COMMODORE
MARK PYLE

What an amazing fall season! As always, a reminder to those still holding on for that last outing of the season, ODNR will be lowering the lake level this month and it's time to move your boat to shore. If you have any questions regarding our docks or renting boat storage, Governor Thom stands ready to assist you. While the autumn leaves display their brilliant colors, we are preparing the Club to move our entertainment and events indoor to our warm and cozy fireplace room. Governor Hamilton has a complete lineup of talent scheduled for the month of November, so please check out his article, the website calendar, and the weekly e-News for more information. In addition to the regular musical talent, he is bringing new ideas to expand our entertainment offerings this fall/winter.

As you'll notice, we continue to move forward, completing several of the capital projects started earlier this year. Rear Commodore Campbell is working diligently to see our contractors wrap up the major projects so that we can take on new projects in spring when the water

levels rise again. This year we have a couple critical repair projects on the horizon. Our kitchen floor tiles continue to crack throughout the entire space, which is a health department violation. While we've continued to patch and replace the tile, the time has come to reinforce the base, install a strong underlayment and replace the floor. In addition, our beautiful bar top is in need of a proper refinishing which takes about a week to complete. We are working to coordinate the timing on these two projects and anticipate closing the bar and kitchen for about a week in early January. We will have more details available in December.

Your board members, along with Communications Governor Hein and our webmaster, P/C Steve Harris, devoted a lot of time and effort in October to updating the Club calendar for the year. Not only are we including our entertainment and special holiday events, but Governor Bruckelmeyer has included our Junior Sailing events and camps, Governor Paligo introduced sailing race schedules and award nights, Vice Commodore Ames layered in our known private parties while Governor Tobias plotted our key membership events. We will continue to update the calendar throughout the year to keep you up to date on the happenings at the Club.

As the November nights become longer, the rain gets colder and the trees shed their leaves your Board continues to remain positive and strive for improvements along the way, always looking forward and reminded by the words of Guns N' Roses:

*So nevermind the darkness
We still can find a way
'Cause nothin' lasts forever
Even cold November rain*

Commodore Mark Pyle

BAR & KITCHEN

- Vice Commodore Bruce Ames

As I transition to my new role of Bar & Kitchen Governor, I just can't seem to get my head out of Docks & Rentals. In particular, I'm still bothered by the gull problem down at the Eastport docks. So... Chef Josh & I have been working on a few ideas... stay tuned for more information on these new, creative dinner specials...

Seriously though, I am looking forward to the challenge of this new position and we've already hit the ground running. The new Fall/Winter Menu has gone to press and you can expect it to be rolled out mid-month. If you want to take a look at it, stop by the Club's website under the "Gob's Mess" menu tab.

One of the biggest challenges we always face in the bar & restaurant operation, particularly in the off-season, is maintaining proper staffing levels. It is *imperative* that you make every effort to make reservations — not just for events (which is most critical) but for regular dining as well. You can make reservations through the website or by calling the club. Please help our staff to better serve you by taking a few moments to do this.

Note that we are now attempting to include private parties on the Club calendar. This is simply to make you aware that they are scheduled. The dining room and bar remain open for normally scheduled member service during these times.

If you haven't joined us for a Buckeye "Tailgate" party, you're missing out. Second only to the Shoe, BLYC is the best place to enjoy the game! This month will be full of excitement with Penn State and Michigan ahead of us. And yes... if things keep going well, you can expect us to be open on January 13th!

See you at the club!... GO BUCKEYES!

Bruce Ames
Bar & Kitchen

ENTERTAINMENT

- Governor Jeff Hamilton

It is hard to believe that November is here, and the holiday season is fast approaching. Thanksgiving is a chance to spend time with friends and family and to reflect on what you are thankful for. We all should be thankful that we have such a great place to gather to meet new and old friends.

November will be a month full of entertainment at the Club that you do not want to miss. To kick the month off, on November 1st, we have Supper Club with the **Gayla Smith Band** playing from 7:00-10:00 pm. On Friday, November 8th, we have the **Lakeside Trio** for Supper Club from 7:00-10:00 pm. The **Kay Carter Band** will be playing for Supper Club on Friday, November 15th from 7:00-10:00 pm. Join us on the 21st for another **Thirsty Thursday!** This month, we feature **AJ Angelo** for this popular, mid-week escape to the lake. Finally, on November 22nd, we have a newcomer to BLYC. **Brad Fuller** will be playing Supper Club from 7:00-10:00 pm. Brad is a singer/guitar player and seasoned cover musician who specializes in classic tunes from the 60's, 70's, and 80's that we all know and love. He sings classic rock, blues, pop, and country. You can visit him at www.bradfullermusic.com. Be sure not to miss any of these events. Tell your friends and come enjoy some wonderful music by these outstanding entertainers.

Don't forget about our **Buckeye Football!** November 9th — OSU v. Maryland, November 16th — OSU @ Rutgers, November 23rd — OSU v. Penn State, and November 29th — OSU @ Xichigan. Also, be sure to join us the night before "THE GAME" on Friday November 29th for the **Beat Xichigan Party** featuring **Cat & Howard with the OSU Alumni Pep Band**. This is always a great evening that you do not want to miss. We will also have our annual table decorating contest the day of the Xichigan game.

Looking forward, we have a busy holiday season planned at the Club with lots of great parties and events. The annual **BLYC Speaker Series** will start up in January. Once again, P/C David Luttenberger is lining up interesting and informative speakers and topics for your enjoyment. Check the *Log* and the website for a full schedule coming soon. As in previous years, these will be on Thursday evenings, January through March, at 7:00 pm.

Please remember to make your reservations either by using the online feature through the website or you can call the Club directly at (740) 929-9941. This will help our staff to serve you better as we start entering the busy holiday season.

I look forward to seeing you at the Club!
Happy Thanksgiving!

FINANCE COMMITTEE

The Finance Committee continues to meet and review our financial position and make recommendations to the Board for consideration. First and foremost, we are working on the fiscal year budget for the 2019-2020 year. As part of that effort we challenge all operating expenses along with capital expenditures to determine appropriate pricing for membership, dues, docks, and rentals. We only recommended one fee change for 2020 which the Board approved in October and that is an increase in boat storage rentals fee from \$275 per year to \$395 per year. In 2018, with the Licking County property value reassessment, real estate taxes increased significantly and insurance costs for the property continue to rise with inflation and risk. We identified areas where property maintenance and repair costs for the area have either increased or need to be stepped up. Finally, we looked at other local boat rental fees and even with the increase, the Club fees remain below the market price charged by local marinas.

In October, we partnered with a risk management specialist from our insurance company, Hanover Insurance, to assess our physical facilities as well as our operating practices. We are pleased to report there were no critical issues needing immediate correction in the report, however there are several items identified to help reduce our risk of experiencing a claim going forward. Suggestions included installation of additional hand rails, making electrical upgrades, changes in contract terms and conditions, personal vehicle use policy changes, and boat maintenance record keeping. The recommendations have been reported to the Board and Trustees for implementation as soon as practicable.

Buckeye Lake
A TRI-COUNTY ALLIANCE
2036
CHARTING THE COURSE TOGETHER

WHAT IS BUCKEYE LAKE 2036?

Buckeye Lake Region 2036 (BLR2036) is a grassroots Declaration created in January 2016 by over 270 volunteers to chart the economic growth of Buckeye Lake Region, in order to improve the well-being and prosperity of its residents and businesses.

Buckeye Lake Region Corporation

Buckeye Lake Region Corporation (BLR Corporation) is a non-profit organization open to all political and civic entities of the tri-county Buckeye Lake Region, created to coordinate and implement the mission outlined in BLR2036.

BLYC AUXILIARY

The October meeting of the BLYC Auxiliary was called to order by President Tracey Davis. A short business meeting was conducted. Treasurer Stephanie Dodd reported on the proceeds of a successful White Hot Summer Nights fundraiser and the budget for the coming year was approved. With those proceeds, the Auxiliary will sponsor several projects including the purchase of rockers for the front deck and porch, recovering the dining chairs in the Commodore's lounge, and purchasing tables, chairs, and bar stools for the pool area. It was reported that the Governors are working on shades for several areas around the pool. Tracey is also working with the Governors on the location of the merchandise showcase. Other club improvement projects will be considered for Auxiliary funding.

Planning has started on next year's White Hot Summer Nights fundraiser and committee members and/or worker bees are needed. See any Auxiliary officer to volunteer.

With the holidays approaching, your officers will keep you informed of the many Club and Auxiliary events. Please check your emails, the club website and the *Log* for updates on activities for you and your family to enjoy. The Auxiliary will again be sponsoring the popular Children's Christmas Party complete with Santa, Mrs. Claus, and their elves. Contact Julie Bruckelmeyer at mbruckel@columbus.rr.com to volunteer.

The Auxiliary appreciates everyone that assisted or donated to Trunk or Treat. It was great to see the little ghosts and goblins enjoy the event.

The Auxiliary's next meeting will be on November 14th with Social Hour/Dinner at 6:00 pm and a business meeting at 7:00 pm. At the conclusion of the meeting the Vice Presidents will host a line dancing class. Come get your "boot scootin' boogie" on!

**We wish you and your family a
Blessed and Happy Thanksgiving.**

JUNIOR TRAINING

- Governor Mike Bruckelmeyer

The Club's Junior Training Program is for children and grandchildren of the members of the Club to come together to learn about aquatic sports and activities.

Planning for the year is underway and the Travelers Series Regattas, Sailing Camps, and Junior Bay Week at Put-In-Bay are the focus of the planning. We will again have the Powerboat License Course (adults and children), SCUBA Diving Experience, and summer Movie Nights by the pool. We will have a busy and exciting year, but I need your help. Please think about other activities and things you would like to do during the year. The bulk of our activities are centered around the summer months but I would like to do more for you during the other times. This program is for YOU, so let me know YOUR ideas and let's have some FUN!

I am looking to update and redecorate the Junior Room so I need your ideas and decorating expertise (NOTE: I have NONE) to make your space more useful and enjoyable.

Finally, the BLYC Junior Sailing/Training program is a self-funded organization that relies upon its OWN fundraising activities to pay for its activities throughout the year. We rely upon your financial support through fundraisers and donations to pay for equipment, instructors and coaches, regatta fees, and camps. We continue to offer our commemorative brick pavers for you to purchase. The BLYC Training Program is a 501(c)3 charitable organization so your donations are TAX DEDUCTIBLE. Please see me or the Yacht Club's website, "Juniors" tab, for an order form and instructions.

RACE & REGATTA

- Governor David Paligo

As I write this, I'm reflecting back to our 2019 Racing/Sailing season. What really stands out to me was the idea we had at the start of the year — if you build a good program based on the 4 E's — *education, equipment, events* and *enjoyment* — sailors will come.

We started a little slow, then participation picked up with each event.

- Sail-On-Sunday (SOS) Spring, Summer & Fall series had 4-7 boats to the starting line.
- Labor Day Long Distance race had 8 boats to the start line.
- The Snowball Regatta was held early this year yet we had 5 Interlake's and 6 PHRF boats in two different start sequences — that's 11 boats! A little history flashback... in 2014 there were 13 boats entered in the Snowball Regatta.

Even though it is early November, we are already working on the 2020 calendar for Race & Regatta events so stay tuned to this newsletter for developing news and updates.

EXPERIENCE THE SYNERGY

GOOD NEIGHBOR COMMITTEE DOCKS & RENTALS

It is that time of year again!

The Good Neighbor Committee has kicked off their planning for this year's Christmas Party. Local families are invited to come meet Santa and receive Christmas goodies and gifts for the children. For the past 18 years, BLYC has been the home to a Christmas Party hosted for over 120 less-fortunate children of the Buckeye Lake area, and we need your help to make it a success this year. After 19 years of dedicated leadership, Commodore Joe and Joni Campbell have decided to step down and are turning the reigns over to Commodore Greg Miller and his daughter, Mallory.

How does it work?

Lakewood Schools will select families in need from the area, and each child provides us with a Christmas wish list for the committee to utilize when shopping. The committee asks members to sponsor a child for \$50.

When is the party?

The Christmas Party is December 15th from 2:00 pm to 4:00 pm at BLYC.

Interested in shopping?

We are always in need of shoppers. Please contact us at GoodNeighborCommittee@gmail.com if you would be willing to shop.

Looking to donate to this cause?

Each year we are able to increase the amount spent per child on toys and clothing through generous donations from members and local businesses; all at no cost to the Club. Last year, members donated over \$13,000! Thanks to your generosity, we were able to sponsor over 125 children at \$100 each.

Please make your checks payable to:

ODNR has announced that they will be lowering the lake level on the 15th. If you're still in the water... well you get the idea!

As we close out another season and look towards the next, I want to remind everyone that the best way to request a dock or rental facility is through the BLYC website. Please use the online forms provided and I will be in touch with you soon to discuss details. Please keep in mind that there are waiting lists for many of our docking facilities. If you have questions, please contact me via the website or catch me at the Club.

HOUSE & GROUNDS

- Rear Commodore Charlie Campbell

A well-deserved thank you to all who attended our semi-annual meeting September 20th. It was great to see over 130 of our members. The proposed quorum change was passed. Also, I was fortunate enough to be re-elected to the Board of Governors. Thank you for voting. I will remain Governor of House and Grounds one more year — a position I truly enjoy. My fellow Governors and Flag Officers elected me to the position of Rear Commodore. I don't know the definition of what a "Rear Commodore" does?

I was honored with the Heber Yachtsman Merit Trophy. I am humbled and very grateful. I thank you.

The front of the club is now painted thanks to P/C Mark Russell, Chuck Fadley, and Kathy Sharpe. The band platform tent and large pool umbrella are now stored for the winter thanks to P/C Mark Russell, Chuck Fadley, and Greg McEntire.

Please avoid the band platform as much as possible as it is being partially removed for final installation of the seawall, Phase I. Pool leak repair is complete. It is now winterized and covered. If you haven't noticed the final touch to our foyer and hallway is now in place. Thanks to Commodore Dick & his wife Peggy our logo — ship's wheel with the BLYC burgee — is now displayed. AWESOME!!

Now let's get with 2020 — Phase II of our seawall construction, directly behind club, will commence soon with an anticipated completion by April. It will accommodate jet skis, kayaks, and small sail boats. No large sail boats or pontoons will be able to use those docks. A new kitchen floor & bar renovation will commence January 3rd with completion in time for Winterfest. During the renovation period the club might have to close. This is your first heads up to watch for information concerning closings, food availability, limited seating, and drink offerings. If any of our members would like to help during this renovation please contact me as I will need help moving our kitchen appliances.

With fall approaching, then winter, I always like to remind all that the bridge gets slippery with dew, snow or just when wet. Please hold on to the hand rail.

Locks on the gates will remain in the open position until after the first of the year. The lock combo, when published, will be the same for the boat slip gates and the entrance gate to the club (end of the bridge).

Charlie Campbell

LOOKING AFT

- P/C Steve Harris, BLYC Historian

"For at least six consecutive weeks during the winter of 1919-20, ice on the Lake afforded wonderful sport although at times an inch or so of water on its surface made it a bit sloppy.... But, with warming food, refreshment and a roaring fireplace in the clubhouse, a few discomforts were as nothing."

**- Kyle Armstrong
The Story of BLYC, 1956**

It's always difficult to watch the end of our summer season and anticipate the cold winter weather ahead. But, activity at BLYC and at the lake does continue throughout the "off-season" months. As has been the case for over 100 years, one activity, in particular, is ice-boating. Sure, we don't always get the ideal conditions we would like, but it is a fun activity nonetheless. According to the Farmer's Almanac, we can expect much colder than normal temperatures this winter — specifically, late January into early February. Perhaps we should start fixing up those ice-boats now and also start planning for other fun activities on the "hard-water" this winter? As we look forward to how we might enjoy this off-season, I thought it may be a good time to update my article from March, 2015.

- SGH

Ice-Boating (and more...) at Buckeye Lake

Iceboat racing is popular in northern areas — way north of here — but not all that common in our area. That has not always been the case. In fact, at one time, it was very popular at BLYC! The earliest historical reference I can find is in Kyle Armstrong's *Story of Buckeye Lake Yacht Club*. He states that the lake, in January 1910, "when frozen over... offered some good, clean, unimpedimented, ice-boating thrills."

He also reports that in 1912, "Two new ice-boats added to the Club's

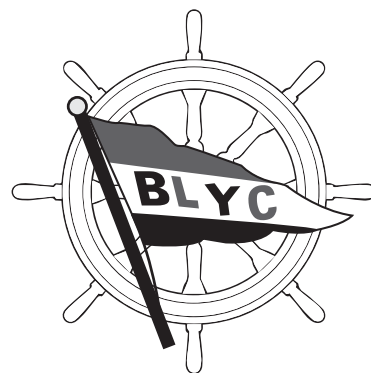

fleet had raised its total to six. They were singing all over the Lake's glassy-hard surface." Given nearly ideal conditions that winter — over 10 inches of ice — the Club advertised the "First Annual Winter Carnival" planned for Saturday, January 12, 1912. The program included an ice-boat race for the Commodore Lynch Cup, "ordinary" and distance skating races, plain and fancy skating competitions, a baseball game on ice, an "old-fashioned snowball fight," and an ice hockey competition — all of which were to be followed by a masked Mardi Gras party that evening. Unfortunately, Mother Nature was anything but cooperative. The day before the big event, the lake was blaketed with a heavy layer of wet snow making iceboating and skating nearly impossible. The morning of the event brought sub-zero temperatures. Beginning at daybreak, a large area was plowed to allow for some of the skating events, but there were few areas suitable for sailing. Even if they wanted to try on those few sunbathed areas or the lake that may have been more conducive, there was zero wind! The baseball game and hockey events went on but the frigid environment was inconducive to hold the Mardi Gras celebration. Remember, this was in the early days and in the original clubhouse — much smaller, built over the water, and presumably unheated or at least inadequately so. Such was the first, and probably last, "Annual Winter Carnival."

In those early days, most iceboats here were "Skeeter Sayre built" — presumably built at Sayre Brothers' Marina next door to the Club. Zenna once told me that Sayre Brothers used to be the exclusive builder of iceboats in this area. I'm guessing that maybe "Skeeter" was one of the Sayre brothers? But, "Skeeter" also refers to a particular design of ice sailer dating back to the early 20th

century.... well, I guess I need to do some more investigation. Those craft were steered from the stern like most "soft-water" boats — unlike the bow-steered iceboats we see today. Iceboating continued in earnest at the Club, as conditions would permit, for many years. I have seen a number of old photos from Past Commodores Lambrecht and Schell showing several DN iceboats lined up for a race. According to Armstrong, in the mid-twentieth century iceboating was a regular part of the Club's racing program!

Either winters were colder then, or Buckeye Lake yachtsmen were much braver. Our history records are peppered with stories of iceboating at Buckeye Lake in the early days of the Club — including one from Frank H. Miller, long-time BLYC member and P/C of Put-in-Bay Yacht Club and I-LYA, in which he recalls the 1917/18 iceboating season ending "with Sid Allen sailing an iceboat on soft, floating ice with Max [Slaughter] and I sailing alongside in his canoe. Nobody thought to take a picture."

I'm not sure that our BLYC iceboaters today are that bold. But, from time to time, we are able to get out on the hard water and scream along the nearly frictionless surface for a thrilling ride — followed, of course, by a rest inside the Clubhouse to warm up, share stories, and have a drink or two enjoying the company of our fellow BLYC members. Isn't that, after all, really the *most* enjoyable winter activity at our Lake?
