and New Member Recognition**  
Saturday, August 25

**Pool Party**  
Sunday, August 26  
Eric Solomon

**BLYC Juniors Alumni Regatta**  
Saturday, September 1  
*More Information Coming Soon!*

COMMODORE  
ROSE MCENTIRE

Wow, this summer is flying by! What an awesome July we have had! The Junior Sailing program is a huge success! So many kids, parents, and members getting involved. Bringing that sailing bug back to the BLYC! So proud of our sailors who represented our Club at Junior Bay Week —you guys were awesome! Congratulations to Governor Bruckelmeyer and his team — you make us proud. Thanks also to all the members who came to PIB to support our team — great showing!

Although the stores are all gearing us up for back to school and there was advertising for Christmas in July, August is still full of summer fun at the Club! The White Hot Summer Night will be another spectacular event — the Auxiliary does a phenomenal job with this event. The money that they raise all comes back to the Club so I hope to see you all there enjoying the evening while bidding on those auction items!

The pool will remain open through Labor Day weekend with poolside entertainment. Depending on our ability to get the necessary permits and line up the contractor, we may not be able to keep the pool open beyond Labor Day. We need to get to work on the new seawall as soon as we can to beat winter pool level. I will update you as I learn more.

Some of our seasonal help will be heading back to school soon — We want to thank them for doing an excellent job for us all season long! We are having a great summer and it would not be possible without their help. I also want to recognize our year-round staff. They are the veterans who do an excellent job for us all year round! Thank you — you are truly appreciated!

If you have ever considered running for the Board of Governors, now is the time! Elections are on September 16, 2018. If you have any questions about what is involved, Vice Commodore Dick is heading up the Nominating Committee. Give him a shout!

**See you at the Club!**

Commodore Rose McEntire

IN MEMORIAM  
COMMODORE  
JIM THOMPSON  
1938 - 2018

## BAR & KITCHEN

- Vice Commodore Donald Dick

### CALL FOR CANDIDATES!

As we approach the fall, it's once again time to turn our thoughts to Club elections and selecting those who will lead our Club in the coming years. Without the dedicated volunteerism of the Board of Governors, our Club could not continue to function. I can honestly say that the past three years have been a very rewarding experience, even with the challenges that present from time to time. I strongly encourage all members who care about BLYC to get more involved and considering running for the Board. If you want more information, please reach out to any current Board member or Past Commodore. They will be more than happy to answer your questions. If you are interested, please reach out to a member of the Nominating Committee — P/C Tim Ryan, P/C Steve Harris, or myself.

On the Bar & Kitchen front, the summer continues to move along and our staff is doing a great job for us. I would like to congratulate our July Employee of the Month, Josh Chapman. Josh is relatively new to BLYC, but his enthusiasm and always positive attitude has quickly made him a favorite with the membership. Josh, we appreciate all that you do to help keep BLYC great!

All of our staff is doing a great job for us this summer. Some of our seasonal folks will be headed back to school soon. Please take a moment or two to thank them for all that they have done to make our season enjoyable and wish them the best of luck in their endeavors.

**JOIN THE TEAM — Run for the Board!**

Don Dock  
Bar & Kitchen

## CONGRATULATIONS

July  
Employee  
of the  
Month

**Josh Chapman**

## DOCKS & RENTALS

- Governor Bruce Ames

### AUGUST — Football is just around the corner!

Have you ever noticed summer is like a roll of toilet paper? The closer you get to the end the faster it goes! This summer is going way too fast!

As we head into the later part of summer our focus will shift to planning for next year. We are hoping to extend Eastport docks yet this year. We are also hopeful to maintain use of area's 200 and 300.

If all goes well the entire front basin will be used as transit docks.

**Let's all enjoy what is left of the summer, see you at the club!**

## RACE & REGATTA

- Governor Chuck Gleich

### WE FINALLY HAVE WATER! Now where's the wind?

Some days you just can't win! After three seasons of no racing on Buckeye Lake due to the lower lake levels, we're back on the water and enjoying our sport again. The only problem — NO WIND. There must be some ancient ritual sacrifice to the wind gods that I failed to perform this spring.

Seriously though, we've had some great Sundays of sailing on the lake and it's great to see the increased activity and be a part of this BLYC tradition. I again want to invite everyone to come out and give sailing a try. We've restructured things a bit this year. Our focus is **FUN** and participation first, competition second. If you (or a friend) have a sailboat, we want you to join us. We are very fortunate to have some very experienced sailors and at least one "rules geek" (Yes, Commodore Harris, you!) willing to help explain things and make it easy. Please consider coming to **Sail on Sundays** with us.

The racing has been pretty tight so far this season. As of the writing of this article, only one point each separates the top 4 spots in the series. Chuck Bendig, sailing *Big Girl*, is leading the series, followed by Dave Paligo, Barb Hein, and newcomers Alex & Lori Fischer. You can view all of the scores online through the BLYC website under *Sailing & Boating* → *Sunday Series*.

Did you know that Chuck & Dave are again offering their Thursday evening sail trips for members who are interested in getting out on the water and experiencing sailing? Contact Dave at (503) 539-6960 if you're interested. Bring your own PFD and refreshments.

It's not too early to start planning on attending the 2018 Snowball Regatta — October 13-14. This BLYC tradition has been going on since 1946! A lot of the sailors in the Interlake class have already indicated their plans to attend and everybody's looking forward to racing on Buckeye Lake again. Contact Regatta Chair Steve Harris for more information or to volunteer.

**See You on the Water!**

Chuck Gleich  
Race & Regatta

## JUNIOR TRAINING

- Governor Mike Bruckelmeyer

### JUNIOR BAY WEEK — What a great time!

Congratulations to the BLYC Junior Sailors who represented us at the I-LYA Junior Sailing Championships at Put-in-Bay — Matthew Davis, Susannah and Katy Schroeder, Oliver Krajewski, and Olivia Smith! THANK YOU for representing our Club! Also, thanks to our Coach Michael Davis! What an exciting time! It was also great to see our members supporting and cheering for the Junior Sailors Team and joining us for the team dinner on Tuesday. I am truly impressed by the number of BLYC members who came up to support our sailors and even more by how many of them jumped in and volunteered to help with the regatta. At the risk of missing someone, the following members and families came up to support our youth — John Albrecht, Bruce Ames, Evan & Julie Bruckelmeyer, Bryor Burke, Charlie Campbell & Kathy, Tom, Bridget, & Bethany Charles, Matt & Tracey Davis, Steve Harris, Don & Sue Harris, Marty & Sue Headlee, Barb Hein, Joan Hein, Bethany Krajewski, Dave & Laura Lawrence, David Luttenberger & Jan Bass, Rose & Greg McEntire, Michael & Karen McVey, Vic, Tami, & Lily Schroeder, Mark & Kathy Severance. This year's regatta was one of the best - great sailing conditions all four days and our youth represented us well. This year's chairs were Matt & Lisa Fisher of Hoover Sailing Club. Matt, one of the best one-design sailors in the U.S. and the son of P/C George & Marty Fisher, grew up sailing for BLYC.

Registration for the SCUBA Diving Discovery Class (August 4<sup>th</sup>, 9:00 am) is open on the BLYC website. Space is limited and is for youth aged 10-18.

Mark your calendar for Labor Day Weekend. All of our Junior Sailors who participated in our sailing camps are invited to come out and participate in our own Junior Race on Sunday September 2. I am looking forward to seeing our sailors and Optis competing on the water!

**Fair Winds and Following Seas!**

## BLYC AUXILIARY

On Wednesday, July 11<sup>th</sup>, the BLYC Auxiliary met in the fireplace room for their monthly meeting. The focus was on the annual Auxiliary Fundraiser, White Hot Summer Nights, on August 4<sup>th</sup>. This annual event makes it possible for the Auxiliary to fund improvements to the club, support children's club activities, and support community charitable events. Just this past year we funded the new awning at the Club, some landscape plantings, and helped to pay for repair of a roof leak amongst other items. In previous years, working with the Board of Governors, the Auxiliary has funded new carpeting for the Cupola Lounge, front entry, stairs, and dining room just to name a few.

By the time the membership receives this issue of the *Log*, the fundraising event will likely be over. There are many people that have been involved to make this event a success. Thank you for your support and there will be a more detailed report in the September *Log*.

***Below are some upcoming, important dates:***

**THURSDAY AUGUST 9** – 7:00pm – Monthly Auxiliary Meeting  
Please consider joining us for a cocktail and dinner as we review the success of the Fundraiser.

**SUNDAY SEPTEMBER 16** – 1:00pm – Annual Meeting & Election of Officers

Please join us on the porch for our annual meeting as the Auxiliary reorganizes for the upcoming 2018-2019 year. Please stop by the showcase as there are some wonderful new items in there. The shirts and visors, socks and jewelry have been going like hotcakes. If you have any suggestions or comments or would like to get involved, we are always happy to have you! Please feel free to call or email us.

We are in the last weeks of the summer season. Please consider stopping by the Sunset Tiki Bar for an evening drink, a dip in the pool, or a meal on the porch. It won't be long until we will be longing for those summer nights.

**See you at the Club!**

Jeff, Susan, Stephanie, & Julie  
Your 2018 Auxiliary Board

### WHAT IS BUCKEYE LAKE 2030?

Buckeye Lake 2030 (BL2030) is a grassroots Declaration created in January 2016 by over 270 volunteers to chart the economic growth of Buckeye Lake Region, in order to improve the well-being and prosperity of its residents and businesses.

Buckeye Lake Region Corporation (BLR Corporation) is a non-profit organization open to all political and civic entities of the tri-county Buckeye Lake Region, created to coordinate and implement the mission outlined in BL2030.

**HOW CAN I HELP?** Go to [BLRFoundation.org](http://BLRFoundation.org) and click on "DONATE NOW"

## BLYC CAR SHOW

*- Mike Fornataro, Chair*

On July 8<sup>th</sup>, the parking lot of BLYC was filled with over 115 registered show cars ranging from Ferraris to modern muscle cars — and everything in between. The Car Show Committee kept the show running smoothly and BLYC staff set up grills and beverages in the parking lot to feed the guests. It was another successful show made even better by our sponsors — Gutridge Heating & Cooling, Buckeye Lake Brewery, JEGS, Autosmarts Radio, Pizza Cottage, Waste Away, TLR & Associates, and the Buckeye Lake Region Chamber of Commerce.

Special thanks to the Car Show Committee — Ann Fornataro, Dwight Shrigley, Mark & Gayle Scarrett, Jeff Lyons, Tim Ryan, John Albrecht, Jeff Clark, and Paul Sanzone. Thanks also to the BLYC members that made the public feel so welcome on one of the few days the Club is open to the public. BLYC gained at least one new member from among the participants and the Auxiliary raised \$520 selling 50/50 tickets.

Mike Fornataro  
Car Show Chairman

**SATURDAY, AUGUST 25**

FEATURING

**STICKS & STONES**

## BUFFET MENU

Hawaiian Salad Bar  
Pork Loin with Pineapple Relish

# COMMUNICATIONS & FINANCE

- Rear Commodore Mark Pyle

As we enjoy cruising through another amazing summer on Buckeye Lake, take a minute to thank the staff who've been baked in the crazy ninety degree summer heat to keep the pool hopping. On another note, if you haven't already done so, consider making your reservations using the online reservation system on the BLYC web site.

I'm often asked why Board members continue to emphasize that members should encourage their guests, including the members' adult children, who like to regularly attend the Club more than allowed should take the plunge and join BLYC. In most of the discussions I've had, the member put forth the argument that their guests spend lots on food and beverages when they visit. Because of their guest's spending, members often assert their guests should have unlimited access as long as they are paying and behaving. I've tried to come up with an easy appropriate response, but often fell short and simply reiterated "the Constitution and By-laws say so." However, I've come to the realization that a simple elevator speech doesn't go far enough to answer the question of why we operate the way we do. So instead of simply reacting with a parental tone of "Hey, you agreed to the rules - follow them!" Let me explain it from a financial aspect:

- **Not-for-profit status** — Frankly, having an organization that does not have to pay income tax on Club related income is a feature I think everyone would agree we want to retain. The way you retain that status is to keep your non-member revenue under the 15% limit set by the IRS. Opening the Club to unlimited, unchecked guest participation is prima facia evidence that the Club is regularly open to the public which is in violation of the IRS rules and presents an enormous audit hurdle if challenged. BLYC is still required to file an information return subject to IRS scrutiny.
- **Bar & Kitchen pricing** — Food and beverages at BLYC are carefully priced to cover as much of the cost of buying, preparing, and serving the food and drinks and maintaining the kitchen equipment as possible. We make every effort to price competitively with public restaurants with similar menu offerings, portion quantity and food quality. Also, our small kitchen storage space

often restricts our flexibility in optimally managing inventory at the same level of public restaurants. It's a balancing act to price appropriately to keep members coming back to dine with us and therefore the bar and kitchen traditionally operates at a loss. BLYC is budgeted to run a deficit again this fiscal year.

- **Club versus Restaurant** — One measure of restaurant efficiency is table turn per evening. Our Club typically turns a table approximately one time per day in the summer season. Table turn is measured by taking into consideration tables available compared to parties dining with us every day. In addition, many of the BLYC functions and activities include entertainment and are intended to accommodate members spending the entire evening enjoying the food, drinks, and entertainment at the same table. Restaurants of similar pricing optimally shoot for a table turn of four to five parties per table per night with an average visit of approximately 45 minutes. Multiple table turns per night provide public restaurants an ability to cover more of their labor overhead costs compared with the sit and stay clientele at a private club like BLYC. Typically, the longer a party stays at a table the lower the order revenue as the night progresses.
- **Dues make the difference** — In addition to covering the annual bar and kitchen loss from competitive pricing and naturally low table turn, other costs such as insurance, utilities, property taxes, maintenance labor, administration, repairs, and entertainment are all covered by annual member dues and not at all by the food and beverage sales of members or guests.

In a nutshell, a guest may help cover a miniscule amount of bar and kitchen overhead but they are in no way carrying their weight by "spending lots at the bar", particularly since they are getting what they paid for in return. It's members who cover the major costs of keeping the doors open, toilets flushing, and lights on. As a matter of fact, our guests are enjoying a beautiful view, top notch entertainment, and a safe comfortable environment as a courtesy of the fantastic dues paying members of BLYC.

## HOUSE & GROUNDS

- Governor Charlie Campbell

**WOW! — Time has a way of "Sailing" by...  
We are already in the middle of summer.**

ODNR delivered the new bridge which is now in place. Its patina is genuine rust. It will darken as the rust continues. I always thought rust meant erosion and all it did was rub off on your hands and clothes. But there is a rustic ending to this gorgeous warm tone — It is designed that way. This particular rust is a preservative. It saves chipping, scraping and choosing what color to paint. It blends with 2 other ODNR bridges that will adorn the lake soon. To learn more about it, Google "Weathering Steel."

Moving the entrance to the bridge will occur in about 4 to 6 weeks. Will keep you posted on the great crossing.

**Trash** — for those who have boats in areas 100, 200 and 300 please bag your trash, put it in the trash can by the entrance to the docks. However, if the can is full take it to the rear fence gate, it is marked, and put it in one of the cans inside. **DO NOT** keep placing trash next to any trash can. Ole Rocky Raccoon and Maid Maggy Possum enjoy the snacks and drinks you provide but the grounds keeper....

The pool continues to be the "hot spot" of the club. It is kept at a "bath water" 80 degrees and is quite refreshing when entering as most have experienced. The H&G guys, Chuck and Trent, work continuously to keep the pool clean and looking as good as it does. When you see them next time thank them.

If you come to swim in the pool from swimming in the lake please shower and rinse your swimming suit/trunks thoroughly prior to entering the pool. Otherwise, you bring algae and other bacteria into our pool. Although you do not see it, it is there. With the heat as it is algae and bacteria grow rapidly. To treat we must shut the pool down. Thank you

We are progressing on permission from ODNR to repair our sea wall.

Our parking lot is getting old and there are some "ruff spots" that need repaired. We are working on them.

Kathy and I had a great time watching our Juniors compete at Put-in-Bay this past month. If you've never been, make plans to go up next year and support our team. It is truly amazing what our young people can do. Go Team BLYC!!!!

**Until next time, Be Safe**

## MEMBERSHIP

- Governor Brian Thom

Please join me in welcoming our newest members of BLYC.  
When you see them at the Club, say hello.

**Bryan Campolo**  
**Christopher & Leigh Dixon**  
**Carma Godby**  
**Jason & Katherin Mockus**  
**Bruce & Debbie Moore**

Remember a few years ago when the state announced the dam remediation project? It's hard to believe how far things have progressed since then. Equally hard to believe is that the "doom and gloom" loss of membership that many of us feared did not come to fruition. In fact, our membership is growing! Each year, we have maintained and this year, we're already several members to the positive and new members are still coming on board. There are certainly a lot of factors that have led to this growth, but I firmly believe that one of the most influential is the friendliness and camaraderie of our membership. After you spend a little bit of time here, is there really any place else on the lake you'd rather be? Thank you to everyone who's shared the Club with their friends and led to this awesome growth! Let's keep it going!

# LOOKING AFT

- P/C Steve Harris, BLYC Historian

## Catboats & Clubs...

Recently, I came across the following article, published by P/C Whitey Limes in the July, 1981 issue of the *Log*, celebrating our 75<sup>th</sup> Anniversary. Unfortunately, Commodore Limes did not reference the source, but I presume from the writing, that it was originally published in 1910. It appears to be part of a larger work discussing the lake. This excerpt speaks highly of our Club, details the sailboats which were raced here in that time, and also mentions a number of other private clubs around the lake — over a dozen! Today, only BLYC remains.

Catboats moored at Watkins Island c. 1910  
This picture was taken in the years prior to the building of our current Clubhouse. It appears that it was taken from the front porch of the original Clubhouse, looking west.

## Principal Pleasure Clubs

*Bordering the lake on all sides are to be found many clubhouses, representing Columbus, Newark, Zanesville, Circleville, Lancaster and many other cities. Of these the largest and most noted is the Buckeye Lake Yacht Club, composed of about 200 members, being live business men, principally from Columbus and Newark.*

*Their handsome and commodious club and boat house is located on Watkins Island, along the North Bank, a short distance west of the Park.*

*The motto of this club is "The Promotion of Yachting – The Improvement of Buckeye Lake*

*for Boating Purposes," and to this should also be added, for purposes of fishing, sport, summer living, good health, good cheer, good friends, a wholesome place for the little ones, and a broader spirit of good fellowship.*

*Members of the club own about 50 power boats and 30 sail boats, of which fifteen are cat boats, which will be placed on the lake in the spring of 1911. These designs were furnished by C.D. Mower of New York City, one of the most expert designers in the world of this line of craft, and were built by Messrs. Pack, May & Co., of Toledo, Ohio, who are looked upon as one of the best building concerns on the Great Lakes. Specifications call for these boats to be of the best possible workmanship and material throughout. This was the largest order for individual yachts of high class design and construction that has ever been placed in the history of yachting in this country and possibly in the world. For the benefit of the uninitiated it may be explained that a cat boat is a boat having a certain kind of rig called a cat-rig. This consists of a single upright mast stepped well forward near the bow, on which is carried the canvas consisting of a single "fore-and-aft," supported on a "gaff" and the head and handled or "trimmed" by a rope called the "main sheet" attached to the "boom" at the foot of the sail. By means of the main sheet the boom is hauled in-board or let out to "trim the sail," and thus hold the canvas in proper position to most effectively propel the boat. For windward work, the cat rig is superior to all others.*

*Next in importance is the Camera Fishing Club, located on the north shore, a few hundred feet west of the Yacht Club island. It has but 15 members, all of Columbus, who are extremely active and enthusiastic in the welfare of the lake. Just west of the Waste Weir Gates are located the club houses of both the*

*Ohio Fishing Club and the Pirate Club. Also, along the north bank, are situated the Big Eight Club, the Silver Star Club, and the Ogwehia Club. At the extreme west end, some distance west of Lakeside, is to be found the Magnolia Club. At the extreme southwest end of the lake, at the entrance to the canal, is to be seen the beautiful club houses of the Sunfish Club. Along the south shore, also near the west end, are the Bonehead Club, the Columbus Club, the Isaak Walton Club, the Lancaster Club, and the Bismarck Club. Further east on the south shore and across from Buckeye Lake Park are the Jollity Club, the Fishing and Hunting Club, and the Buckeye Boat Club. The Gibson Club and Beach Island Clubs occupy sites on islands by the same name.*

In his book, *An Appreciation of Buckeye Lake*, Commodore Kyle Armstrong mentions several other Clubs that were on the lake in the early years — the Allegro and Black Diamond Fishing & Hunting Clubs, both located at Black Diamond Bend, the Magnolia Club south of Lakeside, and the Osceola Club on Miller Bay. It would be interesting to find what happened to these early Clubs and what stands in their locations today. If anyone has sources that may help, please feel free to share.
