### COMMODORE DONALD DICK

#### Did you See our Lake on June 1<sup>st</sup>?

Wow! Over 50 sailboats from all over the region came to Buckeye Lake for the Kick-Off Regatta of the I-LYA Junior Traveler Series. All of those boats on the lake, great wind, great racing, and a packed club... *"Just Like the Old Days!"* A big congratulations goes out to Governor Bruckelmeyer, his committee, the race officials, and the army of volunteers who helped make this great event possible. The compliments and comments we received from the visiting sailors, their families, and people around the lake community were outstanding. Great job one and all! I would also like to thank our neighbors at the Boat Yard for generously offering all of the participating sailors a discount on ice cream after the racing. It was a wonderful gesture and helps demonstrate just how great of a community we have here at the lake.

The summer (well, lately it's felt a bit more like fall) is in full swing and there's

a lot going on at the Club. Governor Hamilton has a full line up of great entertainment and this month brings the "Cruisin' at the Yacht Club" Car Show, the Annual Golf Outing, and maybe most exciting of all, the return of BLASST, our community fireworks display, on the 3<sup>rd</sup>. Remember, BLASST is a community effort and funded through donations. Please support this great Buckeye Lake tradition.

As this is our busiest time of the year, I would like to remind the membership of few items. First, please make reservations when planning to dine at the Club. Our staff does a fabulous job, but it adds an extra burden on them, and ultimately longer waits for you, when we don't know what to expect. You can call the Club or — even easier — make your reservations online via our website. Second, parking is always an issue, but with increased activity at the lake this season it will be even more so. Please display your parking passes and get temporary passes from the bar for your guests. Unfortunately, we have a lot of non-members using our lot and we're going to have to start towing those who do not have permission to park here. Finally, please remember that "private" parties at the Club help us to maintain revenue and, as a result, keep dues low for our members. These parties are always listed on the Club calendar on the website. Please be patient and understanding of higher usage during the summer season. This is a good problem to have!

#### See you at the Club

## BAR & KITCHEN

- Vice Commodore Mark Pyle

### It's been a fantastic summer thus far!

In spite of the uncooperative June weather, we experienced one of our best spring seasons in years. Thanks in part to our new docks coming to completion, sailing returning to Buckeye Lake, the island and pool repairs in place, and our kitchen, bar, and dining teams fully staffed for the season, bar and kitchen traffic has picked up considerably. We continue to regularly assess service quality and will adjust staffing levels accordingly. As we hope for better weather in July and look to the return of BLASST fireworks and a number of Club events scheduled for the month, the kitchen team has introduced a new menu for the summer, so check out the new selections. Also, Chef Josh plans to continue offering weekly specials to compliment the new menu.

As we move forward into the summer season, we will be expanding the capabilities of the NCR-Aloha point of sale system by adding mobile, hand held ordering devices. The devices will allow servers to place food and drink orders directly from your table to cut down on travel time. Servers will be able to confirm your orders before sending them to kitchen improve order accuracy and timing. Members will have the ability to complete credit card payments without the credit card leaving the table. We hope to have the system up and running by early August

## Introduction to Heavy Wind Sailing

It's been a windy summer and it seems that some boats seem to do very well when it is blowing hard. I thought we could give some examples of a few tricks to use to make the boats go fast while staying upright in the puffs.

- Know your team's skill, experience and confidence. If it's blowing more than 20 knots, gusting to 25+ (25-30 mph), consider staying home.
  - When windward, use the mainsheet to spill off wind. Put the traveler down to twist off some wind aloft. It's okay to sail with a bit of a bubble in the draft — it's faster than getting knocked down.
  - If your mainsail is continually backwinding and flogging, it's time to change over to the jib. We usually do this when whitecaps are showing up (12 mph) and lately, even in medium air, when puffs seem to frequent the course.
  - If it's really blowing (and surviving is an important factor), a reefed main may be in order. Hopefully you've practiced how to do it beforehand. It is better to leave the dock reefed as it is easier to shake the reef than try to put one in on those rough and choppy conditions.
  - There are obvious sail adjustments one can make to flatten the mainsail (and decrease the power) by pulling tight on the outhaul and backstay. Once adjusted, get the boomvang on tight. Adjust the cunningham once you are on the wind and see how the backwind from the jib affects the forward shape of the main. You want just a slight backwind along the first few inches of the main luff.
- One important thing is not to let the boat heel too much in the puffs. The skipper or a crew member is always on the mainsheet letting it out to keep a fairly even keel and the boat driving forward and not standing on its ear.
  - Some boats play the traveler in the puffs, but we find that with a boomvang on tight we can ease the mainsheet quickly to spill air from the main and still maintain good mainsail shape and speed.
  - Going downwind is probably the most exciting part of heavy air sailing and those who do it well can pull away from the fleet. Going deep (falling off) in the puffs will increase your speed, lets you stay in the puff longer, and helps you maintain stability in your boat. Having someone call out the puffs for you is important so you won't be surprised when it hits.
  - The biggest thing in heavy air having confidence in your steering ability to handle the puffs and the gybes. This means practice — and there are a lot of opportunities to go out on those windy days and practice heavy air sailing with your team.
  - Safety is the most important aspect of heavy air racing. Be sure everyone has a working PFD, and the boat has a throw line for MOB situations. It is always important that the crew has run through a MOB drill and knows what to do. It can happen to the best of us. If you wonder whether the crew should be wearing PFDs, they probably should be.

- Rear Commodore Bruce Ames

### JULY... WOW, WHAT A START!

The summer kicked off to a good start with a great Memorial Day weekend followed by the Junior Regatta on June 1<sup>st</sup>.

Once again, I would like to thank everyone for being patient with our dock construction. We still have finishing touches in progress as well as other projects around the club. Busy year but worth the wait!

If you would like to put your name on your dock please contact Dandy at Pal Printing in Hebron — (740) 928-8933. Dandy knows what to order to match the dock tags.

**DOCKS:** Even though you may have paid for dock you must also sign and return the "Dock Rental Agreement" form before using your dock. I will be checking!

**SAVE THE DATE: SEPTEMBER 22** — We need at least 130 members to attend the Annual Meeting and vote on much needed updates to the club's constitution... (More to come)

## JUNIOR TRAINING

- Governor Mike Bruckelmeyer

### WOW!

#### ... Junior Sailing is definitely back at Buckeye Lake!

We started with an absolutely fabulous I-LYA Traveler's Series Regatta on June 1<sup>st</sup>. I would like to congratulate and THANK everyone who made this an exciting and memorable event for our Club and our guests. We hosted 74 Junior Sailors and their guests and watched 58 sailboats competing in the kick-off of the I-LYA sailing season. We are still receiving complements on your efforts. As usual, the Buckeye Lake Yacht Club set the standard for many years to come. **Thank you!**

The BLYC 2019 Sailing Camps were a tremendous success! We are all so proud of our 40 young Sailors who learned the joys of sailing. Their excitement and confidence is contagious!

A big THANK YOU to our Coaches — Susannah and Katy Schroeder — and their crew — Olivia "Mast Monkey" Smith and Michael Van Huffel. **You guys are great!** I also have a special thank you to our adult counselor, Tami Schroeder and her assistant, Lily. We could not have done it without you!

Be sure to come out to the Annual Pancake Breakfast on July 4<sup>th</sup>. Our youth will be serving up a delicious breakfast before the Club's Flag raising ceremony. Breakfast will be from 9:00-10:30 am with the flag ceremony at 11:00am

Registration for the SCUBA Diving Discovery Class (July 13, 9:00 am) is open on the BLYC website. Space is limited and is for youth aged 10-18.

I hope to see you supporting and cheering for the BLYC Junior Sailors at the I-LYA Junior Sailing Championships (July 14-18) at Put-In Bay. "Junior Bay Week" is an exciting event where the BLYC Team will compete against other sailors from I-LYA member Clubs. Team Night is Tuesday.

I am still tallying the financial results of the Shrimp Boil on Memorial Day weekend but I know it was a success! Everyone enjoyed the delicious dinner, and entertainment. This is an annual event so mark your calendar for May 25<sup>th</sup>, 2020!

During the summer months, we are focused on preparing for the White Hot Summer Night Party, an auction on August 3<sup>rd</sup>. This is our biggest fundraiser of the year. ## HOUSE & GROUNDS

- Governor Charlie Campbell

### **The Gate:**

As you pass over the bridge to the club you will now enter through the old but “new” BLYC entrance gate. It is refurbished to its original splendor.

### **Trash:**

There are trash cans located around the pool. Please use one when you are finished with your drinks or food. When taking a drink into the pool please be sure to take out what you took in — In particular straws and children's toys. We are finding them in our pool filtering system baskets. These baskets are designed to catch items prior to entering our pool's filter. We do not need for one to go to the filter.

### **Parking:**

Our parking lot is for our members and their guests only! After paying your 2019 BLYC fees you should have received two red 2019 parking stickers. Place a sticker in your vehicle on the lower left of your front windshield or dashboard. This identifies you as a member. If you misplaced or have more than two autos call or stop into the club to obtain more. Your first two stickers are free any after are \$5 each. For your guests, have them stop at the bar to get a visitors pass. They should display this in the same area. The club has designated Johns towing to remove illegally parked vehicles. Failure to display your sticker can be cause for your vehicle to be towed.

## FINANCE COMMITTEE

We continue to review expenditures very closely, particularly our capital outlays for the year. We've reviewed the member roster for the year and recommended the appropriate revenue adjustments to consider drops, demits and new members. This month, the committee will meet to update the capital improvement budget. We have to consider unexpected costs— such as the large pool umbrella shredding in a recent windstorm — that were not anticipated at the beginning of the year and address the timing of projects still on the horizon. Our objective is to maintain a disciplined spending approach to stay within the approved operating and capital budgets.

As a reminder, September 22, 2019 is a critical date for helping to move the Club forward and we need your participation to bring our governing documents into the 21<sup>st</sup> century. Please make plans to attend the member elections and Annual Meeting to participate in this key effort. We need your attendance to garner a quorum sufficient to make the needed changes.

# SAVE THE DATE!

SUNDAY, SEPTEMBER 22<sup>NH-D</sup> - 2:00 PM

## BLYC ANNUAL MEETING

We need a quorum of members in order to consider much needed updates to the Club's Constitution. Please plan on attending.

## MEMBERSHIP

- Governor Brian Thom

Please join me in welcoming our newest members of BLYC...

**Marilyn McConnell Willis**

**William "Ben" King & Cynthia**

**Mark & Michelle Delmatto**

*If you see them around the Club, please introduce yourself and make them feel welcome.*

With the renewal of interest in Buckeye Lake, we also have a lot of interest in membership in the Club. If you have a friend, relative, or coworker who enjoys the lake, please invite them to consider the advantages of membership in the Club. Compared to most private clubs in the area, our initiation fee and annual dues are *very* affordable — *plus... no monthly spending minimums!*

Those who have traveled around to other yacht clubs will also attest that the amenities offered to our members at BLYC rival those of some of the more "elite" yacht clubs in our region while maintaining our casual, open, and friendly atmosphere.

If I can be of assistance in showing prospective members around and answering their questions, just let me know!
