COMMODORE
MARK PYLE

Change seems to be the new standard at BLYC as improvements continue on all fronts. Our trusty team of construction volunteers has transformed the former junior's room into a new office environment for our managers as the old office is to become the new renovated junior's room. Also, the former Rosebraugh house at the Club entrance has been demolished and removed from the site, with several of the weak and failing trees scheduled to be removed as well. We've got our application in with the Army Corps of Engineers to gain final approval on installing a new sea wall across the back of the Club and have begun the process of having our electric service rebalanced.

On the governance front, and as promised last September, we've kicked off a process to identify and bring forward changes to our Constitution for a vote of the membership. We've

brought together a seasoned committee along with legal guidance from our Parliamentarian and plan to begin publishing the changes this summer to allow sufficient time for member review and comment before the September Annual Meeting. Stay tuned for the Semi-Annual meeting in May for a progress update. Our new General Manager, Rodney, is collaborating with Vice Commodore Ames and Chef Josh on weekly winter specials and new menu selections for spring. The leadership team with key input from Paul and Amanda is reviewing the Club reservation and seating process to consider ways to better serve you. Don't forget the slate of great entertainment we have queued up for March and make your reservations early!

Please remember to place your new 2020 parking sticker in your windshield. I look forward to seeing everyone at the Club!

Commodore Mark Pyle

BUCKEYE LAKE YACHT CLUB MISSION STATEMENT

The purpose of the Club shall be...

Promotion of Yachting and Aquatic Sports

Cultivation of Sociability among its Members

Improvements of Buckeye Lake for Boating Purposes

BAR & KITCHEN

- Vice Commodore Bruce Ames

March... Bring on Spring and Boating Season!

Please tell me it's getting closer! I, for one, am ready for lazy afternoons relaxing by the pool, cool evening boat rides, and summertime FUN at BLYC. As we work through the winter season, planning has already begun for our new spring/summer menu and some exciting new additions to the bar & restaurant operation at the Club. We will keep you informed as Rodney and his team work to make 2020 our best season yet!

The winter has been kind to us (so far) and participation at Club events and members dining at the Club has been strong. As you know, our facility isn't always large enough to easily accommodate the levels of participation we typically enjoy. It is critical that you make reservations and that you hold to your reservation time when dining at BLYC. Our kitchen and service staff does a fabulous job, but when things deviate from the scheduled plan, it becomes difficult to maintain the high level of service we strive for. Please be considerate to all and hold to your reservation time to make things run more smoothly for everyone. You can easily make your reservations online via the Club website, or by calling the Club.

I want to thank everyone who has helped to make the new Club office a reality — both through your volunteerism and monetary donations. Hopefully, by the time you receive this issue of the *Log*, we will have completed construction and be in the process of making the move to the new space. Next up... remodeling the "old" office into a "new" space for our juniors. I encourage everyone to support Governor Bruckmeyer and his team with the same enthusiasm and BLYC spirit that you supported the office project!

Bruce Ames
Bar & Kitchen

From our GM...

One month in... Observations, I continue to be impressed with the involvement and dedication of the Membership, and I understand we have many yet to return from down South.

Valentine's Day was very well attended, not a bad problem to have. Unfortunately, With the size and makeup of the kitchen facility it is Challenging to serve 75 meals in a 45-minute window, the current space for plating meals is very limited. A challenge to be embraced and a problem to be solved. Thanks to all for their patience during times of peak service, as we work to become more efficient. On that note reservations will be spread out more than in the past, this is being done to distribute the business in a more efficient manner. Please understand that we want and need you patronage to make BLYC the vibrant Club that everyone is striving for.

See you at the Club!

Rodney Probst
General Manager

ENTERTAINMENT

- Governor Jeff Hamilton

Happy Spring!

We made it through another Ohio winter and hopefully old man winter is finished and is ready to move on out. We are ready for warmer weather and boating season to begin! We may still have some cold days and nights ahead of us but there is light at the end of the tunnel. There is more fun to be had at Buckeye Lake Yacht Club. This month has fun events for you to shake off the winter blues and get ready for spring.

The *Speaker Series* continues on March 5th. New member, Koton Halla, will speak about *SCUBA Diving in Ohio*. On March 19th, P/C Steve Harris will present "*Technology & The America's Cup*" highlighting the wild new designs for the next Cup series. Finally, March 26th, Paul Clark will discuss *The Music of Buckeye Lake*. All of the speakers begin at 7:00 pm. You do not want to miss any of these interesting topics.

Barefoot McCoy returns on March 6th for Supper Club, 7:00-10:00 pm. If you have never heard him, you need to check out his website at barefootmccoy.com. His music is a unique blend of folk, Americana, and singer/songwriter.

Are you ready to do an Irish jig? On March 14th, we will have a very special treat. I am very excited to have *The Ladies of Longford* here to help us celebrate *St. Patrick's Day*. For over 19 years, this high energy all-female band has been serving up a unique blend of Contemporary Celtic, Traditional Irish, and fresh acoustic styles. These ladies are known for their wonderful vocal harmonies and excellent musical abilities. You can check them out at ladiesoflongford.com. In addition to great music, Rodney and Chef Josh have a menu that is truly fit for an Irishman.

On March 20th, we have a new performer coming to the Buckeye Lake Yacht Club — the duo of *Courtney Gail and Joey R* will be performing for *Supper Club*. Their music is influenced by jazz, soul, blues, and rock. Check them out at www.CortneyGail.com.

Finally, March 27th, *Cat and Howard* return for *Karaoke*. This month will be a *70's and 80's Party*. You are encouraged to wear your 70's and 80's attire, sing the songs from these decades and have some fun.

April will not only bring warmer weather and boats reappearing on the lake, but it will also bring continued fun at the Buckeye Lake Yacht Club. We will have some familiar faces and new faces coming in April. Don't forget to check the website and Facebook for upcoming events. The major event in April is the *Commodore's Ball*. We will celebrate and honor Commodore Mark Pyle along with all of our Past Commodores. This is always a wonderful event.

Please remember to make reservations for any of the events.

Spring is in the Air! Let's Have FUN!

JUNIOR TRAINING

- Governor Mike Bruckelmeyer

Junior Room Update — We will be moving the Junior Room to our new space right at the top of the stairs during the month of MARCH! Over the next several weeks we will be updating and we will need your help painting, decorating, etc.! We already have a NEW 50 inch television, sound bar, and couch donated to our Juniors! Any help and suggestions for the room are welcome. I hope to have a grand opening sometime in April — Just in time for Summer!

In other news, dates for our **2020 Sailing Camps** are set — June 8-12 and June 22-26. The **Youth DIVE-IN Movie Nights** by the pool will be held on June 12th and 26th. The Junior Training program will again have our extraordinary **Shrimp Boil** dinner on Sunday, May 24th. Don't forget the **I-LYA Travelers Series Regatta** here at Buckeye Lake on May 30th!

Junior Bay Week is scheduled for July 19 – 23 at Put-In-Bay on Lake Erie. As usual, BLYC will be sending and supporting our team of Junior Sailors. One of the highlights of the week is our Team Dinner held on Tuesday Evening. Last year, we had 30 Club members attend to support our team. It is my understanding that the most members we have had attend the dinner is a whopping 50 Members! I would like to challenge the Club to break the old record and get more than 50 attendees this year! Come up to the island for a day or two or three and enjoy the island life and support our Junior Sailors! Make your room reservations now and watch for details in the coming months.

Mike Bruckelmeyer
Junior Training

HOUSE & GROUNDS

- Rear Commodore Charlie Campbell

Although a lot of projects have been completed, the list seems to grow instead of shrink. The new electric will be installed to the stage and new club office soon. Thanks to Bruce Ames, Toby Tobias, and the House & Grounds staff, they have transformed this room into a beautiful, functional, new office space. Take a walk upstairs and have a look. Hopefully, by March, we will have moved Rebecca and Rodney into this new location. We have also installed a new door on the upstairs exit. The old one was leaking and no longer secure. Following the move, we will begin on the new Junior Room at the top of the stairs.

The rear seawall project is progressing slowly, but we now have ODNR and EPA approval. The Army Corps of Engineers is the final hurdle. The application process is quite lengthy. It's been six weeks of gathering information, answering questions previously answered, adding pictures & diagrams, and putting it all together into a "presetable" packet. Hopefully, by the end of February, the application can be submitted.

SPRING WORK DAY — SUNDAY, APRIL 19th

Join us at 8:00 am for coffee & doughnuts and we'll get started prepping the Club for the summer season and cleaning out space upstairs. If you have items stored in the Club, please remove them.

The Grand Opening Pool Party will be on Sunday May 24th, but, weather permitting, we will again open the pool for the entire holiday weekend — starting on Friday the 22nd. By then, we will have installed the new chlorine injector making it easier to maintain the pool and keep the Health Inspector happy.

I frequently remind our members that the bridge is slippery when just wet — even more so with snow and ice! Our crew does their best to keep it clear, but please use caution.

Capital City Awning is building a new awning for our outdoor cooking area and it will be installed and ready for the Memorial Day weekend. If anyone is interested in the old, steel framework just let me know. If interested, you'll need to remove all of it from the club property, but it's yours for the taking.

There are many great activities at our Club. Recently, I attended, along with about 30 others, the introduction to sailing presentation. I am a pontoon boater, but this class really sparked an interest in sailing. It was excellent. Thank you to Governor Barb Hein and P/C Don Harris for setting it up and putting it on. Thank you also to Governor Paligo, Bill Collinson, and others who assisted and helped answer questions from "newbies" like myself. I will definitely attend more of these when they are offered.

Until Next Time, Be Safe!

MEMBERSHIP

- Governor Greg Tobias

Spring is almost here and the lake is beginning to return to full pool. Our membership has really grown this winter with a lot of new prospective members showing interest in the club. At our February meeting, we approved two new members and reviewed seven applications for next month's meeting.

Please join me in welcoming...

Peggy Wells

Robert Parian

The future of our club, with all that is going on, looks great with even more room to grow. Please don't hesitate to bring guests and encourage membership in our club. BLYC is the place to be at Buckeye Lake! Let's not keep it a secret.

As always, I'm available to assist in presenting the BLYC to all that may be interested in becoming a member.

Toby Tobias
Membership

COMMUNICATIONS

- Governor Barbara Hein

Shared Memory:

"This is about early boating at BLYC. Before the DN's and other front steering vessels, all the boats were scaled down class A racers. Most were gaff rigged with club footed jibs. There may have been one with a masthead main. The racers were great fun but had several disadvantages. They were very heavy, requiring at least three real strong people to carry them. Once upon the ice the runners and rigging were installed and the rigging wasn't easy. The crew weight was of no help in preventing healing. If the tiller was moved too quickly it would result in a gigantic, runner dulling skid or spin. They were all stored under the club. It was great fun to sit on the windward runner to help stabilization but it never seemed to help much. I don't remember any DN's appearing until the mid 50's. When they arrived they relatively quickly replaced the rear steerers as they were light, fast, thrilling, and easily constructed. They would also break frequently, but were easily repaired, usually at Sayres or in Roundy Sproat's walkout basement workshop.

As a sidebar, my Dad's (PC 1949 Bruce Crompton) diaries of 1942 and '43 mentioned that he and I skated a lot in early December. We lived year round in the Harbor Hills house later owned by P/C Al Wing and Lynda."

Thank you Dr. Keith Crompton for this shared memory. Please remember my invitation to send me your story. What brought you to BLYC? Send me your favorite memory of yesteryear or from today. blychein@gmail.com If you have a favorite picture please send that as well.

Thank you for joining in on our Introduction to Sailing afternoon. Thank you to Don Harris for his willingness to share his experience, knowledge and stories. Our wintertime Euchre is going on every Sunday through March, come join in. Just FYI, the women's bathroom has been reworked and the facets are opposite, meaning hot is cold and cold is hot. For Women readers only: Please we ask that you be kind to our septic system and only flush toilet paper. Thank you for your cooperation. Looking forward to talking with you.

RACE & REGATTA

- Governor David Paligo

Landlocked? Cabin fever? Haven't seen the sun in days!!

Someone once said we are all on borrowed time and we only occupy this chair in life for a short time. Since I started sailing and racing on Buckeye Lake, it has been my personal mission to bring more people to the sport that I love. What we accomplished with Race & Regatta last year we could only be done by the hard work from our multitude of volunteers that fuels the racing, cruising, workshops, and social events that we do at the Yacht Club and on the water.

Last month, Barb Hein and Don Harris put on a course called Introduction to Sailing that was well received by our club's members and their guests. Some long-standing members said they do not recall a class for beginners has ever been given at the club before. In our ongoing effort to Grow-the-Sport, we will continue to build on that vision with our training in March.

- **Race Committee 101 – March 8, 1:00 – 3:00**
If you have ever sat on the front porch of the Yacht Club on a sunny Sunday afternoon watching sailboats circling around, hearing a series of horn blasts, or watching a group of people raising and lowering flags, you may have thought, "what the heck are they doing?" This short introduction class will assist you to become more informed. This class is open to all yacht club members.
- **Racing Rules of Sailing Part II – March 29, 1:00 – 3:00**
Sailboat racing is a self-regulated sport. Competitors in the sport of sailing are governed by a body of rules that they are expected to follow and enforce. A fundamental principle of sportsmanship is that when competitors break a rule, they will promptly take a penalty. This class is focused on any sailor that is interested in understanding these rules. With your team, learn a rule a week, not only is it educational, it will be FUN.

I hope to see many of you at these courses. Together, we can make this an even better Yacht Club designed around you.

Prep Well, Sail Fast, Sail Safe!

David Paligo
Race & Regatta

DOCKS & RENTALS

- Governor Brian Thom

Need a Dock?

Now is the time to start preparing for the 2020 season at Buckeye Lake! The Club has several docks available for rent but, based on recent years, I'm sure they will fill up fast. If you are interested, you can contact me directly or use the online "Dock Request Form" on the BLYC website. I am happy to answer any questions and help you find the dock that best suits you.

For those who currently rent docks, you should have already received your annual billing. Your prompt attention to this is appreciated. If, for some reason, you do not wish to continue renting this year, please call the Club at (740) 929-9941 or fill out the online dock cancellation form to let us know.

The up and down weather we've experienced so far this winter makes it seem like boating season is just around the corner — I hope it is.

See you on the Water! (soon)

Brian Thom
Docks & Rentals

BLYC AUXILIARY

The Auxiliary will be hosting two dance classes in March. Please join us on Wednesdays, March 11th and 25th. Bring a friend! The classes are free.

As we're still in our "winter hiatus," we will not hold a regular Auxiliary Meeting this month. Monthly meetings resume on Thursday, April 9th. Please also mark your calendar for Sunday, May 3rd for our Brunch and Semi-Annual Meeting prior to the Club's general meeting. More information to follow next month.

Don't forget our Painting Class on Saturday, April 18th from 1:00-3:00 pm at the Club. Artist Ashley Daubenmire will be our instructor and we will be painting a Buckeye Lake Sunset. The cost is \$10 per person to paint a 12x12 canvas. The class is limited to 24 so RSVP as soon as possible to be included in this fun afternoon. Call Bobbie Schilling by April 3rd at (614) 554-3000 for more information and to reserved your spot.

Planning has already begun for one of the Auxiliary's highlight events of the Club year — The Children's Easter Egg Hunt — Saturday, April 11th from 10:00-11:30 am. Once again, Julie Bruckelmeyer will be chairing this event. A reservation form will be available on the Club website soon, or you can call the Club at (740) 929-9941 or email Julie at mbruckel@columbus.rr.com. Please provide the names and ages of your children/grandchildren attending so that the Easter Bunny can be prepared. And, of course, don't forget to bring your Easter baskets!

WHAT IS BUCKEYE LAKE 2036?

Buckeye Lake Region 2036 (BLR2036) is a grassroots Declaration created in January 2016 by over 270 volunteers to chart the economic growth of Buckeye Lake Region, in order to improve the well-being and prosperity of its residents and businesses.

Buckeye Lake Region Corporation (BLR Corporation) is a non-profit organization open to all political and civic entities of the tri-county Buckeye Lake Region, created to coordinate and implement the mission outlined in BLR2036.

HOW CAN I HELP? Go to BLRFoundation.org and click on "DONATE NOW"

LOOKING AFT

- P/C Steve Harris, BLYC Historian

The following contribution comes from you - the members. Recently, Governor Paligo posed a question about boat names to several members of BLYC.

- SGH

What's in a Name?

Have you ever walked around a marina and enjoyed reading all the names on boats? Some are humorous, some are a play on words, or perhaps they're named after someone. You can't help but wonder — how did that boat get its name? We asked some of the Yacht Club boat owners if there was a story behind their boat name and found out that there was. Here are a few of the tales. If you have a story to tell, let me know, and we'll add it in a later newsletter. In the meantime, enjoy.

P/C Don Harris

s/v *Tan-Tar-A* (Beneteau First 235)

Sue and I visited a resort in Missouri called TanTarA. The history of the place was that it was named after the owner's first boat, which had the name TanTarA. Researching the name, he found that TanTarA was a Blackfoot Indian word for "one who moves swiftly." Sue said that would be a great name for my sailboat... and so it was.

Bill Collinson

s/v *One Bill Too Many* (Macgregor 26)

I know you might find it hard to believe but, when I was younger, some people thought I had an overbearing personality. While vacationing at Lake Chautauqua with friends they bought me a t-shirt with the ducks and caption below. I embraced it so much, I told them if I ever bought a boat this was going to be its name. It was perfect in that it had 3 meanings:

1. It reflected my personality
2. The cost of the boat
3. The obvious bill missing the duck.

Jane Paligo

p/v #5 (Bennington Pontoon)

Unlike sailboats, pontoon boats are rarely named, though one might hear a boat's "nickname" from time to time. When we bought a pontoon boat, we needed to easily distinguish which boat we were speaking about — the sailboat or the pontoon. Dave happened to have a nautical pennant for the number 5 from a previous race in which he was positioned in the 5th start group. He placed the #5 pennant on the pontoon to simply help identify it easily when parked with other pontoons at restaurants around the lake. We got to talking about the various boats we had owned over the years and came to realize that the pontoon boat was our 5th boat to own. So, the pennant was perfect, and we began to simply refer to her as #5. It is utilitarian, but nevertheless is the name we now call her; and, we like it.

P/C David Luttenberger

p/v *NautiGal* (Regal)

Well, my boat name, NautiGal, kind of explains itself. My boat, and my honey, are all nautical gals.

Don't be thinking mischievous!

P/C Steve Harris

p/v *"The Beast"* (SeaRaider)

In the late 90's, BLYC Junior Sailing needed a safety boat. I'd already pretty much tapped out the existing Junior Fund and generosity of our supporters buying new sailboats and equipment for the program so I felt another purchase was probably out of the question. While lamenting our situation out on the water at Junior Bay, Steve Roshon - former BLYC Junior Sailor - offered that he had a small center-console boat they didn't need anymore but, he warned, "She isn't very pretty." He gave me a great deal and I brought this ugly 15' thing back to Buckeye Lake. During racing one Sunday, I motored up by the Race Shack to ask a question and Emil Klein, long-time member and RC volunteer, shouted out (in his very strong German accent), "Where did you find that BEAST?" The name just kinda stuck. Steve was right, she was not a pretty boat. But, she did serve our program well.

RUNAWAY

David Paligo

s/v *Runaway II* (Capri 22)

When we decided to move from the deeper waters of the Columbia River to shallower waters of Buckeye Lake, we knew we had to sell our Merit 25 with a 4' fin keel and look for a sailboat with shallower draft like a wing keel. After about a year of searching, we found a Catalina Capri 22 for sale in Massachusetts and set out on a road trip to pick her up. The first year we raced her under the name of "No Name Yet" as again we could not find a suitable name. After looking around the house we had race shirts and carry bags with Runaway embroidered so we (really me) used the Interdenominational Boat De-naming & Re-naming Ceremony and called her RUNAWAY II. I know this sounds kind of lame but after looking at some famous racing boats I feel this is really OK to do. We can now re-purpose all our sailing paraphernalia.

David Paligo

s/v *Runaway* (Merit 25)

As we were preparing to get the boat launched, Jane and I were coming up with lots of different boat names. She had her list and I had my list. None of the names matched and because it was our boat, we (actually Captain Jane) decided to "let the boat name herself".

My buddies were as excited as I was and we got the boat launched, rigged and tuned in just a few days. For the maiden voyage, I decided to use the old sails and invited my J30 racing crew to join Jane and myself. This was a Friday and the local Friday night beer can race was going on. As this was the maiden sail, we were not in the race; but paralleled them on the course. Casually sailing along, we noticed we were gaining on the entire racing fleet with these blown out sails. We were having a great time with checking out the new boat controls and trimming sails when Jane calls out that we're not just passing the fleet, we are running away from them. That was the moment we looked at each other and said her name will be *Runaway*.

MARCH 2020

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
