COMMODORE
BRUCE AMES

Getting Ready for Spring!

As many of you know, there's been a lot of activity around the Club this past month. In continuation of our project in the kitchen last year, we planned to shut down for a week to retile the area behind the bar. Unfortunately, we ran into a few setbacks, but with a 108-year old building, such is to be expected. We will reopen on Wednesday, February 3 for normal dinner service. While that's going on, we are also replacing the steps at the east end of the porch, making some necessary structural repairs, and redecking it with composite decking that should last for many years to come. If you haven't been by to see the progress, stop by soon. You may have to temporarily enter through another entrance - please follow the signs.

Before we know it, spring will be here and it'll be time to switch into "in season" mode at BLYC. Although we've had a pretty mild winter thus far,

I know that I am ready to get the boat back in the water, start enjoying lazy afternoons by the pool, and looking forward to watching the weekly sailing races and cheering on the BLYC Junior Sailing Team in 2021. I would like to give a shout out to Governor Mike Bruckelmeyer and everyone who pitched in to make the new Junior Room upstairs a reality. We had a great "housewarming" get-together on January 23 and everyone seems to like the new space. It's great that we can provide a space for our younger members to enjoy their time at the Club too - they are the future!

It's now February, so I must make the annual reminder to please get your 2021 dues paid as soon as possible. As you all know, the winter months things slow down around the Club and prompt payment of your dues helps us to ensure continued operation without the need to use our line of credit for operations. If we all pay our dues on time, we can keep a fiscally strong and stable operation throughout the Club year.

Hopefully, COVID-19 is soon to be in the rear-view mirror and things will get mostly back to normal soon. Remember, we are taking extra precautions to keep our staff and members safe and we appreciate your continued cooperation.

Please — stay safe, take care of yourselves, and always remember that we are in this together.

Because of your efforts...

We will get through this — as a FAMILY!

Commodore Bruce Ames

HOUSE & GROUNDS

- Vice Commodore Charlie Campbell

By the time you read this, the Buckeye's did a great job of getting to the final "dance" with Sabin's Crimson Tide, the White House was visited by "tax payers," the pandemic vaccine is being distributed with many getting their second shot, Mr. Musk, owner of the car company Tesla, is now richer than Gates, Buffett, and Bezos, hiding one's face with a mask is still on the agenda, Governor Dewine hopefully has lifted or at least changed, for the better of those who make a living after dark, the 10:00 pm curfew, and Mr. Biden is president.

Many months have passed since we decided to redo the front porch and put down new tile behind the bar. Well, those months have now come to an end. We have begun to replace the front porch floor and have completed the bar floor project. As with any project the club starts, it becomes an adventure. One never knows how a 100-year-old plus building will "react" to change. Once we start a project it begins to grow — "Add this, spend a little more, I got a great deal so I went ahead... etc." — I am sure all readers can associate with this. So, since we

were doing the porch floor, we decided to fix the front siding. If you hadn't noticed some of it was siding, some shingle. It needed paint and it was a hodge podge of aluminum and wood.

We closed the club for the bar floor project which afforded us the opportunity to get other small projects completed at the same time. The kitchen's old oven was replaced with a new six burner and we added a convection oven. The club was cleaned in places less accessible during regular daily cleaning. When removing something, it also gives us a view of areas we can't see that need attention. We take advantage of this and fix or replace items needing attention. We keep in mind the club is an old, Buckeye Lake iconic, building.

Yes, there are many more projects on the drawing board. I have spoken of them in many previous articles. It's always a pleasure to hear a member ask about or telling us what type of project they would like to see get done. However, House & Grounds is tasked with many facets of any club improvement or project. At the beginning of each year a project list is generated for consideration within the club's budget. Although this is inspiring, it sometimes has unforeseen

consequences. A project start date is announced or we are purchasing something that has been needed for a period of time. Then, an unforeseen event occurs. This is called prioritizing. Our direction on spending has now changed. We do not forget a project, but it may be replaced with one of more importance at that time. Bear with us, we want the club to improve as much as every member.

We are starting to explore what it will take to replace the finger walkways and docks within them. A meeting on January 15 with ODNR was very helpful in getting this project headed in the right direction. Thanks to Mark Hoffines, Buckeye Lake Park Manager, and member Kitty, for putting this together.

We have addressed, with ODNR, the slippery situation created when the bridge is damp or wet. They are willing to assist in some sort of improvement. As always, with any project, we always welcome any member wanting to assist. There is no required time limit. Help for one hour to the end of a project is perfect. See Charlie Campbell, Vice Commodore, if interested.

Until Next Time, Stay Safe!

BAR & KITCHEN

- Rear Commodore Jeff Hamilton

HURRY UP SPRING!!

Thankfully, we have had a mild winter so far. I am ready for warm sunny days and to see boats back on the lake. We are only 48 days away from the first day of spring as of February 1st.

I would like to thank all of the Club members who purchased gift certificates over the holiday season. We sold \$7,385 worth of gift certificates! We also had a contest with the staff to see who could sell the most gift certificates. **And the winner is.....Mia!** Mia won a \$100 Amazon gift card. I greatly appreciate all of the hard work that all of the staff members put in to helping us sell gift certificates.

During the shut down in January, the tile behind the bar and kitchen entrance areas were replaced. Also, we upgraded a couple pieces of equipment in the kitchen. We now have a new Garland 6-burner Range and a new Bakers Pride Convection gas oven. This new equipment will help Chef Josh and his staff to better serve the Club members.

Don't forget that we will be celebrating Valentine's Day on February 13th. Bring your Valentine and be sure to make your reservations early. Chef Josh will have a wonderful menu planned for the night! We will also have the Shawna Corder Duo playing for your entertainment.

We still continue to have Curbside To-Go available to our Club members. If you don't feel like cooking, just give the Club a call to place your order. Please remember to make reservations when you plan to dine at the Club. This helps Rodney to maintain proper staffing levels so that we can better serve you. The staff is the backbone of our Club and we need to do make sure that we are doing all that we can to keep them happy.

The Winter menu is now out. We have scaled it back due to the slow winter months and to COVID-19. We will continue to have weekly specials along with the winter menu. Please check out the menu and look for the weekly specials. If you have something that you would like to see as a special, please let myself or Rodney know.

We continue to receive your feedback forms and I greatly appreciate the input from our Club members. We are having a contest this month with the staff. Who ever gets the most feedback forms with the staff members name mentioned on it will win a prize?

Please continue to support your Club! There are brighter days ahead and we just have to continue working together and supporting each other. Stay warm, healthy, and safe!

I look forward to seeing you at the Club!

Cheers!

Jeff Hamilton

JUNIOR TRAINING

- Governor Mike Bruckelmeyer

ODNR Powerboat License Class UPDATE — ODNR is not giving in-person class room instruction and testing as a result of COVID-19, so this year's class is canceled. We will look towards 2022 to start back up again. In the meantime, you can obtain the training and testing via the ODNR website.

We will be announcing the Sailing Camp and summer schedule over the next several weeks so keep checking the *Log* and the email announcements. **Summer is ALMOST HERE!**

RACE & REGATTA

- Governor Bill Collinson

If ever there was a shared struggle in the racing community, regardless of geographic location, skill level, fleet assignment, you name it, crew retention just might be it. We often get asked to help find crew for boats or boats for crew and what it takes to attract and retain crew. Consistency is what makes or breaks a race. As a skipper, your sailing program is at the heart of what you do. We know many of you have mentored up-and-coming sailors through the years and growing the sport isn't going to happen overnight. I know there are a good number of Club members that would jump at a chance to get on a race team but are afraid they do not know what or how to do things on a sailboat... Skippers — now is the time to start thinking about building up your team and renew the focus to help "Grow the Sport."

We're going to do this by creating new events, by posting flyers and by improving our communication on the Sailing Notice Board, weekly e-News and our BLYC Sailing Log (SLOG) and other social media.

With the uncertainty of COVID-19, we are going to postpone the all-hands fleet meeting, Race Committee 101, and racing rules review until early spring.

To close out this newsletter, I'd like to share photos of an active Capri 22 One-Design fleet, Interlake One-Design, and O'Day 26 that may get those juices flowing for our SOS racing this year.

Keep your bottom wet and your sails dry!

DOCKS & RENTALS

- Governor Greg Tobias

Now that we halfway through winter, we have to start planning for spring and summer. As weather permits, we are physically going to inspect all docks and storage areas to see what necessary repairs need to be made and have everything ready for the new season. I would also encourage everyone to please let me know if they see areas that are in need of repair. Suggestions for improvements are also welcomed. By the time you read this article, we should have dock assignments for 2021 nearly completed. As always contact me, Toby Tobias, with any questions or concerns relating to docks and storage.

WHAT IS BUCKEYE LAKE 2036?

Buckeye Lake Region 2036 (BLR2036) is a grassroots Declaration created in January 2016 by over 270 volunteers to chart the economic growth of Buckeye Lake Region, in order to improve the well-being and prosperity of its residents and businesses.

Buckeye Lake Region Corporation (BLR Corporation) is a non-profit organization open to all political and civic entities of the tri-county Buckeye Lake Region, created to coordinate and implement the mission outlined in BLR2036.

LOOKING AFT

- P/C Steve Harris
BLYC Historian

Who was Commodore 100 Years Ago?

Our Commodore 100 Years Ago was the same man who was our Commodore 115 Years Ago at the founding of BLYC. Commodore Sackett was, quite obviously an active, dedicated member of BLYC for many years.

- SGH

BLYC's First Commodore

On the evening of April 24, 1906, at the first organizational meeting of what would 11 days later become known as the Buckeye Lake Yacht Club, 29-year-old Lawrence Andress Sackett of Columbus was elected Commodore — our first — to serve until the Annual Meeting of the Club the following September.

Commodore Sackett was the President of the Sackett Mining Company. His younger brother, Guy, also a founding board member of BLYC, was the Vice-President. Following that initial meeting, Commodore Sackett and his new board set to work in not only forming the Club, but also in transforming the old, shallow canal reservoir into a navigable lake — Buckeye Lake. That first season was quite successful — a Constitution & By-laws were written and adopted; emblems and burgee designs were approved; the purposes of the Club — “the promotion and elevation of yachting, the enhancement of aquatic sports, the cultivation of sociability among its members, and to help in every way possible toward improvement of Buckeye Lake for boating purposes” — were established; membership had swelled to nearly 100; several successful regattas and social events took place; and, the new upstart Club was seeing results from its efforts to influence the new State Board of Public Works to improve Buckeye Lake. However,

Commodore Lawrence A. Sackett

Commodore Sackett, extremely successful leading BLYC those first few months, did not run again for the office of Commodore at the Annual Meeting in September. He was, however, elected a Governor. It is likely that he would have easily been re-elected Commodore but apparently, his father, the founder of Sackett Mining Supply, had made it clear that the company needed his full attention and that he couldn't both run the business and be Commodore of the Yacht Club. He remained a member, and continued to serve on the Board, but his activity was limited — at least up until his father's passing in 1910. Charles D. Lynch became our second Commodore in 1907 and served three years, at which time he had relocated to Indianapolis. Lynch would later go on to serve as a flag officer of I-LYA, become the first President of the Inter-Lake Yachtsmen's Fund, and serve as Race Committee and as a board member of the Detroit Yacht Club for many years thereafter.

Throughout the years that followed, Commodore Sackett would prove to be one of the most active members at BLYC. He regularly raced his sloop *Buckeye* and later his K-boat, *Windward*, both here and on Lake Erie, regularly participating in the I-LYA regatta each summer. He, along with his brother, Commodore Charles Lynch, and several other

influential founding members, established the Buckeye Lake Building Company which financed the purchase of the island and the construction of both the original Clubhouse in 1907 and the “new,” current Clubhouse 6 years later.

Commodore Sackett is the only BLYC Commodore to have served two, non-consecutive terms. He again ran and was elected Commodore for the 1920 season. It seems that he and others had been grooming Frank Miller, one of our first Junior Members just two years earlier, to take the office and become the youngest Commodore of an I-LYA Club. But Frank, at the age of 19, did not feel that he was prepared for such a responsibility and instead agreed to chair all of the power and sailing events for the Club that year. Thus, Sackett was, once again, our Commodore. Likely due to limited participation as a result of World War I, Commodore Sackett stayed on to serve as Commodore again in 1921 (also making he and Lynch our only 3-term Commodores). Later, Frank would go on to serve as Commodore of both Ashland (Kentucky) and Put-in-Bay Yacht Clubs and, of I-LYA. But, that's another story...
