

Buckeye Lake Yacht Club

FROM THE BRIDGE ☆☆☆

Commodore John Geiger

Looking back to our June Log, I need to make a couple of corrections.

Log articles are written sometimes two to three weeks prior to distribution, and things can change rapidly, particularly as we approach summer.

I had reported that we had a leak in the filter system for the baby pool and that we would move quickly to correct the problem or install a new filter system. As it turned out, our pool company's diagnosis was incorrect. I was able to get second opinions, and only adjustments were needed. All of our pool lines were determined to be leak free. We have been able to use the baby pool all summer. Speaking of the pool, the new umbrella has added value to our baby pool. The area is now partially shaded, great for kids and their caregivers on hot sunny days.

A second oversight was the result of not being able to move as quickly as we planned. Saying that the porch was finished was partially incorrect. We had anticipated a Memorial Day completion. However, due to unanticipated needs and work sequence coordination requirements, the porch was not totally finished by our first targeted date. I am now projecting that we will be finished by June 26th, the day of the Crystal Ballroom party. The new front steps, and finished electrical, facing and gutter work are still in progress. Plans are also being made to replace the east metal steps as a second phase of the porch project; hopefully, we will have an update for the next Log.

We will soon be able to install our new porch cornices, thanks to Governor Ray Kent. Ray donated his time and resources to personally cut the pattern and construct the new cornices. Thanks, Ray, for a job well done! Governor Kent is also working diligently to secure bids for a new Clubhouse roof. I don't know when, but we cannot wait much longer to replace our roof, if we want to avoid costly repairs in the future.

Joe Campbell volunteered to paint new wood and other areas around the porch. Joe has volunteered for many projects since becoming a member. As I have said before, efforts and contributions like those of Governor Kent's and Joe's are examples of the voluntary member participation that has provided the BLYC with its resiliency over the years. Thanks again, Joe!

During the summer, certain rules

July, 2004 - Vol. 14 Issue 6

related to the pool, safety, alcohol, clubhouse dress and pool attire, and glass beverage containers become important. Please refer to signs posted for details. Your cooperation will be appreciated.

Thanks to all who attended the Commodore's Steak Fry. Again, Commodore Mike Jacobs and our other Past Commodores provided us with another enjoyable evening of food, fun, and comradeship. Tradition continues at the BLYC.

One of my goals this year was to make sure that our data base of members was current and correct with respect to names, addresses, member status, etc., then update the Fireplace Room member roster. Governor Dan Knaul and Governor Terri Gattton, along with our staff are working on the updates. New members have been added, and this Log should feature all of our new members for the year. Please check the roster in the Fireplace Room for accuracy the next time you visit the Club. If a change is needed, messages for Governor Knaul can be left with Fritz or call 740 929- 9941.

Don't forget to bring your friends to the Club for a visit this summer. Guests are permitted three visits per year. Take advantage of the summer and show a friend your BLYC. Membership applications are in the Fireplace Room. Questions for Governor Knaul can be left with Fritz or call 740 929- 9941. Have a good BLYC summer!

See you at the Club,

Jr. Sailing

Summer is here and Junior Sailing is going strong. On Saturday, June 11, we took six boats to the Junior Regatta at Hoover Sailing Club and our sailors did well. We had three Lasers sailed by Brian Foley, Gary West, and Shane Shriner, one Club Flying Junior (CFJ) sailed by Fritz Schilling and Evan Miller, and two Optimists sailed by Halle Harklau and Austin Miller. All of our boats did well, in particular Gary West tied for third place in the Laser fleet and Austin Miller was third overall in the Optimists and second in his age class. The team would like to thank all those BLYC members who came up to watch and give them support. Also, thanks go to Coach Cameron Evans. Cameron is doing a great job with our team and is making my job as Junior Training Governor easy and enjoyable. On Saturday, June 19, we will be taking three Lasers, two CFJs, and three Optimists up to Sandusky Sailing Club. Our final Junior Regatta that we will attend as a team before Bay Week will be July 10 at Port Clinton Yacht Club. If you've never been to a Junior Regatta, consider coming up to watch and give our junior sailors your support.

Junior Sailing Camps are underway and going well. Nate Owen ran Advanced (Racing) Camp and will be running practices and drills with our Race Team throughout the summer. By the time you receive this Log, the first Beginner Camp will be complete as well. Tracey Davis and Cameron Evans are running these camps and doing a great job. There's still time to get your children or grandchildren into the August Junior Sailing Camp. Contact Tracey at 614-899-9717 or fill out an application at the Club.

The highlight of every Junior Sailing season is the I-LYA Put-in-Bay Regatta, AKA "Bay Week."

Vice Commodore
Steve Harris

This year we're taking a team of seven sailors in five boats; three Lasers – Brian Foley, Shane Shriner, and Gary West; and 2 CFJs – Fritz Schilling (skipper) with crew Evan Miller and Jeff Schmittauer (skipper) with crew Joe Schilling. Bay Week runs from Sunday, July 18 through Friday, July 23. BLYC will host a picnic to honor our team on Wednesday evening at the Put-in-Bay Yacht Club shelter house at 6:30 p.m. All BLYC members and families are invited to attend. If you plan on attending, please let me know as soon as possible so that I can give PIBYC an accurate count to prepare for. At the conclusion of Bay Week on Friday, the I-LYA Optimist Championships will take place in the Bay near the Perry Monument. Last year we had two Juniors participate and this year it looks like we may have several more. If you're coming to the Bay, consider staying through Friday afternoon to support our youngest racers in this event.

Finally, don't forget our July 4th Fundraisers at the Club. Once again, Junior Sailing will hold its annual Pancake Breakfast prior to our annual patriotic ceremonies and flag raising. See our "ad" elsewhere in this issue for times and pricing information. We will also be selling glow-necklaces for the fireworks that evening. I would like to thank the Junior Sailing Committee members who have been so instrumental in organizing these fundraising events and activities; Becky Miller, Tracey Davis, Andrea Foster, Patty Harklau, and Bill and Sally Reynolds. Without their efforts, we wouldn't be able to have the strong Junior Sailing program we enjoy. We now have sewn BLYC burgees available for sale at the Club. They are of very high quality and sell for \$30 each.

As always, we couldn't make a program like Junior Sailing work without the dedicated work and volunteerism of our members. On behalf of our Junior Sailors, both race team and camp participants, I would like to extend thanks to everyone at the Club for your support.

See you on the water,

Membership & Log

Hi, Everyone! It has been a while since I have written to you, as I have been serving in the Log and Publications position. But for the next few months, Terri and I will be helping to fill in as needed.

Governor Dan Knaul

Commodore Geiger, Vice Commodore Harris, Terri and myself took an evening recently and went through the entire membership listing and are in the process of making any changes to the Roster posted at the Club.

I would like to ask any members who have moved or have new phone numbers to supply this information to the office at the Club.

If you know anyone interested in joining, please have them contact the Club 740-929-9942 or myself 740-929-2446 for information.

Next month at the Luau, (August 7th) we would like to invite all new members to attend and be recognized and everyone else to come meet these new folks and make them feel welcome.

See ya' at the Club,

REMINDER

Per the BLYC by-laws:

All children under the age of twelve are required to wear lifejackets while outside at the Club.

Questions: See any Board member or Trustee

Race & Regatta

As promised the BLYC webcam is up and running at camerawebpage.com/blyc. When you first visit the site you will need to download Java. It is free, the screen prompts you to it with the "no image? click here!". I have downloaded it without any interference with my other software. I do not know if there is a patch that will work with Apple computers. If anyone gets it working, please let me know. We have already had over 2000 hits in less than three weeks of use. The camera has a control for each user to pan 270 degrees from the race shack all the way around to the pool and North bank looking west. The camera does not have audio connected since it is an all weather outside connection. I was a little disappointed with the lack of high resolution zoom, but the tech rep explained the club's line speed prevents transmitting any higher resolution.

Governor
Chuck Bendig

Boats are sailing. We had a great Memorial day weekend with the best BLYC long distance race I have ever sailed. Matt and Michael Davis crewed for me, and Michael got his first experience with high wind racing. Great conditions. Most weekends so far have been good wind, June 6 was light, and we had to cancel May 16 due to no wind. I try to get an accurate wind reading at the start of each race. We do not count the race if wind at the start is less than 5 mph. Race results are showing different winners, which validates the handicap system. I would still like to tweak it a little for different wind conditions for next year. Has anyone ever seen a handicap comparing Thistles, Flying Scots and Highlanders to cruisers? We have members with one designs who like to race, but can't get three of their class on the line. Maybe next year we could agree on a handicap for the one designs, so they could at least get a race with the cruisers. The problem, of course, is that the one designs are so much faster. It would be hard to match them up under all wind conditions.

I continue to post the results for the weekend races not only on the board in front of the Club, but also on our group site at <http://groups.yahoo.com/group/blycsailing/>. Vice Commodore Steve Harris has put links for both the BLYC web cam and the BLYC sailing yahoo group on the BLYC home page. The link for the sailing group is in the Race and Regatta window.

Thanks to Sally Day, Pam Green and Don Day for race shack duty. I honestly don't know how I would get the races done without them, and sometimes they even take over so I can run down to my boat and get in a race. Their help is sincerely appreciated.

Please continue to bring your boats out for the Sunday races, and holiday special races. Everyone likes to have five or more boats on the line. It makes the race more interesting.

Bar & Kitchen

To all my fellow BLYC members, July and the start of summer here at the Club is always good. Come out and enjoy yourself, we really don't have that long of a window.

Rear Commodore
Mark Russell

The staff is in good shape and continues to try and make every member feel right at home. Your staff on the floor and behind the bar all have their new summer shirts for a good clean look. Kitchen staff also has a nice uniform look. I personally think it looks good.

Behind the scenes we have been doing some updating to our kitchen. Our venting system has a completely new hood and fan unit. Your Club will be purchasing a new 60-inch Vulcan oven/cook surface unit for the kitchen to replace the unit that is worn out and it has been in the kitchen for many years.

There have been several member-sponsored parties come back to the Club for a place to have private business parties. They gave the newer kitchen staff and the management another try and they are more than happy that their business gathering was held at the Club. This was due to the food and service being so good. Across the board the Club is a fantastic place to hold small and large parties for our members. Troy and Fritz have been doing a good job in this area. If you would like information, just call 740-929-9941.

Make it a point to check out all the activities for July starting on the fourth weekend. Pool party with Paul Clark on the 3rd. The Junior sailors take over the kitchen for the annual Pancake Breakfast on the 4th, along with flag raising and fly-over. They will have long distance races, porch picnic, and the fireworks to top it off.

Please keep in mind that your calendar and the *Log* have the hours the Club has breakfast, lunch, dinner, outdoor bar and grilling. Your dinner reservations are always appreciated to help with staffing and make your evening enjoyable.

Take time to relax and have a good time at BLYC. See you around the Club.

Mark

Rentals and Docks/Off Island

Greetings Members and Mates. Recently our Club suffered a break-in at the Eastport Docks. It appears that entry was forced, which is always difficult to prevent. The incident should serve as a reminder to our boating members to be ever vigilant in securing the premises, both docks and the yard at the conclusion of their boating day. Please also be aware of and report any suspicious individuals or activities. It bothers me terribly that we must maintain this level of security but it is an unfortunate reality of the world in which we live.

As a reminder, the chain locks on both gates at the yard must be locked. It has been relayed to me several times that the gates are unlocked. I have heard a multitude of reasons why this occurs, but it does not change the fact that we must lock our premises when we are done.

We have ordered new port-o-let facilities for the Eastport yard. There will be both men's and women's facilities. The installation should be complete by the time you read this article. Would like to ask the members that use the Eastport facility to be aware that trash left in the yard tends to stay in the yard, as we do not have a dedicated

Governor Ed Kincaid

clean up service for the yard. Please put litter in its place.

Nearly ALL the available dock spaces have been rented. I do have a few left. Please see me in person at the Club or send an email through the Club website. The upsurge in dock rentals has been accompanied by an increase in new membership as well. This is definitely a positive development for the Club.

The Wooden Boat Show takes place August 13 – August 15th. All boats must be removed from the front, west, back and covered dock basins by August 12th. I will be contacting the effected members as to where they will be storing their boats for the 4-day period. Please plan this into your schedule.

See you at the Club.

Ed Kincaid

All BLYC Members Welcome

Entertainment

Believe it or not this soggy summer is half over, but there is a still lot of fun scheduled at the Club!

Governor Terri Gatton

First a report on some of the recent events at the Club: For those of you who missed our Supper Club night, Michael Sutherland will return on September 3rd, so make sure you mark your calendar now to attend. Reservations are necessary!

Also, I would like to extend a huge "Thank You!" to Stu and Denise Brooks for the great Shirley King Concert. They were the member sponsors for this event. Everyone had a good time, especially Wayne T. and Wanetta Lee who had the winning bid for the guitar signed by B.B. King! Although the weather was chilly, (that helped to deplete the auxiliary case of sweatshirts and sweaters!). Shirley and R & B Station did a fine job of warming up the crowd! I would also like to thank Fritz, Troy, Chuckie and all the staff who worked so hard to make sure it all went smoothly!

BLYC's annual Pool Party is July 3rd with Paul Clark poolside! The Pool Bar Menu will be available.

The Club's 4th of July Activities begin with the Junior Sailing Breakfast. Pancake serving begins at 8:00 a.m. and will continue until 10:45 a.m.

This year, for the first time in many years, we were unable to confirm the fly-over. This was due to changes in airspace security and the movement of the scheduling process to Washington D.C., versus having the local bases schedule the fly-overs.

In lieu of the fly-over, the Club will be holding a "Raising of the Colors" Ceremony at 11:15 a.m. The ceremony will take place at the conclusion of the Jr. Sailing Breakfast and will include

music, a tribute to our armed forces and deceased members, flag raising and introduction of our sailing team members and coaches. Please plan to attend and kick-off the holiday. Menu Specials and the Pool Bar menu will be available all day. Stay to enjoy the pool and this year the fireworks will be held almost directly across from our Club at Pug Island. Please come early for a great "front row seat"!

Top Cat Karaoke returns on Friday, July 9 and Dittoe & Beck will be poolside on Sunday, July 11. John Andrews and his guitar are at the Club on Saturday July 17th.

Jr. Bay Week at Put-in-Bay is July 18th through 25th.

The BLYC Jr. Sailing Picnic is Wednesday July 21 at the Put-in-Bay Shelter House at 5:30 p.m. Please let Vice Commodore Steve Harris know if you are planning to attend! It is always fun and I am sure our Jr. Sailors would love to see you at The Bay!

The Jack Fox Band is at the Club on Saturday July 24 with menu specials and our regular menu available. Dittoe & Beck are poolside Sunday, July 25.

Watkins Island Seafood Night is Saturday, July 31. The Classmen will be providing the music and Troy has prepared a special menu that is posted in this log. Please plan to attend!

The first Saturday in August is the Luau with the Majestics. This is the time all new 2004 members are introduced to the Club. There will be more information in next month's log.

I hope you all have your Blue Heron Ball attire ready for August 27th! Troy has been working on a great menu and there will be fun and surprises. Don't miss this event!

Please come out to the Club and enjoy the entertainment, sunshine and friendship.

See you at the Club!

Terri Gatton

The Auxiliary

Secretary Gayle Scarrett

Welcome to Summer, everyone! The BLYC Auxiliary activities are in full swing. The June meeting was held on Thursday, June 10, 2004, at the Buckeye Lake Yacht Club. Auxiliary Vice President Michelle DeSantis arranged for a "chilling event" that featured a live demonstration by a very talented ice sculpture. A chain saw and several different types of drills were utilized to create a beautiful angel fish sculpture. What an interesting event!

The next Auxiliary meeting will be held at the Buckeye Lake Yacht Club on July 8, 2004 beginning at 6:30 p.m. The July meeting is our Co-ed Pool Party. The menu is barbecue pork, corn on the cob, potato, salad and a dessert. If you need a special menu for the evening, please contact Chef Troy. Please remember to bring your spouse, significant other, or a friend for a nice evening by the pool. Entertainment for the evening will be provided by Dittoe & Beck. As always, please contact the Club at 740-929-9941 to make your reservation.

The Auxiliary is holding a raffle for a chance to win your very own parking spot in the BLYC parking area. Tickets can be purchased for \$2.00 per ticket or three tickets for \$5.00. Please see an Auxiliary Board Member to purchase your chance to win this parking spot.

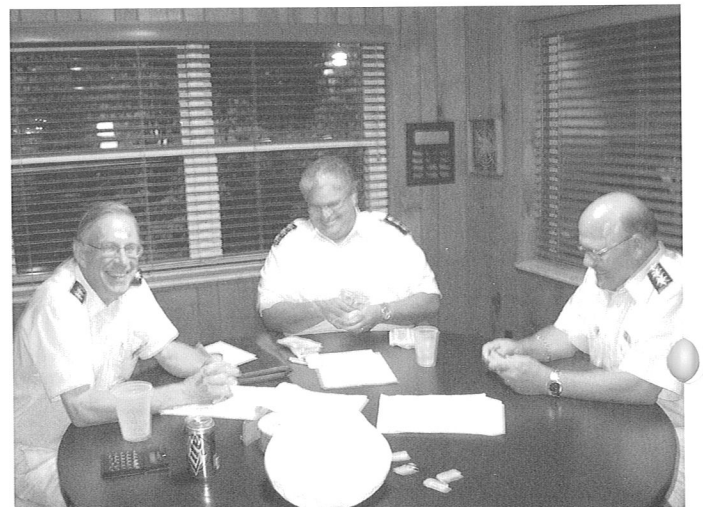

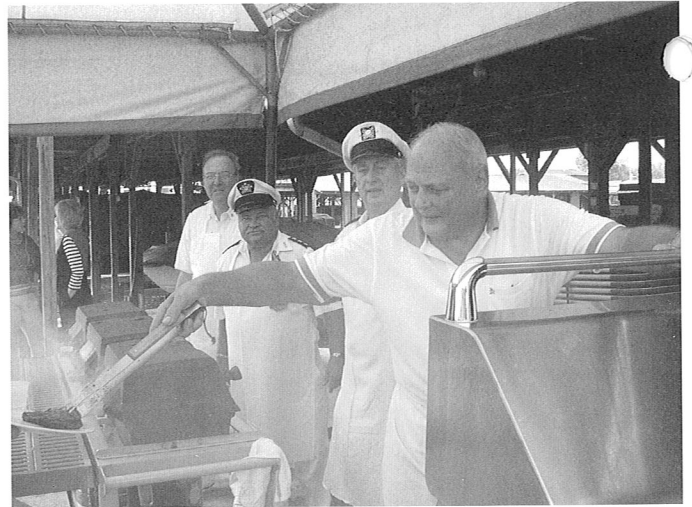

As always, new members are always welcomed and encouraged to join the Auxiliary. If you are interested in joining the Auxiliary, please contact one of the Board Members listed on the back of this Log or simply attend the next Auxiliary meeting and sign up. Auxiliary meetings are held monthly on the second Thursday of the month. The BLYC Auxiliary is an organization whose purpose is to support the Buckeye Lake Yacht Club and its activities.

I look forward to seeing all new and current members at the next Auxiliary meeting.

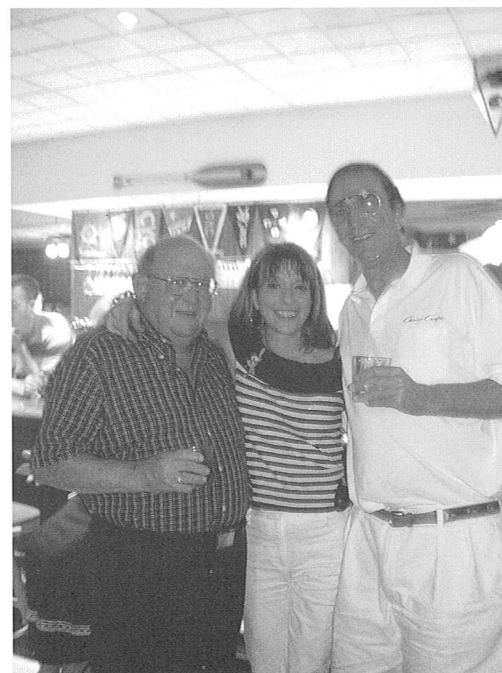

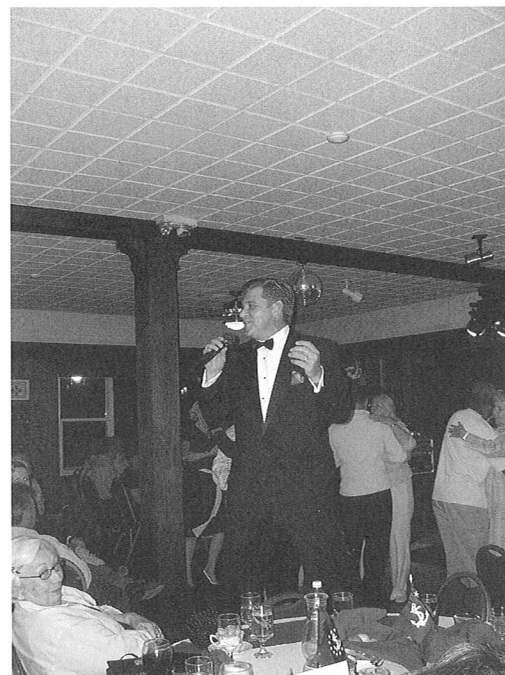

Respectfully submitted,

Gayle Scarrett

House & Grounds

Hello, hope all of you are enjoying the Club as much as I am! If you are not, you should be.

The food has been wonderful, thank

you Chef Troy, the entertainment fanatic, thank you Governor Gatten, and the company without compare, thanks to all of you. A special thanks to Governor Gatten for the supper club night

Governor Ray Kent

with Michael Sutherland. This was one of the best nights at the Club in many months.

By the time this is in print the repairs and upgrades on the porch will be complete. The new carpet, posts and railings make the Club look great. Thanks to all who were involved in making everything look so good.

We are currently obtaining bids for the replacement of the Club roof.. As soon as we have all estimates we will have the repairs approved and move forward with them. As with all facilities, the Club is aging and like any structure

we must continue maintenance.

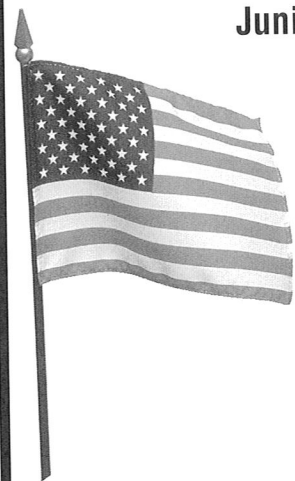

A new member, Mike Riley, has graciously offered to donate the design, material and labor for the replacement of the steps on the East end of the porch. This would cost the Club several thousand dollars should we contract for the job. I think we should all thank Mike for his generosity.

Looking forward to seeing all of you at the Club!

Ray
