

# Buckeye Lake Yacht Club

FROM THE BRIDGE ☆☆☆

July, 2010 - Vol. 19 Issue 5

**Commodore Don Harris**

The Board of Governors has been working diligently on the seawall project. We have achieved considerable progress along two parallel but interdependent pathways.

The first pathway is that of the project itself. We have completed the Evaluation and Planning component, which resulted in a Structural Condition Assessment and several alternative schemes for addressing the problem. The board adopted Scheme 5, which has met with approval from ODNR.

We now move on to Engineering and Design. At its June meeting, the Board entered into an agreement with a civil engineering firm to provide the actual design and specifications for the "L" wharf reconstruction. They will prepare bid documents, solicit and analyze bids from contractors, provide recom-

mendation of contractor, and coordinate permit approval with ODNR. At this point we will be able to move on to Construction, hopefully over the winter of 2010-11, for which the engineering firm will provide Construction Administration service.

The second pathway is that of Financing and Payback. As mentioned last month, an advisory committee has been appointed, consisting of business and financial leaders selected from our membership. Our discussions to date with financial institutions indicate that financing will be available, contingent upon BLYC developing a comprehensive payback plan. This most likely will involve converting some of the Club's equity to cash, and a modest increase in the capital contribution portion of our dues. Preliminary calculations indicate that this amount will most likely be \$150 per member per year.

Realizing that the above discussion raises more questions than answers, we have scheduled a Special Informational Meeting of the members for Saturday, July 24th, at 2 p.m. The complete project will be presented in detail, including photos and drawings. Financing and payback options will also be discussed. All members are strongly encouraged to attend. Bring your questions, concerns, and suggestions. Everyone who wishes to speak will have an opportunity. This is a big and essential project, and it is crucial that it has the support of the members.

I apologize for using my entire article discussing the seawall. In the meantime, the summer season at the Club is in full swing, and everything is going exceptionally well. See the Governors'

articles for details in their specific areas.

## Bar & Kitchen

If it ever stops raining, you may start enjoying your boats and outside activities.

The Club is moving forward with the summer events. The sailboat racing is every Sunday and all are invited to come and watch the excitement. Governor Sproat has also scheduled very good entertainment on the week-ends.

The Bar & Kitchen are doing well thanks to Andrea and Chef Matt. We are in the process of replacing a compressor on our walk-in freezer. It is about 15 years old and I guess it is about time. We have a large amount of equipment in the Club and it is expected that we will need to repair or replace parts occasional, but it is still a cost factor for the Club.

The staff and I invite you to come for dinner and relaxation at your Club. The pool being open Monday and Tuesday to the membership has provided some additional funding for the Club.

Any concerns should be provided to myself, Andrea for the bar or Chef Matt for the food service. We welcome any suggestions you may have.

All of your support for the Club has been greatly appreciated and I look forward to seeing you in attendance.

Take care

**Vice Commodore  
Rick Henderson**

**Governor  
John Sproat**

## Rentals & Docks

Let me start by wishing everyone a safe and happy 4th of July. This is one of our favorite times at BLYC. We have all of the activities at the Club and the fireworks which are always the best in central Ohio.

June 1st the combinations to the dock areas and the storage yard we changed. This is done every few years to slow down the number of unauthorized people gaining access to our facilities. A letter was mailed on May 15th informing all concerned of the new combination(s).

If you did not receive the letter all you have to do is call the Club office or me and we will provide you with the combination.

We have received our Dock Permits from ODNR. They are a two-part (pink) adhesive label (one for the dock and one for the watercraft). I have completed attaching them to the docks. If you desire the corresponding label for your watercraft please see me or stop by the Club office and we will furnish it to you. We will not be mailing them. The purpose of the two-part label is to assist the ODNR identify where a watercraft belongs should it drift away from it's dock. Since we have such a large number of docks (119 permits) we will not be held responsible for the permits being attached to the boat(s).

I did a second walk through of the storage yard and found just a few violations. They were: 1) space #32 is unrented; however, it contains a Chrysler sailboat (OH6172WD); 2) space #78 is unrented; however, it contains a Checkmate powerboat (OH8228ZW) and a Polaris waverunner (OH3831BM); 3) space #80 is unrented; however, it contains a Rinker powerboat (OH0502DT). There is also a "one-design" sailboat blocking spaces 48, 49 and 50 which are full. If you recognize an item that belongs to you please take steps necessary to correct these viola-

**Governor  
Don Day**

tions. Again, these spaces ARE NOT FREE to members. If you would like to rent a storage space please contact me. There are blank request forms in my mailbox in the office at the Club. The yard looks great – THANK you Bruce and Chuck.

I have a few docks available for rent. If you are considering renting a dock please call me ASAP. Once they're all rented we have no choice but to put you on a waiting list (which means you probably won't get a dock this year). Many docks have gone to new members and it's really great to see most of the docks with boats in them.

Let me close this article by saying how sorry Sally and I were to learn of the passing of Henry Bell. We met Henry and Alan (Dalton) about twenty years ago when we docked at the marina in Millersport. Henry and Alan have one of the larger boats (a 32' Bayliner Sedan) on the lake and an O'Day sailboat (25' I think). Henry was the person who introduced me to sailing at Buckeye Lake. Henry and Alan joined BLYC in 1997. Many of our fondest memories of Buckeye Lake include Henry and Alan. Our most heartfelt sympathy goes out to Alan. Henry will be missed by all who knew him!!!!

## Junior Sailing

Hello All!!

I would first like to thank my husband, Tom Mulvey, for all of his hard work on work day that he put in at the Club while I was down at Eastport. A

**Governor**  
**Gayle Fisher-Mulvey**

huge thank you to Austin Miller, Halle Harklau and Gwen Mulvey for their dedication and sweat on work day to get the boats ready for the summer sailing camp season.

A big BLYC welcome to Jon Bennett, our new sailing instructor and coach. As of the writing of this article, we have one camp completed and are into the race team sail camp. Everything has gone really well and I am very proud of how the instructors, Austin, Halle, Gwen and of course, Jon Bennett have been handling the camps. I have had very positive feedback from parents and grandparents that have had children in attendance.

The Junior Race Team consists of Austin Miller, Halle Harklau and Colin Gutridge in a thistle and Bryce Cartwright, Michael Davis and David Kellogg in lasers. Mathew Davis and Suzanne Schroeder are in our club Opti's. If you see any of these racers at the Club, please encourage them in their sailing endeavors this summer! The season culminates for the older sailors in a Junior Regatta at Put-in-Bay toward the end of July and I will keep you all posted as to their results.

This is certainly my busy time of year for my job, so I hope to see you at the Club on my way to Sailing Camps or regattas! Hope everyone is having a great summer!
