COMMODORE
DONALD DICK

Our Mission...

As we enter a new Club year and what promises to be a new era at Buckeye Lake, we are well served to remind ourselves of the purposes of BLYC — virtually unchanged in over a century...

Promotion of yachting and aquatic sports

Cultivation of sociability among its members

Improvements of Buckeye Lake for boating purposes

Now, more than ever, BLYC has a vital leadership role at the lake and I believe that we are focused in fulfilling that role. Governor Paligo is actively working to re-vamp our Race & Regatta program which has unfortunately been stagnant the past few years — not just sailboat racing, but other sailing, powerboat, and human-powered watercraft activities as well. Under the leadership of Governor Bruckelmeyer, I know that our junior programs will continue to grow and perpetuate safety and a love of boating into the next generation.

Rear Commodore Ames and his team are hard at work to provide dockage and better boating-related opportunities to our membership as well.

Sociability is definitely something that we at BLYC are good at! While we all hate to see the summer season end, we are fortunate in that our yacht club, unlike many others, has an active year-round calendar and plenty of opportunity to enjoy fun and camaraderie. Governor Hamilton has hit the ground running and this year promises to bring many great parties and events. Vice Commodore Pyle is working with Paul and Chef Josh to ensure that you have the best possible dining and bar experience available at Buckeye Lake.

Of course, it takes a lot behind the scenes to keep this all running smoothly and I would be remiss if I didn't mention the efforts of Governors Campbell, Thom, and Hein and all that they do to keep our facility up, perpetuate our membership, and keep us up to date on all the happenings at BLYC.

As for the third part of our mission, BLYC has long been a partner with the State of Ohio in making Buckeye Lake the place to be and I am proud that through these recent times, we have continued to work together to make our lake great. Just as in the beginning over a century ago, I know that this cooperation will continue for our mutual benefit. Bring on the 2019 season!

See you at the Club!

Commodore Don Dick

IN MEMORIAM
SUE HARRIS
1943 - 2018

ENTERTAINMENT

- Governor Jeff Hamilton

Summer has come and gone, and fall is upon us with colder weather and the leaves have turned bright vibrant colors. We may have some brisk nights, but we continue to have Buckeye Fever at BLYC. Come cheer on our beloved Buckeyes on the big screen every Saturday! The Club is *the* place to be to see your friends and even make some new ones.

November will be a month full of entertainment that you do not want to miss at the Club. To kick the month off, on **November 2nd** we have Supper Club with **Terry Efaw** playing from 7:00-10:00 pm. On **Wednesday, November 7th** we have **AJ Angelo** for **Thirsty Wednesday** from 7:00-10:00 pm. On **Friday, November 9th**, we have **Pete Meredakis** for Supper Club from 7:00-10:00 pm. The following **Friday, November 16th**, we welcome **Dawson Cooper** for Supper Club from 7:00-10:00 pm. Finally, on **November 30th**, **Acoustic Steel** for Supper Club from 7:00-10:00 pm. Be sure not to miss any of these events. Tell your friends and come enjoy some wonderful music by these wonderful entertainers.

Don't forget about our Buckeye Football! November 3rd, OSU v. Nebraska, November 10th, OSU @ Michigan State, November 17th, OSU @ Maryland, and November 24th, OSU v. Michigan. You will want to join your friends for the November 3rd game which will be our annual Potluck game day. Look for more information on Facebook, Twitter, and the weekly e-News. Also, be sure to join us the night before "THE GAME" on **Friday November 23rd** for the **Beat Michigan Party** featuring the Cat & Howard Show, featuring their OSU Buckeye Pep Band.

Looking forward, we have a busy holiday season planned at the Club with lots of great parties and events. The annual **BLYC Speaker Series** will start up in January. Once again, P/C David Luttenberger is lining up interesting and informative speakers and topics for your enjoyment. Check the Log and the website for a full schedule coming soon. As in previous years, these will be on Thursday evenings, January through March, at 7:00 pm.

Please remember to make your reservations either by using the online feature through the website or you can call the Club directly. This will help our wonderful staff to serve you better as we start entering the holiday season.

I look forward to seeing you at the Club either for an OSU football game or for a Supper Club.

Happy Thanksgiving!

Jeff Hamilton

BAR & KITCHEN

- Vice Commodore Mark Pyle

The vivid fall colors once again paint the local landscapes, the ghastly ghouls and goblins briefly held the stage at Halloween and another World Series is in the record books. Time now to turn our focus on the holidays and the series of special Club events on the horizon. We will continue hosting the OSU tailgates through the remaining 2018 regular season including a couple of special events. For the Saturday, November 3rd OSU game against Nebraska, we will host what has become the annual member potluck dinner. Members have the opportunity to show off their favorite recipes and skills in the kitchen. At this writing the start time for the Nebraska game was TBA so please check your weekly e-News and the Club kiosks in the bar and entryway for game time.

Please remember that the Club is closed for Thanksgiving on November 22nd to allow staff time to enjoy the holiday with family and friends. We will be back the next day in full force, so make sure to mark your calendar for the annual Beat Michigan Party on Friday, November 23rd. With top-notch entertainment, enthusiastic OSU fans, and our energetic staff here to serve you, it is sure to be another memorable party.

We plan to roll out the new winter menu on November 14th with new items, some old favorites, the continuation of weekly features, and the addition of Daily Specials. For the core menu we plan to add a crispy risotto cake w/ bacon appetizer, Salisbury steak and roasted pork loin entrees, triple-decker gourmet grilled cheese and chicken salad sandwiches, a buttered pasta side dish and the return of carrot cake for dessert. Our daily specials will be served one day per week and they include: Wednesday — Cabbage Rolls, Thursday — Beef Stroganoff, Friday — Prime Rib or Walleye, Saturday — Chicken à la King, and Sunday — Smoked Meatloaf. Chef Josh will continue to surprise members with his weekly features and our bar staff plans to introduce new and interesting weekly drink specials for your enjoyment.

Don't forget that the Club is available for your private parties and Paul can assist members with scheduling a party or meeting joined by Chef Josh to assist with your menu selections. During the off season, we open the Club fewer hours and operate with a reduced staff, so we may need additional planning time to assure we can accommodate your party request.

We are very fortunate at BLYC to have a dedicated Bar & Kitchen team focused on delivering an enjoyable member experience. I am confident that Paul and Chef Josh, along with our Entertainment Governor Jeff Hamilton, will work to make your dining and entertainment experience at BLYC the best it can be. If you ever have suggestions or questions, please do not hesitate to ask them, or feel free to contact me directly.

Mark Pyle

JUNIOR TRAINING

- Governor Mike Bruckelmeyer

The Yacht Club's Junior Training Program is for children and grandchildren of the members of the Club to come together to learn about aquatic sports and activities.

Planning for the year is underway and the Travelers Series Regattas, Sailing Camps, and Junior Bay Week at Put-In-Bay are the focus of the planning. We will again have the Powerboat License Course (adults and children), Scuba Diving Experience, and Summer Movie Nights by the pool. Additionally, with the return of full pool on Buckeye Lake, we anticipate hosting a I-LYA Travelers Series Regatta for the first time in several years.

We will have a busy and exciting year but I need your help. Please think about other activities and things you would like to do during the year. The bulk of our activities are centered around the summer months but I would like to do more for you during the other times as well. This program is for YOU, so let me know YOUR ideas and let's have some FUN!

Finally, the BLYC Junior Sailing/Training program is a self-funded organization that relies upon its OWN fundraising activities to pay for its activities throughout the year. We rely upon your financial support through fundraisers and donations to pay for equipment, instructors, and coaches, regatta fees, and camps. We continue to offer our commemorative brick pavers for you to purchase. The BLYC Training Program is a 501(c)3 charitable organization so your donations are potentially tax-deductible — consult your accountant or financial adviser. Please see me or the Yacht Club's website, Juniors tab, for an order form and instructions.

Fair Winds and Following Seas!

BLYC AUXILIARY

Summer BLYC Auxiliary hosted an Oktoberfest event on October 11th with 24 in attendance. Chef Josh prepared two German entrées which were paired with German-inspired beers. Guest speakers, Ann Oliver and Don Hite, discussed growing up on a farm — Ann in Germany and Don in central Ohio. Betty Kamphowe brought Bavarian clothing, the Bavarian flag, and beer mugs. Betty discussed the wearing of lederhosen and Bavarian hats by the men and dirndls with ruffled blouses by the women. The ladies and Don sported a heart shaped gingerbread cookie around their necks with icing reading "Welcome to Oktoberfest," traditionally held from September 22nd to October 7th.

A short business meeting followed with a discussion of the August fundraiser. Susan proposed tenting the entire yard just in case the weather becomes a problem. Some of the ideas implemented this year were very successful. Releasing tables to go to the buffet was well received. The menu was discussed with Paul and Josh and the arrangement of the buffet will be addressed for next year. We will revamp our check in arrangements to simplify the effort.

Trunk or Treat was held for the Village of Buckeye Lake on October 31st. Erin and Chris Russell represented the club again this year. We are grateful for their participation in this community event.

With the holidays approaching, you will be informed of the many club events. Please check your emails and the club website for updates on activities that will be available for members and their families. Watch for information on the Children's Christmas party with Santa, Mrs. Santa, and their elves. If you would like to help with this family event, please contact Julie Brucklemeyer at mbruckel@columbus.rr.com. Raffle tickets will be sold shortly for our November gift basket. We are changing it up with a gift tray featuring a beautiful wooden cigar humidor, a collection of cigars, an incredible bottle of bourbon and sipping glasses. Tickets are 1 for \$15.00 and 2 for \$25.00. This would be a great gift for the cigar smoker in your family. The raffle will be held at the halftime on Saturday, November 24th, the OSU - *ichigan game. Check with any board member for more information. Our next meeting will be held November 8th. In keeping with this Beat Michigan theme, our dinner will feature tailgate favorites! Look for a 50/50 raffle and some new Buckeye gear.

Also at the November meeting, we will be offering our third trunk show of the year. The new items to be sampled will be available to special order. The trunk shows have been well received and help us keep our expenses in line. Look for a nice selection of holiday gifts for the home and also new styles of apparel for both men women.

Looking forward to seeing you then!

Your 2018- 2019 BLYC Auxiliary Board
Susan, Sue, Stephanie and Claudia

RACE & REGATTA

- Governor Dave Paligo

The morning chill has returned, the leaves are falling, the sporadic rain has returned, ODNR has been lowering the lake, and all that I can see is the end of the sailing season and a long gray & white winter stretching out before me.

Looking back on the 2018 Racing/Sailing season, many changes have taken place with our growing sailing fleet. As I write this, I'm reflecting back to our race season. I thought of the countless little bits of knowledge we took for granted every race as we prepared the boat. What really stands out to me was that after every race, during the post-race socializing at the RC shack, we discussed what teams were doing to improve their boat handling, sail trim, and a better understanding of the rules which, in turn, improves the competitiveness of the fleet.

After only a one year of fleet rebuilding, we continue to see more people interested in sailing and racing sailboats — not only because sailing is fun, but because they have heard that the Buckeye Lake Yacht Club is social, friendly, and supportive of new racers, yet, at the same time, highly competitive.

This off-season, we plan to undertake a full re-evaluation of sailing at our Club to identify the needs and wants of the membership in order to better plan for a strong, active program moving forward. We are already looking forward to the 2019 boating season and the club would like all members to give us your thoughts, and help us get this effort underway. Stay tuned to this newsletter for further developing news and updates.

Prep well, sail fast, and sail safe!

DOCKS & RENTALS

- Rear Commodore Bruce Ames

"November is for Contenders!" — Earle Bruce

GO BUCKEYES!

By the time you read this our fall clean-up day will be behind us and the lake will be nearing its winter level. Winter is coming!

Our original plans to start work on the seawall around the pool area has changed thanks to ODNR and the Army Corps of Engineers. We are still waiting for the proper permits. So, in order to keep progress moving forward we have redirected our focus on getting the Eastport docks extended for use in the 2019 boating season. I will keep you posted!

The finance committee is currently working on the 2019 budget and one of the big items will be to review revenues from dock rentals. We will be making changes in rental rates to be more consistent and competitive.

HOUSE & GROUNDS

- Governor Charlie Campbell

Welcome to fall at the BLYC.

We have been busy "battening down the hatches." After summer's fun we have many winter projects — one of which is Fall Work Day on October 21st. By the time you read this, it will have come and gone. I want to thank all who helped. I'm sure that it was a beautiful success. We are still waiting for the Army Corps of Engineers to issue their "OK" so we can start our seawall by the pool. Our pool is in need of some major repairs which will be completed in time for our opening in 2019. I ask that when crossing the bridge when it rains, snows, sleet, or hails for you to please grab the hand rail. The surface can get slippery. We are working on a new BLYC gate and preparing to do some needed interior repairs and painting. There are a lot more club beautification projects completed each day by the House & Grounds staff — all of which P/C Tim Ryan will gladly furnish you with a summary.

Until the next time, which there will be, stay safe.

FINANCE COMMITTEE

As members may be aware we are currently in budget preparation season. With an operation the size and scope of BLYC, developing the general operating budget is time consuming as costs are closely scrutinized to make sure we develop a fair and achievable budget while also identifying and prioritizing the key capital improvement projects. The finance committee completed the budget process in late October for delivery to the full board approval in early November. We expect the Trustees to review, comment, and approve the budget on or before the December regular meeting, barring any surprises. At that time, the Board will be in a position to announce the member dues and capital improvement fees to be billed in January 2019.

On the operating budget side, we had success in protesting the property taxes on the Club and island and getting the value reduced by approximately \$200,000. However, all of the other property values increased. We are now on city water and will need to factor a relatively unknown cost into our budget. We saw insurance costs increase for a variety of coverages including casualty, cyber security, and workplace violence to name a few. We continue to feel upward pressure on labor costs due to the tight labor market and increased demand for better service during peak times. To remain competitive in this tight labor market we continue to offer full time employees limited health coverage and have started an unmatched 401(k) plan.

On the capital improvement side of the coin, we have several expensive projects underway or awaiting government approval. We've begun the design and offsite build effort for the Eastport dock extension and reconnection of the docks to the shore as approved by ODNR. We await the Army Corps of Engineers to approve phase I of the seawall replacement around the pool, with construction expected to begin in spring 2019. There are several docks surrounding the island that still need care and assistance along with the race starting shack and committee boat. We have bids coming in to replace the stairs coming up from the parking lot, improved bar & kitchen ordering system, replacing the bridge gate, additional security measures, and several other improvements needed for our venerable Clubhouse and properties. Fortunately, we have an untold number of generous members who have participated in or contributed to the BLYC auxiliary fundraiser, which helps fund some of the efforts as well as those individuals who regularly donate their time, skills, and treasure to this Club.

Thank you for your continued assistance!

BLYC's Fifth "Tar Social"... 1910

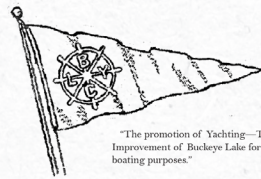

Those who have read up on the history of BLYC have certainly encountered the phrase "Tar Social" on more than one occasion. Apparently, these events were quite common in the early years of the club. A few years back, Commodore Foster wrote a piece for the *Log* about these events and deciphered the origin. While cataloging the volumes of old documents which Frank had saved through the years, I came across the invitation pictured to the right. I have digitally remastered it and plan to display it in the Cupola Room upstairs.

We all know what a "social" is. Some of us will think of church picnics. Those of us who are known to enjoy various pub entertainers both here at Buckeye Lake and at Put-in-Bay may think of a time for drinking and toasting each other. Either way, it's a time to enjoy each other's company. But, what is a "Tar?"

Thankfully, Frank did a fair amount of research on this and we now understand that "Tar" is an old slang term for a sailor. From his 2005 article...

"A 'palling' is a canvas cover used for covering a hatch or other object on a ship. Tar was used to seal ship hulls and waterproof sails. When tar was applied to a palling, presumably to make it waterproof, it became a 'tar palling.' That two-word term got compounded in time to 'tarpaulin.' Because tarpaulins were associated with ships, the word 'tarpaulin' became an informal or slang name for 'sailor.' That usage got shortened to 'tar.' So, a tar is a sailor. It's in the dictionary. If you have been around tar, you know how it rubs off to blacken your clothing and your skin. With all that tar on the sails and covers, I suspect sailors had a lot of black tar rubbed off on them. The appearance of a sailor must have made calling him a tar very appropriate."

So a "Tar Social" was a sailors' social. I assume that to include powerboaters as well. One will easily notice that there is a powerboat, and not a sailboat, pictured on this invitation from 1910.

"The promotion of Yachting--The Improvement of Buckeye Lake for boating purposes."

CAPTAIN JONAH

There's propellers on his fingers, rudders on his toes,
He swims just like a swordfish, has searchlights on his nose,
So come to the social, get under way,
See Mister Captain Jonah Jiji-boo J.
He dresses up in seaweed clothes, don't have much to say,
And eats just like a seahorse, corned-beef, clams or hay,
Drinks on y gasoline, stows it all day,
Come see old Captain Jonah Jiji-boo J.
(Apologies to the lady with rings on her fingers)

We take pleasure in announcing the

5th Tar Social

Buckeye Lake Yacht Club

Monday Evening, February 21, 1910, 6.45 P. M. Sharp
In United Commercial Travelers Building, 24 W. Goodale Street,
Columbus, Ohio

On behalf of the Club Membership we cordially invite you and your friends to attend this mid-winter regatta, to eat hard tack, hear "old" salts from the big waters spin "new" yarns, to sing in congregational style with the Marine Choir and generally to enjoy yourself for an evening on the main deck, in real sea going style in the briny atmosphere of Happy Harbor

THE COMMITTEE

Geo. F. Mooney, Chairman

"The tables were beautifully arranged with miniature yachts and flowers and the colored ensigns on the walls gave the banquet hall quite a nautical appearance. The menu was printed in nautical terms."

- The Newark Advocate; February 28, 1910

In that year, 1910, both the club and lake were young. One of the primary early purposes of BLYC was to work with state officials to facilitate improvements at Buckeye Lake. As such, many of the speeches that evening — which apparently went well into the night — were focused on that effort.

"Improvements at Buckeye Lake were talked over and met with a very cordial response from the yacht club members. General John C. Speaks urged the restocking of streams and lakes with fish and urged the support of club members. Pledging his aid in doing more for Buckeye Lake, George H. Watkins, of the state board of public works, made the speech of the evening and he was enthusiastically cheered."

- The Newark Advocate; February 28, 1910

This off season, we will undoubtedly have many "socials" during which members will gather, feast, and enjoy each other's company much like our predecessors did over a century ago. Once again, improvements around the lake will be a part of the discussions. There's no doubt that sailors (and their landlubber friends) at BLYC know how to hold a social. I'm not too sure about the singing though...

These events were an opportunity for Club members to get together in the off season when enjoying boating on the lake was not possible. The 1910 event, held in the UCT Hall in Columbus as our Clubhouse was yet to be built, was advertised as a "Mid-Winter Regatta" for "tars of BLYC and their landlubber friends" and heralded in the press as a "grand affair."

"The fifth 'Tar Social,' held recently by the Buckeye Lake Yacht Club at Columbus, O. was some function. Ample provision was made for intellectual and physical feasting. The usual collections of verses for singing purposes accompanied the program, from which this gem of maritime mirth is extracted:

*My breakfast lies out on the ocean,
My dinner is down in the sea,
My supper is all in commotion,
Oh, back to the dry land for me.*

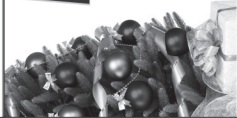

The "Tar Social" was a howling success."

- Powerboating Magazine; April, 1910

Although held in Columbus, miles inland from any major body of water, the evening (and the press coverage) had a distinctly nautical theme:

"The main deck of the club house was rigged up especially for the event and everything was shipshape from the quarterdeck. A bad squall was only prevented by the pipe to hammocks, for when the sailors from Buckeye Lake started their yarns the breeze blew with great force.
