COMMODORE
MARK PYLE

Every August, we remind members that our Club is run by dedicated members who volunteer their time, talents, and treasure. Our Club is very fortunate to have the great volunteerism that we do among our membership. Along those lines... do you want to become more involved? We are seeking enthusiastic candidates to run for the Board this September. Yes, it is a time commitment and sometimes it feels more like work than fun. That said, I can honestly tell you that serving on the Board has been one of the most rewarding experiences I have ever had. If you enjoy BLYC, I strongly encourage you to run and help us to guide our Club into the future. For more information, feel free to ask any Board member or Past Commodore. They will be happy to answer your questions.

Thank you for your continued patience and cooperation as we modify our operations to comply with the ever-changing requirements in an effort to keep everyone safe and healthy. Under the recommendations of national health experts, Ohio and Licking County have added the requirement to wear masks. In addition to social distancing, BLYC members were instructed to wear masks on the island in mid-

July. The guidelines include wearing masks when you are not seated and when moving about the island — both inside the clubhouse and around the grounds. In the pool area, masks are expected when moving about to place orders at the bar, use the restrooms, and interact with members outside your family group.

In prior years, we would have reported on the successes of our sailing team at the I-LYA Junior Bay Week. Unfortunately, this year the races were cancelled along with other events like the Commodore's Ball, annual boat show and annual auto show. Fortunately, we have been able to add extra sailing camps for our juniors, the Auxiliary is diligently bringing to life a scaled down version of the annual fundraising event, and our staff and Past Commodores are planning a modified version of the Commodore Steak Nite. Its encouraging to see the creativity of our members who are working within the pandemic restrictions to continue to host events and activities.

Your Board is continuing to work behind the scenes to plan for needed capital improvements. We received the long-awaited approval from the Army Corps of Engineers to install the seawall on the north and east sides of the island. The sea wall facing the dam will also add about eleven feet to the island along with personal watercraft docks and a kayak launch. Construction is scheduled to begin in mid-September after the pool closes. We also have scheduled to have the roof to be replaced during the same time frame, funded by wind damage insurance proceeds. After the boating season, the east side docks will be removed in order to allow access to the island to install the sea wall. Currently the island is eroding into the lake underneath the docks, which impacts the stability of the island. Our current plan is to install the new sea wall and build new docks on the east side next spring in time for the 2021 boating season.

Commodore Mark Pyle

ENTERTAINMENT

- Governor Jeff Hamilton

SUMMER FUN AT BLYC!

What a summer it has been at BLYC! When writing this article, we are on our 12th day of 90 degree or higher temperatures. Is August going to be the same? Or will we need to start doing rain dances to keep the water level up at the lake?

We kick off August with the Auxiliary fundraiser — **All American Auxiliary Fundraiser**. The White Hot Summer Night Fundraiser is taking a year off due to the Covid-19 pandemic. It will be back next year in full swing. This year, we will have **Gayla Smith** playing from 5:00-7:00 and then we will have **Perfect Timing Band** playing from 8:00-11:00.

On Thursday, August 6th, we have the return of **The Gatlins**. This is always a fantastic show that you do not want to miss. Due to the current guidelines, we are not allowed to have parties larger than 120. Unfortunately, we are already full. You can put your name on a waiting list through the Club website (*under "Upcoming Events"*). On Friday, August 7th, we will have **Acoustic Steel** for Supper Club. They will be playing from 7:00-10:00 pm. To finish out the weekend, we will have **Barefoot McCoy** playing at the pool on Sunday August 9th from 1:00-5:00 pm.

The Usual Suspects will be playing Supper Club on August 14th. They will be playing from 7:00-10:00 pm. **The Lakeside Trio** will be playing Supper Club on August 21st from 7:00-10:00 pm. We are in for a special treat on August 22nd — We will have **John Schwab** playing from 7:00-10:00. He was originally playing for a private party, but we were fortunate to keep him once the private party cancelled. John is a wonderful musician and played with McGuffey Lane. This will also be a sold out show, so please make your reservations early as we will only be able to have 120 reservations.

The **Annual Luau and New Member Recognition** will be on Saturday August 29th. This is another fun tradition at BLYC. The **ARK Band** returns to BLYC and will be jammin' from 7:00-10:00. The ARK Band is a Columbus based roots reggae, soca, and calyso band. You can check them out at www.thearkband.com. This will be another event that you will not want to miss. Make your reservations online and, again, reservations will be limited. To end out the weekend, we will have **Eric Solomon** at the pool on Sunday August 30th from 1:00-5:00 pm.

Hard to believe, but the next weekend is Labor Day weekend and it going to be jam packed of fun and entertainment. Supper Club on September 4th we will have **Lakeside Trio** from 7:00-10:00 pm. On Saturday, September 5th, the **Paul Clark Party Band** returns and will be playing from 4:00-8:00 pm. The Kentucky Derby is also planned for September 5th. We will be showing the race on the big screen. To end the weekend, we have the return of **Red Wench**. The time has not been determined yet.

Cheers! Party On!

Jeff Hamilton
Entertainment

BAR & KITCHEN

- Vice Commodore Bruce Ames

It's been a Challenge...

To say that this summer season has been a challenge for our Bar & Kitchen operation would probably be an understatement. With the new rules for social distancing, sanitation, etc. it has certainly not been "normal." That said, I think we can all agree that Rodney and our BLYC staff have done an amazing job keeping things running as smoothly, efficiently, and safely as possible. Your cooperation is big part of this too. **Please make reservations** whenever you plan on dining at the Club. If it's a "last minute" decision, please call! Our staff will do everything they can to accomodate you, but keep in mind that the number of people we can safely seat at any one time is limited right now.

While this year has been a challenging year as Bar & Kitchen Governor, it is quickly coming to an end with our elections next month. I am looking forward to serving the Club as Commodore next year and know that we can continue the great strides forward and positive stewardship of the Club we've enjoyed under Commodore Pyle's leadership. Thank you Mark! I've got big shoes to fill!

As you are aware, the BLYC Board are *volunteers* who give their time and talents to the betterment of our Club for all of us. We are always seeking dedicated members who are willing to "give back" and serve either on the Board, or on a committee, to help us keep things moving forward. If you are interested in serving, we'd love to have you. This year's nominating committee is composed of P/C David Luttenberger, P/C Steve Harris, and myself. If you're interested in running for the Board, please reach out to one of us. It takes a team to keep BLYC on a forward course, and I'd love to have you on our "crew." This coming year, I am also looking to involve more members in committee work. There are plenty of events, and various duties around the club, where we can use, and value, your input and assistance. If you have talent and/or expertise that you can share, please do not hesitate to contact me. The more members we have involved, the better our beloved Club will be for all of us.

See you at the Club!

DOCKS & RENTALS

- Governor Brian Thom

Please, please, please....

Don't use others' docks! BLYC has several transient docks for your use when visiting the Club by boat, both on and off island. But, most of the Club's docks are rented to members on an annual basis. If a dock is marked with blue and orange tape on the outside posts, it is available for use as a transient dock. Otherwise, it has been rented by a member for their use. Sadly, we continue to have situations where people assume that, since there's no boat in the dock, it's ok to tie up there. It is not! This has led to a number of instances where members return only to find that they cannot dock their boat in their paid space. Hopefully, as we move forward with improvements to our seawalls, we can make more transient dockage available.

As you will read in Rear Commodore Campbell's article, we are making progress on our seawall and dock repairs. Long overdue and expensive, this has been a difficult process to get started. But, after nearly a decade, we were able to start with the wall around the pool area last year, and we should be working on the rear basin this fall.

We are unfortunately still having issues with our combination locks on the gates to our docks. As Docks & Rentals Governor, I want to both apologize for the inconveniences that have occurred and also thank everyone for their patience as we seek the right solution.

As always, if you have a question or issue with your dock or other Club rentals, please do not hesitate to give me a call.

Let's all work together!

Brian Thom
Docks & Rentals

FINANCE COMMITTEE

The Finance Committee met a few times in July to approve review and approve tax returns, monitor our financial condition on a year to date basis and review funding for capital improvements. We're happy to report that, in spite of the impact of the pandemic, the Club is on track to stay within established budget constraints and maintain a strong cash position. Looking to the next fiscal year beginning in September and the significant capital improvements on the horizon, we are considering an increase in the new member initiation fee for 2021. The committee is also reviewing the major operating expenses like ongoing maintenance, insurance, taxes and health care to assess the need for an increase in member dues for the upcoming year. The finance committee recommendations will be presented to the new Board for consideration.

- Governor Greg Tobias

Hello All,

As usual, we can't wait for summer to get here and when it does we are so wrapped up in tasks and activities we lose track of time...

Crazy to think it is August already and Labor Day Weekend is right around the corner! Nevertheless, we are trucking along and anticipating a great late summer and hoping for a beautiful fall.

I am happy to announce that this month we have accepted 10 new members to our club! They are as follows:

Dayvd Miller
Tom Blaise
William Secoy
Jeffrey Rice
Kaliegh Lambert
David Jaynes
Larry Cowan
Craig Goodwin
Bill Lewis
Nancy Brandon

Welcome to the Buckeye Lake Yacht Club!!

Please do not hesitate to reach out to me, Toby Tobias, with questions or concerns with regards to membership to our Club.

"Toby" Tobias
Membership

JUNIOR TRAINING

- Governor Mike Bruckelmeyer

Wow! What a fantastic Sailing Camp season at BLYC!

We had **64 sailors** participate in our camps this year. We had to add an additional Beginner Camp and expanded the camps to include an Intermediate, Advanced, and Race Team Camp. **A BIG THANK YOU** to our Coaches, Susannah and Katy Schroeder! You are Fantastic! I also want to thank Tami and Lily Schroeder for their help and support during our Camps!

Sail on Sundays — BLYC Race and Regatta has a race scheduled every Sunday through the summer and the BLYC Juniors have been participating in these weekly events. The BLYC Juniors will be scored separate from the adults and awards will be given to the top sailors at the end of the season. We are working in a perpetual Trophy for the Winner of the Series.

Thank you to everyone who came out and supported the juniors at our **Annual Pancake Breakfast on July 4th**. It was fun to see everyone and watch the Juniors participate in the Pancake Stacking Relay Race. Congratulations to the Winning Laser Team! Thank you to the BLYC Auxiliary for the gifts for the winners!

Be sure to show your pride in our Club by purchasing a BLYC Dry Bag (Red, Blue or Black) and vinyl BLYC boat decal from the BLYC Juniors! Both items are available at the Club for a combo price of \$25 (ask your BLYC Server)!

Fair Winds and Following Seas!

COMMUNICATIONS

- Governor Barb Hein

As our Independence Day passed, it sparked memories and a member shared their story with me...

July 4, 1976, on the 200th anniversary of the founding of our country, Commodore Ivan Rollitt (1973) dedicated the yardarm in memory of Commodore Murray Headlee (1971) who had served BLYC, not only as Commodore, but also as Secretary-Treasurer for several years. Commodore Headlee passed away in February of 1975. His family is now in their 4th generation of membership at BLYC. Murray had two children, Marty and LaRae. Marty married Sue Ballenger. Their two children are Tami Schroeder and Chad. Tami married Vic and their three daughters are Susannah, Katy, and Lily. Susannah and Katy both sailed for BLYC as juniors and are currently our BLYC Sailing Team coaches and US Sailing certified instructors for our learn to sail program. Lily is our kayaker. Chad is married to Stephanie and their kids are Abby, Clay, Gabe, Christian, and Preston. Abby and Chad both sailed for BLYC in 2017. Currently, Chad and his family are members at Hoover Sailing Club in Westerville where they race Interlakes.

This is one of many memories. If you have one, please share it with me at blychein@gmail.com

Talk to you Soon!

RACE & REGATTA

- Governor David Paligo

“You haven’t won the race if in winning the race you have lost the respect of your competitors.”

Quote from Danish yachtsman Paul Elvstrom. He won four Olympic gold medals and thirteen world titles.

Everyone makes a mistake or two in a race but it’s important not to dwell on it — Keep focused on what’s happening now. It’s really easy to get distracted by things that don’t actually matter. The main thing is having fun. If you have fun sailing, you’re already a winner.

I love the excitement of racing, but as I’ve gotten older (and hopefully wiser), I think more and more about sportsmanship and how important it is.

Sailing is a great sport because it puts the question of sportsmanship squarely in our own hands. To me, sportsmanship includes fairness, courtesy, friendliness and many more qualities that are just as important on shore as on the water. If you always treat your teammates, your competitors and everyone else involved with the sport as you would like to be treated yourself, then you won’t have to worry about sportsmanship.

If you treat other people with respect on the race course, they’ll treat you with respect, too.

HOUSE & GROUNDS

- Rear Commodore Charlie Campbell

I wish all are doing well and COVID-19 is in name only for your family and friends. The club personnel continue to sanitize, practice safe distancing, and wear masks to assist in preventing this pandemic debacle.

As in the past, and as will continue for some years to come, House & Grounds keeps busy...

Pool: Our pool is cleaned every day along with continual filtering 24/7. Unfortunately, it appears that our new pool chairs will not see any bottoms this year. We will continue our temporary policy of bring your own chair unless you want to sit on your beach towel or ground. The pool will close after 8:00 pm on Sunday September 13, 2020. This is in preparation for installation of a new club roof. With debris going wherever, we must cover and close the pool.

Rear Basin Seawall: (Phase II A) We now have permission to start and complete the rear basin seawall & dock project. FYI... it takes FOUR permits: ODNR, EPA, Ohio/ National Historical Society, & Army Corps of Engineers. Construction is scheduled to start as soon as all logistical items are revisited, as it has been over a year in obtaining permits, and getting issues resolved. It will be an area for jet ski's, kayaks, canoes, and small sailboats.

Steps from Porch to Pool: By the time you read this, you may have already gone down or up the new stairs on the west end or our porch. The old ones were not in the best shape and had become an issue of safety.

Gates: The combination locks for our dock and club entrance gates have been replaced. The old ones were good but were not designed for exterior use. There were incidents on both sides of the gates. Some couldn't get through the

gate to their boat and some couldn't off the dock to go to the Club. This created a considerable amount of adverse chatter. As of now, the combination for the dock gates is 1906. Press each number then push down the lock handle. Be sure to shut the gate behind you and not give the combination to someone you do not know. The gate to the club will remain pass-through. Press down the handle and walk on through. We will be discussing when to implement the combination to this lock at our next Board meeting. Unfortunately, some of our members were trapped on the wrong side of the gate to area 800 docks... again. This occurred on Saturday, July 13 around 20:30. As Governor of House & Grounds I extend my apologies to those who experienced this situation. We are working on a solution for protection of our member's property that will not fail.

East Side Docks: (Phase II B) Currently we are preparing paperwork for quotes to remove seawall, docks and dock roof on the east side of the island. As this progresses, members will be kept informed.

As with any project, maintenance or just simple repairs it takes dedicated people to get it done. I continue to thank those who have stepped up to assist our Club be great... Mike Smith for the pool steps. He ramrodded a difficult project to perfection. Our own maintenance manager, Chuck Fadley, who continues to be the behind the scenes guy getting it done. Dan Bosworth plumbing. Holland Brothers Electric. Gutridge heating & cooling. **Thank you.** And thank you to our entire staff who put forth continual effort in service to our club members.

Be Safe!

Charlie Campbell

LOOKING AFT

- P/C Steve Harris, Club Historian

History of the BLYC Burgee

The following article first appeared in the December, 1979 issue of *The Log*, written by BLYC Historian, Whitey Limes.

The drawing above is a drawing of the original Club flag of Buckeye Lake Yacht Club.

It was approved along with the original Constitution (which has been amended several times) at the organizational meeting of Buckeye Lake Yacht Club. The meeting was held on Sunday, May 6, 1906 at the cottage of Mr. Charles W. Miller on Orchard Island.

The specifications were as follows: A triangular pennant, the hoist of which was to be 2/3s of the length. A blue field extended to a line parallel to the hoist 5/12s of the overall length. A field of red extended from this line to the tip of the pennant.

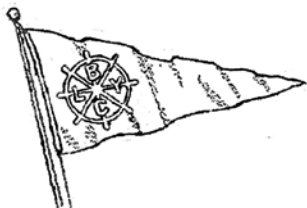

The Club emblem, consisting of an eight spoke ship's wheel with B on the upper vertical spoke, L on the left horizontal spoke, Y on the right horizontal spoke and C on the lower vertical spoke on a field of white was centrally located on the blue field.

This burgee was the official flag of the Club until the fifth annual meeting of the Club, held 18 September, 1910. During this meeting, under "New Business," Article III of the Constitution was amended changing the Club's emblem and flag to those still in use today.

My interpretation of the above specifications appear in a poster paint drawing in the Commodores Lounge.

What became of Commodore Limes' "poster print" of the original burgee is unknown. Like many things, it is apparently "lost to history." However, there hangs in the Commodores Lounge today, a hand-sewn replica of the original burgee.

Flying your burgee is a great way to show your pride in your Club and also identify you as a member. On powerboats, the burgee is usually flown from a short staff on the bow, although most pontoon boats display it on a short staff on the back of their bimini. Sailboats typically fly theirs from a halyard on the starboard side of the mast, except while racing.

Pictured to the left is another drawing of the original BLYC Burgee. This was found in an invitation to the 5th BLYC Tar Social, held February 21, 1910 in Columbus. You can find this invite and many other BLYC history resources in the "History Archives" on the BLYC website under the "Our Club" tab.

FROM THE GM...

- Rodney Probst, General Manager

Greetings

I hope this issue of *The Log* finds everyone healthy and safe.

August, in a normal world, is the time of winding down summertime, preparing for kids to go back to school, and enjoying the last of the summer sun. Unfortunately, it is also the time that we say goodbye for now, to much of our summer staff. Gabby, Katie, Jake, Elizabeth, Joie, Aden, Madalynn F. — **Thank You All** for your hard work this summer!

I would like to draw attention to our Online Reservation System. When placing your online reservation, please be as specific as possible regarding your desired seating area. bIf you are wishing to be seated on the porch, please include it in your reservation. If you simply put "outside" you will more than likely find your table on the lower patio area. Due to distancing requirements, we currently have eleven tables on the porch and these tables (Being VERY Popular) are assigned on a "First Come First Served" basis. This system is, by far, the most accurate way for us to ensure that your seating requests are met. Apologies to those who have wished to sit on the porch and because of a busy night have been seated elsewhere.

Thanks to all who attended the Junior Sailors Pancake Breakfast — a fun event which helps to fund our program. July brought us some great entertainment and LOTS of hot weather. August looks to be much the same. The Auxiliary "All American Fundraiser" sold out in a record time, as did the "Gatlins."

We have plenty of opportunities outside of those two events with Acoustic Steel playing on the 7th, Barefoot McCoy on the 9th, The Usual Suspects on the 14th, and the Lakeside Trio on the 21st. How about sailing on a beautiful sunny Sunday? The "Sail on Sunday" series continues into the fall, with camaraderie and pitchers of beer following what has proven to be some exciting racing in July.

And, as always, See you at Your Club!

Rodney Probst
General Manager
