COMMODORE
BRUCE AMES

What a Year!

I have considered it to be an honor to serve as your Commodore this past year. While we've certainly had our challenges, I think we can look back on a job well done. It has been a pleasure to serve you for the past four years on the Board of Governors and I am looking forward to my next role on the Board of Trustees. As we look forward to 2022, I encourage you to give the same support to Commodore Campbell and his board as we all work *together* to improve BLYC and make it the best place to be at Buckeye Lake.

I could use this month to recap both the challenges and accomplishments of this past year, but I think its a better use of space to thank some individuals for their efforts. This list is certainly not exhaustive, and I apologize if I have forgotten anyone.

First and foremost, I would like to thank our General Manager Rodney, Chef Josh, Rebecca, Deana, Chuck, and the entire BLYC staff for their hard work. Without their tireless dedication and

professionalism, BLYC would not be the great place that it is. We are very fortunate to have them as part of the BLYC family. Secondly, the Board of Governors. Each has worked tirelessly for the Club with an eye on continuous improvement. In every aspect, they have not only served their duty well, but also went above and beyond. I would like to offer a particular thank you to retiring Governors Tobias and Jones. We thank you for your service and wish you the best in wherever the next leg of your journey takes you.

BLYC is more than just a great place on the lake to dine and drink, we are a *yacht* club. This year has seen the return of boating activity delayed by the pandemic as well as the introduction of some new events. A big thanks to Gov. Mike Bruckelmeyer and coaches Susannah & Katy for making our junior sailing program something of which we can all be proud; Fleet Captain Paligo, Gov. Collinson, and all the volunteers for making sailing a strong part of activity at BLYC and giving us a fun new activity in the Cardboard Boat Races. Govs. Hein, Jones, & Campbell for revitalizing the Poker Run; P/C Wadley, Chris Hebert, and their team for bringing back the Classic Boat Show; and, too many more to mention.

In closing, I would like to thank those who convinced me to join the Board and have mentored me along the way. At times, I wasn't sure what you got me into, but it was always rewarding and well worth it. Thank you!

I love BLYC and the *FAMILY* that we, as members, enjoy here. As always...

See you at the Club!

Commodore Bruce Ames

BAR & KITCHEN

- Rear Commodore Jeff Hamilton

How Time Flies By....

It seems just like a few weeks ago but this year has just flown by. Over the last 18 months, there has been so much uncertainty. We have had to roll with the punches and jump through so many hoops. As a Club family, we have weathered this storm and we continue to steer through the unknown.

We could not have done this without the help of our tremendous staff. I cannot express how much I appreciate all of them. From back of house to the front of house, they have busted their butts on a daily basis to serve the members of this wonderful Club. We all owe them a huge amount of gratitude. Is everything perfect? No, but they do such a wonderful job at making your dining experience the best that there can be on Buckeye Lake.

It is almost been a year since I started my role as the Governor in charge of Bar & Kitchen. I would like to thank Commodore Ames for having the faith in me to take on this challenging role. **Thank you for your service to BLYC and to all of our members!**

This month, we will elect our new board members. Please join all of the candidates and the current board members on September 19th for the Porch Picnic and the Annual Meeting. Afterwards, we will welcome our new Commodore, Charlie Campbell. I look forward to working with the Commodore in the coming months. Lots of things will be going on and I look forward to the new board members and the new challenges.

By now, everyone has gone back to school and things will be slowing down. I again want to thank each one of our

staff members who have worked so hard this summer. I wish them the best in the coming school year. I hope that we will see some returning faces next year. They are all a very integral part of the success of this Club. They are not told enough how much they are appreciated. Please do me a favor and be sure to thank a staff member the next time you visit the Club. It will go a long way.

It is also exciting that football is coming back this month. We will have our tailgate parties for each game again this year. This is my favorite time of year. I look forward to football games on Saturdays and the tailgate menu that will be prepared by our Chef.

With all of the changes that we had to endure with Covid, I am happy to announce that we are bringing back our popcorn machine. We should have it back up and running when you read this article. I know that I have missed it very much!

With it being September, it also means that we will be introducing our fall menu. Look for more details in the weeks to come. Also, we will also be going to our winter hours as well. Please check the weekly e-News and the website for details on our hours.

Please continue to make reservations and to fill out the comment cards. We can't improve on our service and your experience if we don't know that there is an issue. I greatly appreciate all of the comments either good or bad.

As the seasons change, the fun doesn't change at your BLYC! I look forward to seeing our members over the months to come at BLYC.

Cheers!

Jeff Hamilton

HOUSE & GROUNDS

- Vice Commodore Charlie Campbell

Summer is coming to a close which means children are returning to school, our pool is closing, cooler temperatures, OSU football will be televised in our club for every game, election of Governors, a new Commodore, lots of events, and the start of projects long in need of completion. Lets get started...

Pool closing – Sunday September 12, 2021 at sunset our pool will be closed. Its been a great year for swimming. Many of you have gotten to know Patrick, our pool bar expert in the art of mixology.

The covered dock project will begin October 5, 2021. The wooden sidewalk, all docks, and the roof will be removed. A new seawall, new docks, and upgraded electric service will replace all that is removed. The seawall is 5 gauge steel sheet pile driven six to eight feet into the hard pan providing sufficient strength from collapse. Each walkway is steel, thirty inches wide, twenty-four feet long, covered with Trex (same material as the club porch), with an electric outlet centered on each walkway for ease of use. The distance between each walkway is twenty-four feet providing two slips of twelve feet each. There are twelve slips affected by this renovation. Any member who has a lift under the current boat roof, it will be removed, stored, and put back at club expense.

REMINDER: For those affected by this construction — you must have your boat and all personal belongings removed by October 1, 2021. Anything remaining after that date will be removed with demolition.

Next on our seawall replacement agenda, we have contracted with IBI Engineering to start the west pier, east pier, and front seawall of club replacement project. Our first step is to confer with ODNR and the Army Corp of Engineers as to what they will allow us to do. Up until now, our seawall projects have followed the club footprint on property we own. Although we built the west pier, east pier, and front of club seawall, this part of our footprint is on ODNR property. We project it will take at least three months of discussions with ODNR and ACoE to come to an agreement on what they will allow us to do. Once this is complete, we will submit our final plan for replacing what is left of our piers. After we submit our final plan, it will be a period of time, maybe a year, to get our permits to build. This is all contingent on what ODNR and ACoE approve in the first step of this project.

We now have our chlorine injector and pH reader in place. It's only been since October 2019 that we ordered this. Covid and lack of workers to build the unit are the culprits for delay.

Final construction plans for parking lot gates, key entry system, new gates for our docks and front entrance are completed. Contractors are in place with construction to begin soon. As we move forward with this project you will be kept informed of all that is needed to enter the club.

Pets are not allowed on the island except going to and from your boat. Smoking or eating in the pool is prohibited.

Drinking in the pool in a plastic cup is permitted. Please discard all trash in appropriate containers.

In case you didn't notice, the following 2021 projects have been completed to date: Bar resurfaced, floor behind bar replaced, new oven, new kitchen prep table, replaced porch floor and front of club siding, replaced all wood decking on west pier, jet ski docks & seawall behind club, flags for docks at Eastport and area 800, new ice machine, car & boat shows, and so on.

If you missed the Cardboard Boat Races you certainly will want to place it on your bucket list calendar for next year. It was amazing!! Seven boats, all made of 100% cardboard, tape and paint. I venture to say there were 200 people watching this main event. Be a watcher next year or better yet, build a boat or volunteer to assist.

Remember, while crossing the bridge to the club when damp, wet, snow/sleet covered it is slippery. Grab the handrail to help avoid falling.

This is my last House & Grounds article. I will be moving forward to Commodore and another Governor will be taking my place. It is a pleasure to have had this position for almost five years.

Be Safe!

Charlie Campbell
House & Grounds

WHAT IS BUCKEYE LAKE 2036?

Buckeye Lake Region 2036 (BLR2036) is a grassroots Declaration created in January 2016 by over 270 volunteers to chart the economic growth of Buckeye Lake Region, in order to improve the well-being and prosperity of its residents and businesses.

Buckeye Lake Region Corporation (BLR Corporation) is a non-profit organization open to all political and civic entities of the tri-county Buckeye Lake Region, created to coordinate and implement the mission outlined in BLR2036.

HOW CAN I HELP? Go to BLRFoundation.org and click on "DONATE NOW"

MEMBERSHIP

- Governor Rickie Sue Grunden

Membership Application Waiting List

The BLYC By-Laws allow applicants for membership to join from October 1st through January 31st and not be invoiced for the following year. After reviewing Club Membership numbers, the Board of Governors voted to open up membership for 2021-2022 on October 1st for the first 30 applicants on the New Member Waiting List that have completed all requirements (Online Application and letters from 2 Club sponsors on file.) Each applicant on the Waiting List will be notified of the Governors decision and invited to complete their Membership Application and remit payment of all fees. The Waiting List is determined by date of application and the date of receiving sponsorship letters.

Membership fees for 2022 are due on March 1, 2022. In March after the fees are collected, the Governors will review how many new memberships can be considered for 2022. The new member waiting list for 2021 will carry forward through 2022 until all that have completed requirements are considered for membership. If you have been asked to write a sponsor letter, please forward through BLYC contact information to the Membership Governor ASAP so that all applicants can become eligible for membership.

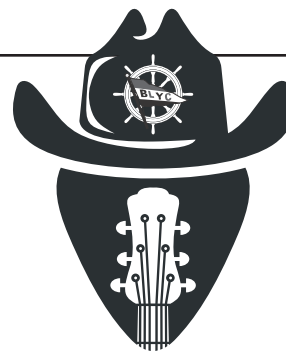

How Many Members Can BLYC Manage?

The Board of Governors has charged the Membership Committee to continue investigating how many members can belong to BLYC and the Club give good service and provide membership comradery that is expected from a private club. The Membership Committee is reviewing dining, pool, docking privileges, and rooms for private functions to help make this determination. This is your Club. Please take time to make suggestions on a "magic number" to the Membership Committee through our Club contact information. Committee Members: Rickie Sue Grunden, Chair, Commodore Steve Harris, Commodore Rose McEntire, Stacey Buechel, Stephanie Dolan, Mike Perez, John Sowers..

BLYC Golf Outing Wrap-Up

The BLYC Golf Outing donated \$2300 to the Junior Sailing Program and \$2000 to the purchase of table lights for the Porch Dining Area. Thank you club members for your support.

If you would like to be a board member or committee chairman, Please contact Tracey Davis, 2021 Auxiliary President, at blycauxiliary@gmail.com or call/text 614-446-0131.

RSVP either online www.buckeyelakeyc.com or by calling the club at 740-929-9941. Make sure to notate you are coming to Auxiliary. We look forward to seeing everyone! Please check the BLYC website under the Auxiliary Tab and the weekly e-News for the most up to date information.

Reminder: Please go online at www.buckeyelakeyc.com, the Auxiliary tab, to support your Auxiliary with a \$25.00 donation for membership dues or fill out the form, payment can be made by Cash, Check or member charge. 2022 Annual dues run from now until August 31, 2022.

Together we make a difference at BLYC!
Thank you for your continued support!

Tracey, Stephanie, Jan, Kathy, Trinda and Sue

JUNIOR TRAINING

- Governor Mike Bruckelmeyer

As we wrap up the 2021 summer season on Buckeye Lake I must reflect on the fantastic season we have had. From the return of the I-LYA Traveler's Series, to the exciting Sailing Camps in June, and the successful Junior Bay Week and all the events in between, I, and especially our juniors, are extremely grateful for the support from the Buckeye Lake Yacht Club. We are all very fortunate to be members of such a wonderful Club.

We have had a busy year and there is a lot to do get ready for the winter and plan for next year. I am planning on having a Junior Work Day, September 18th to make sure our equipment is put away. Details on the dates and the TO DO list will be sent via e-mail.

Finally, I encourage ALL voting members to attend the Election and Annual Meeting on September 19th. I hope to see you there.

Fair Winds and Following Seas!

DOCKS & RENTALS

- Governor Greg "Toby" Tobias

What a summer this has been! — One of the best for boating, sailing, and swimming! We can only hope that for early fall the weather can continue to be pleasant so that we can enjoy the lake even more. It has been reasonably calm with the docks and storage to this point with only a few minor issues to resolve. The bird deterrent flags appear to be doing their job. We will expand on this system next year. As always contact me, Toby Tobias, with questions concerning docks and storage.

RACE & REGATTA

- Governor Bill Collinson

On Saturday, August 7th, Buckeye Lake Yacht Club hosted the Inaugural Cardboard Boat Regatta. It was a perfect day for the event with sunny skies and a temper ature in the lower 80's.

We had 7 boats making an appearance in this year's event. It was amazing to see the difference in the design and structure as well as the ingenuity expressed in the vessels. The crowds started arriving early and by race time, we had well over 200 cheering fans on the island enjoying the spectacle.

People come to such events for two reasons; 1) to view the different interpretation of what their builders would consider a sturdy cardboard boat, and 2) to watch the inevitable crash and burns. This event offered both. There was some discussion about the length of the course — would anybody be able to finish or would the course be too easy as to not challenge the integrity of the boats? The route started at the bridge to the entrance of the club on the north side of the island. It wound around the exterior of the island past the swimming pool and finished at the entrance of the basin on the south side of the island, roughly 200 yards long. Markers were used to identify the course boundaries. Out of the 7 boats competing, 3 did not finish either succumbing to the forces of gravity or forces of water eating away at the structural integrity of the cardboard. Participants of this year's event ranged in age from 10 years to over 60 years.

Given there were 7 boats, the decision was made to have 7 heats where each boat would maneuver solo around the course. The order of appearance was done by lottery picking the start number out of a bowl. From that time going forward, the boats were identified by the number they picked.

The four boats that successfully navigated the course received a time as follows:

Fourth Place with a time of 8 minutes and 5 seconds

was Boat # 4 piloted by Cheryl Boggess.

Third Place with a time of 4 minutes and 34 seconds

was Boat #3 piloted by Michael Smith.

Second Place with a time of 3 minutes 55 seconds

was Boat #2 piloted by Mia and Kait
(BLYC wait staff)

First Place with a time of 3 minutes 33 seconds

was Boat #7 piloted by Mark Moyer, Mark Watson and Jeff Rice.

This group of fearless sailors not only set the record time but also set the record for the most weight in the boat. Rumor has it the combined weight of the three men exceeded 600 pounds. They also set the record for the oldest group which we will politely point out was over 60 years old.

We used the regatta as an opportunity to raise funds for the Junior Sailing Program. That fundraising consisted of voting for Best In Show at \$1 a vote as well as bets on which boat was most likely to sink or to finish last, which boat would finish

first in time or distance and what would be the finish boats for first, second and third. Best in Show was awarded to Boat #7 with 176 votes cast in their favor. The fund raising efforts resulted in a donation of \$913.50 to the Junior Sailing Program.

The day was highlighted with much laughter, companionship, and community. In my humble estimation it was a very good day for BLYC. It was amazing watching the crowd follow the boats around the course.

It is my understanding that more than 600 photos were taken of the activities many of which have already been posted to the BLYC website. The excitement during the day was palpable and many comments were heard about being a contestant for next year's event. I want to take this time to thank all the volunteers that made this happen and would also like to thank the competitors who took the time to build their boats and show up for our inaugural event. A number of people have come up to me asking to be on the committee for next year's event and I look forward to working with all of them to make this a standout event on the club's calendar.

In other regatta news — the Sail on Sunday Summer series wrapped up with the following winners: in third place team *Endless Summer* skippered by Tom Reynolds, in second place Team *Runaway* skippered by David Paligo and in first place Team *Alberg* skippered by Bill Reynolds. On Sunday, August 15, we began the Fall Series of Sail on Sunday. Start time is always 1:00 pm and we invite the membership to come out on the porch and watch the sailors do their thing.

Until next time...

Keep your Bottoms Wet and your Sails Dry!

Bill Collinson
Race & Regatta

LOOKING AFT

- P/C Steve Harris, BLYC Historian

Carmen Ohio, Columbus City Water, and BLYC...

Charles "Brownie" Cornell was the Commodore of BLYC in 1924. He is one of only four of BLYC's Commodores for whom I haven't found a good photograph — which is odd. Not odd that a photograph may not exist for someone who lived so long ago, but definitely odd as "Brownie" wasn't just any member of the Club.

He was apparently a very active member, very involved in the central Ohio community, and particularly quite the character too. The August 10, 1921 issue of *Motorboat*, reported on the "new" feature of powerboat racing at the annual I-LYA Regatta at Put-in-Bay along with a recap of the traditional sailing races and other activities. Included in said article was the following, "A comical feature was added to the sailing program by Brownie Cornell of the Buckeye Lake Y.C. The first boat finishing in the ladies' cat boat class was that of Cornell, who had 'dolloed up' as a woman." I guess there's a long tradition of BLYC members' "interesting" behavior at Put-in-Bay — that should give many of us comfort.

OK, not having a picture of a cross-dressing sailor might not be odd, but while obviously quite a character, Brownie was much more. Commodore Cornell was one of the chief engineers on both the O'Shaunessey and Hoover Dams — providing water for the City of Columbus. There is a small, relatively unknown, park dedicated to him on the east side of the Hoover Reservoir. The plaque designating the park reads,

CORNELL PARK

Dedicated in Honor of
C.B. "Brownie" Cornell
1880 – 1961

Who devoted his life to the development
and construction of water supply facilities.
His foresight and outstanding abilities in
his chosen field are everywhere evident
in the Columbus Water System.

Pretty impressive! Our friends at Hoover Sailing and Leatherlips Yacht Clubs owe, in part, the existence of the waters they sail on to a Past Commodore of BLYC.

Oh... and what does Carmen Ohio have to do with all of this? At one of the BLYC Tailgate Parties a few years back, P/C John Geiger asked the trivia question, "Who wrote Carmen Ohio?" At the time, I felt like I knew the answer, but just couldn't come up with it. I was certain that I'd read it somewhere before. As it turns out, I read it in the BLYC Log! In Commodore Limes' "Did You Know..." article in the March, 1982 Log, he mentioned Commodore Cornell and his works as an architect and engineer. He went on to elaborate that "It was Commodore Cornell's brother Fred who wrote the words of Carmen Ohio, OSU's Alma Mater... The year was 1902, four years before the founding of BLYC." I'm not sure if Fred Cornell was ever a member of BLYC. I'll have to do some research and see if I can find any old directories from that time. Either way, I think he and his Commodore brother would be pleased with the OSU spirit shown by our BLYC members today. **Go Bucks!**

2019 Ohio Realtor of the Year!

Let me help you get started!

Lisa Stewart 

Realtor, SRS

Your Buckeye Lake Expert!

Office located in the heart of Buckeye Lake Village

740.814.0166

mlisastewart@gmail.com herrealtors.com/lisastewart

Whether you spend a day, a weekend,
or live waterside at Buckeye Lake -
you will find life here to be very special.
Buckeye Lake is in a renaissance, and
we're proud to help pave the way in
this new era of lake life.

**Family.
Friends.
Community.**

We're all in this together.

State Farm® has a long
tradition of being there. That's
one reason why I'm proud to
support Buckeye Lake Yacht
Club.

Here to help life go right.®
