from the members in making this a successful year. Your kindness and understanding are very much appreciated by both Betty and myself."

Fred Wright - "What in particular could the Club do to help you improve the food and service?"

Hans Kamphowe - "As you probably know already, the planning and finalization of the bar and kitchen remodeling, (in particular the addition of a walk-in freezer and cooler), will greatly ease the handling of food and beverage service. Additional folding tables and chairs would help greatly in meeting our needs to accommodate everyone comfortably at special events."

Fred Wright - "There have been some comments relative to improving service. Would you care to comment on this?"

Hans Kamphowe - "Any service problems related to scheduled events on busy nights will certainly not be repeated. This first year has been and still

Rear Commodore
Fred Wright

is a learning experience and again I appreciate your patience. The greatest problems to the staff and myself is the reluctance or forgetfulness by some members to make timely reservations. A table of four may not seem much to add on at short notice - but if twenty members decide to do this and they have, I might add, the situation becomes critical. I know the internal workings of a club or restaurant are of no or little concern to customers or members, but when we get only a once-a-week delivery from our major suppliers, and that order is placed on Wednesday and delivered on Thursday, there is little or no chance to purchase wisely for the additional needed supplies.

The second part of the difficult task - to serve a maximum number of members within a short time - deals with the considerable number of members congregating in the lounge and then deciding at one point to all sit down and eat together. With two servers, one cook, and myself, it is at times a difficult challenge to meet."

Fred Wright - "What is the final statement you would like to make to conclude your first year?"

Hans Kamphowe - "I think at this time it is also appropriate to thank my staff for their unselfish and untiring efforts to satisfy the wishes of the members and to perform their numerous duties to my satisfaction. Thank you." - Hans

With the commitment of great food and good service by Hans and Staff and a year of experience under their belts, I think the members can look forward to an even better year next year. We all work for the benefit of the members of the Club.

ON THE LIGHTER SIDE

OTHER NECESSARY NAUTICAL TERMS
PORTHOLE—A hole in the left side of a boat— or is it the right side?

Rentals & Docks

Can you believe it, a year has passed already since our last election of governors? It has been a good year and I have enjoyed working for all of you.

Because of all the interest in boat slips and trailer and boat storage at Eastport I have had personal contact with many of you.

My only regret is that we can not accommodate more members with their choice of docks. If the State gets their sea wall project completed, the club can then move ahead with some dock expansion plans.

You may not see much difference in how the docks are being handled, but we are moving toward more strict enforcement of the rental and use of the docks we have. The first step was to update our knowledge of who belongs to what boat. The cooperation from the boat owners, by furnishing a copy of their boat title or registration, is going well. Those who have not complied please do so.

Next season look for enforcement of the dock usage rules. The Board of Trustees has volunteered to help the governor in charge to enforce the rules.

In a short time we will be thinking about putting our toys up for the winter. Space at our Eastport storage lot will be available. No! Eastport is not a free place to park your trailer. We are obligated to pay taxes on that area as well as maintenance so it is not a free ride. Space is assigned by the numbers located on the fence behind the spaces.

Stainless steel tags are being issued to the renter of the space. The tag number is the space number. Please see to it that the tag gets put on the hitch area of your trailer or if no trailer put the tag

Governor
Dick Manifold

on the boat or whatever you are storing. Items with no tag will be subject to removal.

Speaking of removal, there are a few boats and trailers being stored that do not appear to have been used or for that matter even looked at for quite a while. Please consider having them removed. It will free up spaces and make the area look better.

I will end my report by thanking all of you for letting me serve as your governor. I will do my best to pass along what I learned this year so that the future will bring you better service.

Dick

Race, Regatta & Jr. Sailing

The Buckeye Lake Yacht Club Sailing Camp was held for four weeks this summer. There were two weeks of beginning sailing, one week of intermediate sailing and one week of advanced sailing. There were thirty-one sailors this summer. Sailors already are inquiring as to how they can sail for BLYC in the I-LYA regatta at Put-in-Bay next summer.

Congratulations are in order to the Junior Thistle team of Walter Grubb, Nick Rader, and Jeff Robb for their first place finish in the Commodore series at I-LYA Junior Bay Week. Walter and Nick also represented BLYC at the National Junior Thistle Regatta that was sailed at the Cleveland Yachting Club.

The Snowball Regatta is scheduled for the weekend of October 6, 7, and 8. Races are scheduled for the Lighting, Thistle, Lido, Interlake, Laser, FJ, and cruising classes. We are in need of help for various jobs during the weekend. If you are able to volunteer to help please drop a note in my box.

Governor
Walter Grubb

The Labor Day long distance race is scheduled for Monday, September 4, 1995. The half-hour gun will sound at 10:30 a.m. and the start will be at 11:00 a.m. I would like to see many boats on the line. As always the race finishes will be adjusted according to Portsmouth handicap system.

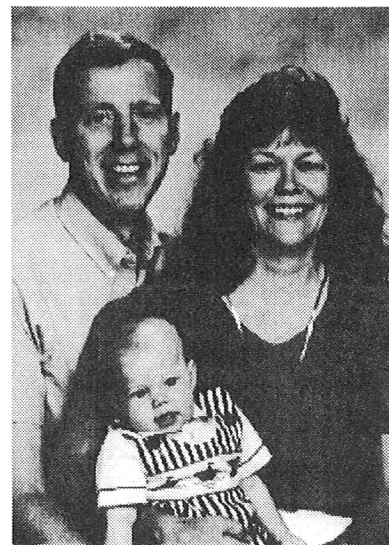

Walter

Membership & Directory

At the August meeting of the Board of Governors Charles H. Bendig was accepted into membership. Charles' wife is Marylee and they live in Groveport. Charles is an attorney with Wilcox, Schlosser & Bendig in Columbus. He enjoys sailing, and has an ice boat as well as a Highlander. Please make Charles and Marylee welcome.

Governor
Dick Harbold

Charles and Marylee Bendig

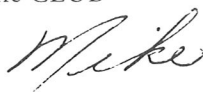

We had a first reading for Richard Bennett.

Dick

House & Grounds

Well the summer is winding down and the children are on their way back to school. The SWIMMING pools all around are closing for the season. The BLYC pool will linger open for a short period while the necessary touch up paint is gathered to repaint the spots that came loose during the summer. There are some areas of grass dying which may be caused by insects under the surface. Ground treatment and seeding are being done. The gutters were cleaned after the heavy rains shown there was some areas blocked and overflowing the gutters. There is some water leakage in the southwest corner of the dining room which is in need of repair and the roof shingles on west side are in need of replacement and should be done with the work proposed for the kitchen roof area. One of the support columns under the dining room has severe decay where water has sit on the concrete pier. This is being taken care of currently. The blower motor in the kitchen exhaust hood expired on a lovely Sunday afternoon and a new motor was installed on Monday. We apologize for any inconvenience this may have caused on Sunday evening. The steps on the East end of the front porch are in need of replacement and should be taken care of during the installation of the rear exit steps. The restroom exhaust fan in the ladies restroom and the men's second floor restroom are currently being replaced due to bad bearings. The exhaust fan in the beacon light tower is also being replaced as the motor stopped working on that fan and parts were not available for repairs.

See you at the CLUB

Governor
Mike Oliver

Off-Island Maintenance

The BLYC year is drawing to an end. Over the past year there have been several projects under my supervision that have been accomplished.

The lights on the entry pillars were constructed and paid for by Jess Howard and Chuck Huffer. The split rail fence was installed at the entry to the parking lot. Several flower beds were installed at the entry also. The fence between the parking lot and the bank was cleaned. Other additions to the parking lot include; the rope installed between the tree as a parking barrier, an extra handicapped parking space, the removal of the old tree stump at the ramp, and two loads of both gravel and topsoil.

It has been a pleasure to serve on the Board of Governors with such fine people. I hope to continue to be able to serve on the Board again next year. A special note of thanks goes to Commodore Marque Debenport for his dedication of time, effort, blood, and sweat to the BLYC way over and above the call of duty.

Thanks for a Great Year,

Governor
Frank H. Foster IV

Cox home. Our servers were Bob Baughman, George Conrad, Gene Kenney, and Al Wing.

Special thanks to Mary Lou Morris - tickets, Laura Donnelly - flowers, Jane Kenney - tables, Donna Hoover and Betty Eifinger - gifts, and Hilde Hildebrandt - ticket sponsor.

NOMINATING COMMITTEE'S REPORT

The Nominating Committee, composed of Jane Kenney and Phyllis Flynn, hereby present the following list of nominees for the 1995-96 year.

President Kathy Brussee

Vice President Joan Martensen

Secretary Mickey Schneider

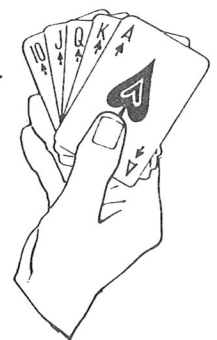

Treasurer Judy Klein

The election of officers will be held on Sunday, September 17th, at 2:00 p.m., following the breakfast on the porch, (by the B.L.Y.C. candidates). Don't forget to come to the Club on Election Day!

CARD PARTY

Notice to all
members,
especially
newer
members

In the event you do not know, there is a Card Party every Friday night at the Club - (assuming a quorum). It takes place in the Commodores' Lounge and generally begins around 9:00 p.m.

For more information call
Jim McBride at 344-1327 in Newark,
Frank Foster Sr. at 687-0797
in Lancaster
or contact the Club Manager,
Hans Kamphowe at 929-9941.

BLYC Ladies' Auxiliary

REPORT ON CARD PARTY LUNCHEON

Our thanks to Casual Corners of Newark for the beautiful fashions worn by models Phyllis Flynn, Diane Koman, Connie Schilling, Nancy Schmittauer, and Margene Lambrecht.

We served 141 lunches - the hit of the day being the ice cream flower pots created by Mary Lou Tussing in the

'TWEEN THE TREES CRUISE 1990 THRU 1995

by Mary Lou Tussing & Whitt Tussing

Having just returned from the annual Homer Tussing Memorial Cruise, we were asked to recount the progression of events

Mary Lou Tussing

which led up to the first "Tween The Trees Cruise". That cruise came into being in 1990 during the period in which George Conrad was Commodore and he appointed Homer Tussing as Fleet Navigator. Jim McBride was the Vice Commodore, and as such was in charge of Fleet events. Both Jim and Homer thought it would be a great time to arrange a boating excursion with a group of B.L.Y.C. boaters. It was decided that this trip would take place on the Ohio River. When someone asked how one navigates on a river, Homer's response was "Just keep it 'tween the trees". Thus, the annual event was born.

The first trip originated in Pomeroy, Ohio, where we put in on the Ohio River. Saturday morning we set out for

Marietta where we spent the night and ate at the Lafayette Hotel. Sunday we returned to Pomeroy and home. Great fun!!!

In 1991 the cruise took place on the Muskingum River, which gave us the great opportunity to lock through the marvelous antique river locks. To add to the challenge of the trip, the sky opened up with regular deluge. Our spirits were not dampened and we proceeded down river to Marietta in great style. Our return on Sunday was under benevolent skies.

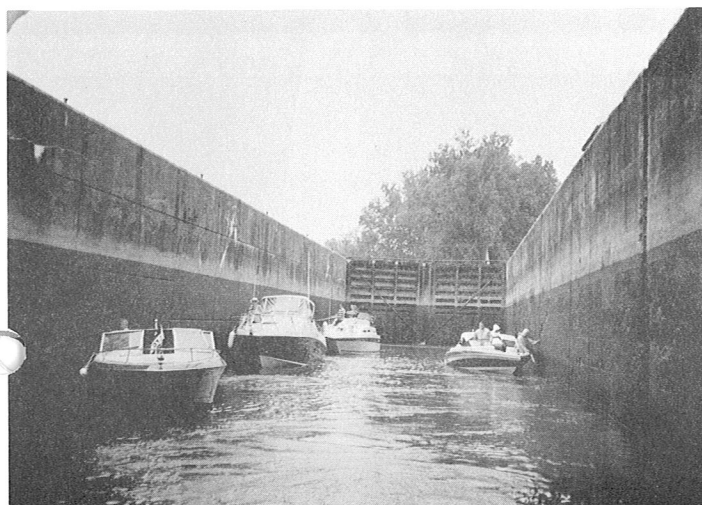

The summer of 1992 found us repeating the Muskingum River cruise. In 1993, Fred Wright was in charge of planning the trip. We met at Gallipolis where we launched our boats on the Ohio River. We traveled to the Kanawha River, then proceeded to Charleston, West Virginia. We had the thrilling experience of locking through with the busy barges that carry coal along the Kanawha River. That evening we attended the dog races and had a great dinner at the track. It was a splendid evening and everyone enjoyed the camaraderie. We returned on Sunday and arrived home before dark.

In 1994, the group did not travel. However in 1995 the stalwart fleet of five boats gathered under threatening skies at Green Acres Marina on the

Muskingum River. We launched down a long ominous ramp and proceeded undaunted down the Muskingum River through the ancient locks to Marietta. We battled rain (remnants of Hurricane Erin) most of the way but arrived in Marietta safely and tied up to the Municipal Docks. We met in the dining room of the Lafayette Hotel where a lovely bar was set up for us. A marvelous dinner was served to 30 individuals, some of whom had driven down to join us. Many of those who drove down met us at the various locks to cheer us on our way. Sunday, we returned home under bright blue skies with a new 'Tween The Trees tee-shirt and glorious tales of another river conquered.

Those on the 1995 cruise were Jerry and JoAnn Boundy, Chuck & Carolyn Petree, and Jerry and Tona Converse on the Boundy's boat; Mary Lou Tussing and son, Whitt, Commodore Marque and Phyllis Debenport, and Tom and Phyllis Flynn on Mary Lou's boat; Bob and Peg Yerge and Bill and Mickey Schneider on the Yerge's boat; Ken and Mary Keller on their boat; and Fred and Ruth Wright and Emil and Judy Klein on the Wright's boat. Driving down were Norb and Jan Kaylor and Don and Eugenia Davisons, with Chris and Margene Lambrecht and Jack and Janet Holmes.
