COMMODORE
BILL COLLINSON

Time flies when you are having fun! Here we are in February and are experiencing the dead of winter. February could possibly be the slowest month the club experiences in the course of the year.

I want to assure you that the Board is busy preparing for the spring and summer festivities. I will have more information on those activities in the coming articles. In the meantime, the speaker series on Thursday night started on January 16th and runs through March. The topics will be posted on the regular weekly e-News notices and the club calendar through the Jonas member portal. I encourage everyone to come for a satisfying dinner and interesting lectures.

There is another date I would like to bring to your attention — the race committee meeting for the Sail on Sunday series that will be held at the club on Saturday, February 23rd, at 1:00 pm. If you have ever wondered what it takes to put on a professional racing program, this is a great opportunity to find out. You may even find yourself volunteering in the program.

As you are aware, the rear staircase is now functional. You may have noticed some of the cement work is yet to be completed, and this is due to the lack of cooperation from mother nature.

Another date I would like to remind you of is our annual Valentines Day Dinner that will be held on February 14th starting at 7:00 pm.

I encourage you all to make use of the club this month keeping in mind that the fireplace will always be on, and the sunset views from the lakeview dining room are unbeatable.

See you at the club.

Commodore Bill Collinson
Commodore@buckeyelakeyc.com

MEMBERSHIP

– Governor Mike Perez

I hope everyone had a good time at Winterfest! It's one of those events that help us all cope with the dog days of winter. We are now in full swing with the annual dues cycle. Please pay them in a timely fashion. As we experience attrition, we will be able to determine how many new members we can bring on in 2025.

At the January board meeting, we had 1 new member voted into the club...

Richard Black
and first mate Beth

If you know of anyone who wants to become a member of the club in 2025, have them complete an online application. If you sponsor a prospective member, they will be added to the waitlist once I receive their application and 2 sponsor letters. Remember, only the actual member, and not the first mate, can sponsor a new applicant. Also, the only applicants not subjected to the waitlist would be a member's adult child who is under age 40.

Remember that securing a spot on the waitlist will also require a refundable \$500 deposit, which will be applied to the initiation dues once the prospective member comes off the waitlist. Also, if a prospective member's circumstances change (e.g. move...), the \$500 will be refunded to them.

Please continue to make sure all your personal information is current in the member directory. It can be updated through your portal. If you haven't signed up for the portal, get signed up. It is the future of the club. If you don't know how, please reach out to me.

See you at the Club!

Mike Perez
Membership@buckeyelakekc.com

BAR & KITCHEN

– Vice Commodore Vic Schroeder

Cheers from Gob's Mess

I can see spring from here, but she is not quite here yet and while we wait, we have plenty of fun things to do at the club. Make sure to check out Rodney's Winter Menu when you come to the Speaker Series on Thursday or Supper Club on Friday. Also, make a reservation to take your honey to the club for a Valentine's Day Dinner.

Remember you can reserve space for your special events at the Club as well — weddings, birthdays, office parties, and all the other occasions to get together with friends and family. Call in and get your special time reserved now before we are all booked up.

Another item we have added to the tables is a little wooden dowel that is painted Green and Red in homage to navigation buoys. Our aim is that if you need assistance from staff, you just set it on end for staff's attention. They can see this from a distance if needed and assist you. Right now, we are in the slow months. Our hopes are that during our busy season this will help with communication in a busy and fun environment.

Vic Schroeder
BrandKitchen@buckeyelakekc.com

HOUSE & GROUNDS

– Governor Brian Thom

Happy February!

I just stepped outside and saw Commodore Collinson's shadow — which means only six more bourbons to drink til spring!!

The Holidays and Winterfest are over and now it's time to start on some spring cleaning inside the club such as touch up painting and carpet cleaning. We have been busy making minor repairs that come with an old building but thankfully nothing big. During a recent wind storm, the flag poles took a little beating causing the ropes to break and the American flag to shred. We are in the process of making repairs. Two new windows are on order for the north and south end of the Commodores lounge and will be installed soon. Other than that, things in the House and Grounds department have been pretty slow which is a good thing!! We are looking forward to summer as I'm tired of this cold stuff already.

See you at the Club!

(BTW...if you made it to this point of my article, you owe me a beer)

Brian Thom
HouseandGrounds@buckeyelakekc.com

DOCKS & RENTALS

– Rear Commodore Rickie Sue Grunden

Invoicing: February is the beginning of the boating season at BLYC. Many of you are off to look at new boats at various boat shows while others are making summer boating plans. Invoicing for docks and the Eastport boatyard are in the mail! Remember to send in copies of your boat insurance declaration page and your boat registration with your payment. Both are required by BLYC's insurance carrier. If you are storing a boat in Eastport, sign and return your lease agreement as well.

Dock Waiting List: If you are interested in a dock at BLYC, complete the online application on the website. You will be assigned a dock according to the BLYC guidelines set forth in the Constitution and By-laws. We do have docks available and have assigned docks to most of the people on the waiting list.

New Locks: On February 1, 2025, new locks were installed on the Eastport boatyard gates. If you dock at Eastport and/or have boats stored at Eastport boatyard you will receive the combination by email as we receive your payment and paperwork. All of the first responders around the Lake were sent the code. If you are interested in boat and trailer storage, complete the online application on the website.

Removal of Derelict Boats in the Eastport Boatyard: The ODNR has a list of all derelict boats in Eastport and will be inspecting them as the snow melts and the temperatures are above freezing. We have contracted to have them removed once the boat owners are contacted.

Ghost Boat Update: The captain of the "Ghost Boat" has been identified and is working with the Club to acquire a parking space.

Thin Ice: The ice around Watkins Island and all of our docks could be thin. Accessing the lake from our docks is prohibited.

**To all whose boat is the love of their life...
Happy Valentine's Day**

Rickie Sue Grunden

THANK YOU

WINTERFEST VOLUNTEERS!

RACE & REGATTA

— Governor Kendall Cottongim

By the time everyone reads this, Winterfest 2025 will be behind us, Benny the Bass will have predicted an early spring, and the Buckeyes will have secured The National Championship. Okay, only the first one is guaranteed but you have to believe and if you are going to dream — dream big! And that's what I am doing for myself and the Race and Regatta season.

Your Race Committee continues to work behind the scenes to make sure the season kicks off in fine fashion starting with the Tar Social on February 2nd at 1:00 pm. The event is a great way to find out what's new, see the upcoming 2025 race schedule, and socialize with your fellow club members. The SI's and NOR's are done, the ODNR permits are in process and the snow is keeping the lake fed. If you don't know what an SI or NOR is, come on out and we will talk you through it.

I always like to share the key upcoming dates for the next several months so here they are:

- **February 23 — Race Committee (RC-101) Class**
1:00 pm - 3:00 pm
- **March 9 — Mini Safety at Sea Seminar**
1:00 pm - 3:00 pm
- **March 23 — Racing Rules Review & 2025 Update**
1:00 pm - 3:00 pm
- **April 26 — ODNR Ohio Boating Education Course**
8:00 am - 5:00 pm
- **May 3 & 10 — Fleet Launch Days**
- **May 16 — Pray for Wind Party and Burning of the Socks**
6:00 pm - 8:00 pm
- **May 18—Sail On Sunday (SOS) spring series starts**

The committee is also looking at putting together a couple Wednesday evening "sailing seminar" races where you can get hands on experience on some of our members' sailboats. Consider this an informal way for me as your Governor to solicit your interest. Just contact me at RaceandRegatta@buckeyelakeyc.com.

Finally, it is not too early to be planning your cardboard boat design and setting your crew. We want this year's event to be full of fun and seaworthy vessels. Well, if not seaworthy, at least fun.

Cheers to 2025!

Kendall Cottongim
RaceandRegatta@buckeyelakeyc.com

VALENTINE'S Dinner

ENTERTAINMENT

– Governor Dean Pickett

With February upon us, hopefully the brutal January cold is behind us and we can look forward to the springtime weather. I hope you have enjoyed the entertainment we have brought in over the last couple of months. For January, February and March, we are limiting live entertainment to only special events (i.e., Winterfest, St. Patrick's Day, etc.) and will be using our club's sound system for good music. Over the winter, I have been busy at scheduling our live entertainment for the upcoming season. I am always looking for feedback, (i.e., bands, genre, etc.). If you have a special request, I will try to get it fulfilled.

For February, we have the following events going on at the club:

- **Sunday, February 2 — Sailing Kickoff and Tar Social**
1:00 pm - 3:00 pm
- **Thursday, February 6 — Speaker Series** — 7:00 pm
History of the Sport of Rowing
- **Friday, February 14 — Valentines Day Dinner**
Carl Litts — 7:00 pm - 10:00 pm
- **Thursday, February 20 — Speaker Series** — 7:00 pm
The Early Years of Buckeye Lake and the Founding of BLYC
- **Thursday, February 27 — Speaker Series** — 7:00 pm
Pharmacann

Lastly, *Thank You* to all the BLYC staff, volunteers, and others who help each year to make the Winterfest celebration at the club a resounding success.

As always, you may use the calendar within the Member Portal to receive the most accurate listing of events at the club. Thank you for the feedback and email me at Entertainment@Buckeyelakeyc.com with any special entertainment requests.

Dean Pickett
Entertainment@buckeyelakeyc.com

BLYC AUXILIARY

Hello from your BLYC auxiliary board. We have been hard at work planning activities for the upcoming year. Our regular meetings will resume April 10th.

We have been planning and organizing committees for the summer fundraiser. The theme this year is Hot Havana nights. If you are interested in helping, we would love to have you. Watch your email for meeting times.

The Children's Easter Party is scheduled for April 19th. We are looking for someone to chair this event. Please let me know if you are interested. Unfortunately, if no one steps up we will have to cancel the Easter Egg Hunt.

Looking forward to seeing you at the club!

Michele, Jan, Cathy, Karen, Matt & Jeff
Auxiliary@buckeyelakeyc.com

RACING RULES UPDATE

Every four years, following the Olympic Games, World Sailing updates the Race Rules of Sailing for the next four years. The new 2025-2028 Racing Rules were published last month and are now available through US Sailing's mobile app. The printed rulebook should be available later this month through the website, www.ussailing.org.

With each quadrennial change, there are inevitably new rules and restrictions that come about. This year, most are clarifications rather than changes. We will review these as a part of our annual Racing Rules seminar next month. But, for the purpose of a "teaser," here are what I see as some the key changes with this rule book...

- **Rule 14 - Avoiding Contact** — This rule, perhaps one of the most important (IMHO), now has added restrictions on a boat's actions that may lead to contact as well as the boat making contact itself.
- **Rule 18 - Mark Room** — This has always been a difficult, even confusing, rule and it seems like it's changed frequently due to loopholes and idiosyncrasies. The most significant change this time is a clarification on when the rule "turns off," more so than to the rule itself.
- **New Definitions** — There are changes to the definitions of *Finishing*, *Mark-Room*, and *Obstruction* as well as a new definition: *Continuing Obstruction* that may be of interest. Most of these changes are minor clarifications, however.
- **Part 5 - Protests, Redress, Hearings...** — This entire section is re-written, however it's mainly changes in how it's organized without many significant differences.

Son of a Gun

Most depictions we see of life on a sailing warship during the 17th and 18th centuries lead us to believe that women almost never were permitted on board while the ship was out to sea. But in the Royal British Navy the wives of sailors, on certain occasions, were invited to accompany their husbands while their men were on duty. And even unmarried women might be “recruited” to provide certain services to keep the morale high and the tensions low among the lusty sailors.

These seafaring ladies often took up residence between the cannons, out of the way of the busy activity on the gangways. Because not all the busy activity took place on the gangways, it was inevitable that some of these females would become pregnant and give birth out there on the ocean blue. Under these circumstances it was not always obvious who was the father. So, when the birth was noted in the ship's log, a male child might be sarcastically recorded as “son of a gun.” In recent years, the insult “son of a gun” has softened in its negative implications and is simply used as an expression of surprise or as a label for a cunning rascal.

Certainly, the circumstances around Jesus' birth were mysterious if not scandalous. When Mary, His mother, was found to be with child she was not yet married to Joseph. The Gospels do not record what kind of gossip she and Joseph had to endure. If Mary or Joseph tried to explain how it was that she was “found to be with child by the Holy Spirit” (Matthew 1:18), their words were most likely met with skepticism or ridicule. Their detractors probably called the Son of God something like “son of a gun” or worse.

What's the lesson in this? Perhaps we should pause and consider whether it is wise for us to quickly label people or jump to conclusions when we do not know the entire story behind their difficult or unusual circumstances. In most cases, we'd probably regretfully exclaim “Well I'll be a son of a gun!” once we heard the full details.

Mark Thogmartin
FleetChaplain@buckeyelakeyc.com

GOOD NEIGHBOR COMM.

– P/C Greg Miller & Mallory Sherer, Chairs

The Good Neighbor Committee had a remarkable year with an increase in donations and eligible children from years past. We were able to shop for over 140 children and received \$19,000 in donations. We could not have done this without our generous members. The families were so incredibly blown away by the amount of gifts their children were able to receive. Due to the rise in donations, we were able to increase our allotment per child from \$100 to \$150. With rising costs, this made a big difference in finding quality items for the kids.

A big thank you to our shoppers who shop and wrap for their assigned kids. What you do for us and the children is so appreciated. And a special shout out to the volunteers who help day of at the Drive-Thru!

To end out this year's Good Neighbor Committee initiatives, below is a note from the guidance counselor at the schools:

"We are with these kids every day and barely see some of them smile. One child shared that their mom 'canceled' Christmas this year; this was all he was getting. What an amazing thing you have done for them!"

— Lakewood Schools

Thank you again, see you next year!

Commodore Greg Miller and
Mallory Sherer

BLYC RESERVATION POLICY

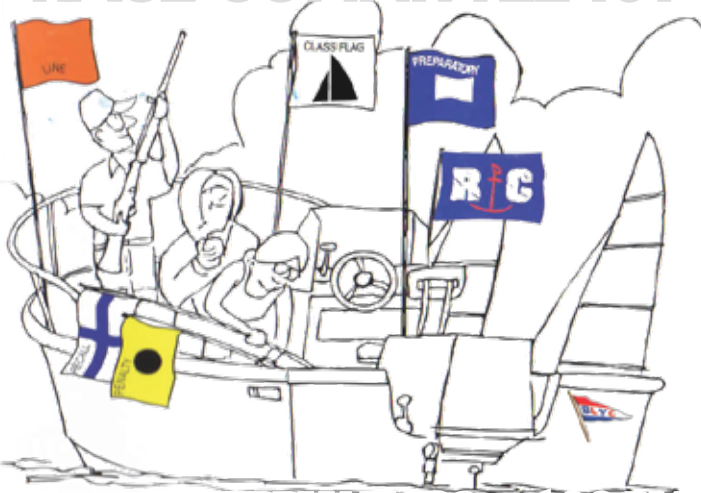

OPEN DINING

Reservations are encouraged, but not required. Reservations help management assure that staffing is at an appropriate level to provide the best possible experience. If the dining area is busy, those with reservations will receive seating preference over those without. Members are always welcome. To guarantee a great evening for you and your friends a reservation is the way to go.

SPECIAL EVENTS

Reservations are a must. Our chef prepares a special menu and prepares quantities according to anticipated attendance. You may attend without a reservation, and our staff will attempt to accommodate you, seating and food quantity permitting. You may not reserve a table if you are not coming for the meal. If you plan to attend for the entertainment only, do not make a reservation. Doing so causes increased waste and expense for the club and will result in the price of the meal being charged to your account. We have no cover charge, entertainment costs are included in your dues, and members are always welcome. However, entertainment only seating is on an "as available" basis after all dining reservations have been filled.

RACE COMMITTEE 101

SUNDAY, FEBRUARY 23 — 1:00 PM

JUNIOR TRAINING

– Governor Bill Ghiz

While early February can be really cold, suddenly spring is now in sight.

It has been fun to continue our preparations for the 2025 season. Enrollment has begun for the 2025 Junior Sailing Camps. They tell me some of the classes can fill up fast. We'd love you to get your interested family members signed up.

I'm happy to share with you that the RIB is repaired and ready to go. Thank you to Commodore Collinson, Governor Pickett, and Vice Commodore Schroeder for going down to the very cold Fort Lauderdale to inspect the wonderful results of our RIB repair. She looks lovely! And a special thank you to Steve Goodyear for putting this all together.

Spring is around the corner!

Bill Ghiz

JuniorTraining@buckeyelakeyc.com

COMMUNICATIONS

– Governor Bob Hegedus

Happy February fellow members!

I hope you are weathering the cold, icy, snowy weather as best you can!

It won't be long before we prepare the club for another warm (dare I say Hot!?) season, so be sure to mark your calendars for the April 27th spring cleaning day at the club! It is a great way to meet members, get the club ready for the season, and just have some fun! And did I mention free pizza and beer? Join us!

While the lake is closed for boating, the club is very much in full winter swing including dining events and entertainment. Be sure to stop by on Sundays and join in on the Euchre tournament fun! You don't have to be a pro to play, and all are welcome!

For those of you who participated in the new BLYC merchandise sale organized by Joey Giovaneli last month, *Thank You...* and I know you will enjoy your Patagonia/Yeti gear! If you missed out, don't worry. I'm sure Joey will make another run in the near future for you to consider!

I leave you with these words, author unknown:

"February: The month where even the groundhog comes out of hiding to predict the weather. If a groundhog can face its shadow, so can you!"

Get out there and enjoy the snow!!

See you at the Club!

Bob Hegedus

Communications@buckeyelakeyc.com

LOOKING AFT

- P/C Steve Harris
BLYC Historian

In preparation for my Speaker Series this month, I share the following article from former BLYC Historian, P/C Howard "Whitey" Limes. As Commodore Limes points out, we owe a debt of gratitude to Commodore Armstrong for the preservation of BLYC's rich early history. Without his efforts, much would have been lost to time. I hope you enjoy learning about Commodore Armstrong, "BLYC's Eternal Historian," and look forward to seeing you at the Speaker Series on the 20th.

Commodore Kyle Armstrong — 1947

The End of an Era

P/C Whitey Limes
May, 1980

At 1815 hours on October 26 1974 an Era came to an end at Buckeye Lake. Commodore Kyle Armstrong and his Lyman sailboat left Buckeye Lake and Buckeye Lake Yacht Club.

The reader will say "What is so strange about a man and his boat leaving the Yacht Club?" This was not just another man and his boat, it was Commodore Kyle Armstrong and his sailboat *Josy*.

Kyle Armstrong joined Buckeye Lake Yacht Club in 1920. In 1941 he was elected to the Board of Governors. He became Rear Commodore in 1945. During his tour of duty as Vice Commodore in 1946, Commodore Armstrong in his own words, "had never seen a copy of the Constitution and By-Laws of Buckeye Lake Yacht Club." The last published edition was in 1933, and, since then, both had been amended several times. As a result few of the members and the Officers were familiar with the Club's operating laws. This, to say the least, created problems in solving any difficult situation that might arise, which needed Constitutional and By-Laws rulings.

With this in mind Commodore Armstrong took it upon himself to research and assemble the articles of the two documents which would be up to date. The result was published in the Constitution and By-Laws of BLYC as amended to March 8, 1946.

Since then several amendments have been

— SGH made in both the By-Laws and the Constitution. The latest being in 1969 in the Constitution and in 1971 in the By-Laws. [Ed note: many more since]

Kyle Armstrong was elected Commodore of BLYC in 1947. Commodore Armstrong was awarded the Heber Award in 1954. In 1939 while Kyle Armstrong was just an active member of the Club, a new fleet of 5 small sailboats was added to the sailing fleet of BLYC. This small sailboat was known as the Lyman Cat. The specifications were, 15 ft. long X 6 ft. beam, displaced about 450 pounds and carried 143 sq. ft. of sail. A far cry from the big K Cats which displaced 2000 pounds and carried 270 sq. ft. of sail.

Kyle Armstrong purchased one of the small sailboats, christened it *Josy* and launched her in July 1939. *Josy* and her skipper became the sixth member of the fleet, which grew to seven members and competed amongst themselves until 1945 when the Lyman class fleet for one reason or another finally disbanded. *Josy* and her skipper stayed at Buckeye Lake.

Now let me tell you about *Josy*...

For many years, those years that the writer has known of, a common expression around BLYC was, "The sailing season is open. Kyle Armstrong is refinishing *Josy*."

In a short while, one would see *Josy* in her slip in the back basin, alongside the bridge, swaying to and fro in her mooring. Like an anxious child wanting to play. Her cat boat rig was a familiar sight on Buckeye Lake.

Under the steady hand and skillful sailing of Commodore Armstrong, *Josy* probably

sailed into more "bays", "inlets" and "channels" than any other one boat. In all probability it was from the cockpit of *Josy* that Commodore Armstrong made his notes, soundings and measurements of the lake from which he made the chart of the lake, a copy of which hangs on the wall of the "Gobs Mess" at BLYC.

Time has a positive way of overtaking things, boats and humans alike. The sailing season of 1972 was the last year that *Josy* and her familiar skipper plied the waters of Buckeye Lake. During the next two seasons *Josy* did not sail.

In a short talk with Commodore Armstrong on 26 October 1974, he intimated, with tears in his eyes, to the writer, that his hearing had worsened, his eyesight had failed to the extent that he could no longer read newsprint and that his memory was not what it should be.

What has become of *Josy* is not known. She was to be refinished during the winter months of 1974-75. If she is still afloat, let us hope she is still the proud little Lyman Cat she was at Buckeye Lake. No parent ever fondled a child with more loving hands than Commodore Kyle Armstrong with *Josy*.

Commodore Kyle Armstrong passed away on 7 March 1976.

The above are just a few thoughts that occurred to a sentimental old fool, who, when he saw Commodore Armstrong and *Josy* leave Buckeye Lake, likes to believe that old sailors never die, they just sail over the horizon into the sunset."

Commodore Armstrong on his Lyman Cat, *Josy*
