COMMODORE CHARLIE CAMPBELL

WOW! ... Commodore

I have the privilege of being the Commodore of "THE" BLYC. What an honor!! I am following in the footsteps of those who have ensured this club has continued to move forward for over a century. There have been many challenges and surely in the future there will be more. But, when the dust clears, this great Buckeye Lake icon will, as always, stand tall and strong. I am proud to be your Commodore and a member of this club.

I was elected to the Board of Governors in 2018. Commodore Rose McEntire assigned me the position as Governor of House & Grounds — A position I have held until now. With the support of the Board, Trustees, Finance Committee, and club members, a considerable number of projects were completed. What a ride.

OK here we go — I am hitting the ground running hard. There is a forward momentum at BLYC!! If you haven't been

to the club in the past few weeks, you have missed the most exciting output of energy this club has had in years. There are staff changes, newly elected members to the Board of Governors and, for the first time in decades, a membership waiting list. Yes, a waiting list!

We have a new Chef, Patrick Ennis. He was our lead bartender for the pool this past summer. His enthusiasm, mixology techniques, skills and abilities for food preparation, and tremendous attitude is what propelled him into the prestigious position of BLYC Chef. However, he did not come to our club alone. His lovely wife, also an accomplished chef, chose to become another member of our family. What a duo!!

There are two projects in the queue. First, on October 5, the new East side seawall project began. This project has been four years in development. When finished there will be a new seawall from the North end to the South club property line, twelve new slips, and seven new dock platforms. Each platform will be covered with Trex, have electric, direct access to the club property and provide easy access to members' boats. Next, a project that is talked about, kicked around through complaints but never, until now, starting. Well, here goes! — The installation of a parking lot and boat dock entrance and exit gate system is beginning. When finished, later this year, our members will enjoy a more secure club entry system.

The Board of Governors election was exciting. We had six candidates with

Continued on p. 2

COMMODORE

Continued from p. 1

outstanding qualifications. Five were elected to the Board, three for two-year positions and two for one-year positions. I am proud to announce your 2022 Board of Governors:

Jeff Hamilton, Vice Commodore — Bar & Kitchen
Mike Bruckelmeyer, Rear Commodore — Entertainment
Bill Collinson — House & Grounds
Stephanie Dolan — Communications
Ricki Sue Grunden — Membership
Barb Hein — Junior Training
Vic Schroeder — Docks & Rentals
Andrea Taylor — Race & Regatta

A special thank you goes out to Past Commodore Bruce Ames and Past Commodore, 2021 Head Trustee, David Luttenberger. Bruce did an excellent job of running the club in 2021. He gave his knowledge, time, and money to better the club without asking for thanks. He was my colleague on the Board of Governors. He now moves on to a position on the Board of Trustees. Dave Luttenberger, a Trustee when I was elected to the Board of Governors then became Head Trustee for 2021. After 10 years of service, he now moves to a well deserved "retirement" from BLYC board activities. He was instrumental in forming the Finance Committee. This committee keeps our financial position in check. Both of these members, my friends, provided guidance and a steady hand during their tenure. I am sure they both will continue to give to the club all they can.

I owe thanks to many club members for being there when I needed them. All I had to do was ask and they pitched in without hesitation. I will not forget what they have done for me but, in particular, how they made the club better.

Although I am Commodore and will now oversee all aspects of club happenings, I will miss being House & Grounds Governor. It was my extreme pleasure to serve in this capacity. But, Chuck Fadley, our Maintenance Supervisor, is how many things get fixed around the club. He made me look good. He gets the job done and has the knowledge, skill, and ability to keep the club open when a maintenance issue arises.

To the Auxiliary members I say, "How did you do it?" Several of our projects — entrance stairs, chairs, cooking tent, to name a few — were funded by the Auxiliary. I thank them and encourage all members to join.

COME TO THE CLUB! You will be impressed with the "ENERGY, SMILES, WILLINGNESS TO SERVE" you will experience from our servers, bussers, Chef, kitchen staff, bartenders, General Manager, office personnel, Board of Governors, Board of Trustees, maintenance supervisor, behind the scenes building caretaker Grant, and Fellow Members. Well, it's really neat to say...

Your Commodore,
Charlie Campbell
Be Safe!

JUNIOR TRAINING

- Governor Barb Hein

Honor these Men...

Commodore John Geiger, Commodore Don Harris, Commodore Steve Harris, Commodore Rick Henderson, Commodore Dave Lawrence, Commodore David Luttenberger, Commodore Greg Miller, Commodore Mark Russell, Commodore Tim Ryan, & Commodore Chuck Wadley. I would like to thank these Past Commodores and hopefully you will too. Our Past Commodores know the importance of our flags and want to preserve our BLYC history and our memorials. They have chosen, as individuals, to donate money to the RW McCallister flagpole. The only change they want, will be to paint the flagpole but preservation is of the utmost importance to our BLYC past Commodores & numerous members. Thank you for your support.

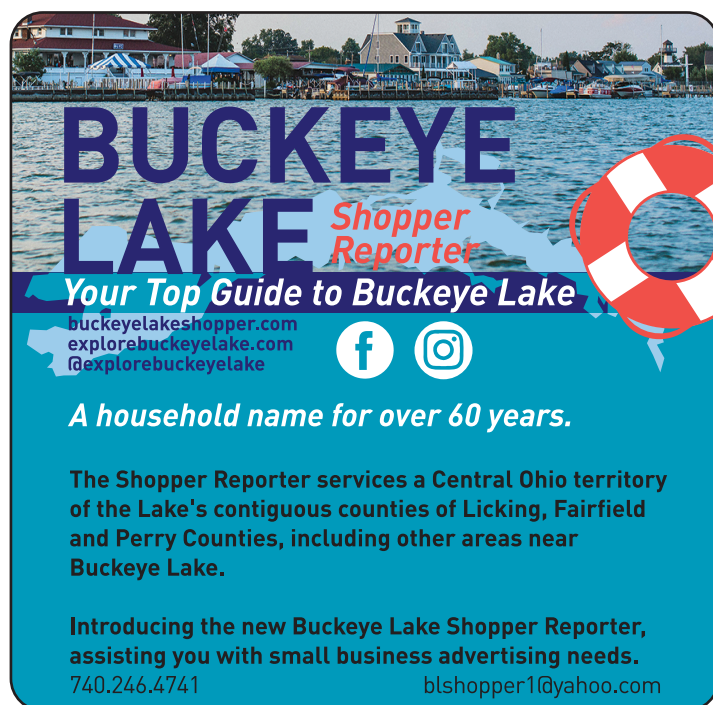

Our BLYC Junior Training began when the seed was planted in the 1950's. Governor Bruckelmeyer has grown our program and as your new Junior Training Governor I look forward to continuing that growth.

See you on the Starboard side

- Vice Commodore Jeff Hamilton

Season of Change

The word change has many different meanings. Webster's Dictionary defines the word change (verb) as the following: *a succession or substitution of one thing in the place of another; a difference; novelty; variety; as, a change of seasons. Also, to alter; to make different; to cause to pass from one state to another; as, to change the position, character, or appearance of a thing; to change the countenance.*

We are now in a new season and there are changes happening at Buckeye Lake Yacht Club. The pool has closed (unfortunately), the leaves are changing to beautiful vibrant colors, members are starting to put their sailboats and powerboats away for a long winter nap, and we have a changing of the guard at Buckeye Lake Yacht Club. I would like to congratulate Commodore Campbell on his new board members and flag officers. I look forward to working with the board in the coming year.

As the board of Governors has changed, so has the staff at Buckeye Lake Yacht Club. We have lost some tenured staff members who have decided to explore new opportunities and we thank them for their years of service to the members of BLYC. We wish them the best in the next chapters of their lives.

As you may be aware by now, we now have a new Chef. I would like to welcome Chef Patrick Ennis to the position of Chef & Kitchen Manager. I am very confident in Patrick's ability to take the kitchen to a new level. He has many years of experience in the kitchen and also the front of house as well. His passion is in the kitchen and is very talented. He is very excited to be taking on this next chapter. He is very

passionate about our Buckeye Lake Yacht Club. His parents are members of this club and he has been around the Club for many years. He has worked at Worthington Inn, Limited Brands, and Cameron Mitchell. I am very excited to see what wonderful creations Chef Patrick will be bringing to the table.

During this transition, I am asking our members to show patience, understanding, and most of all be kind to our staff members. They all work very hard for our members and they deserve to be treated like you would want to be treated. We are actively looking for more staff. We need bussers, servers, and kitchen staff. If you know of anyone looking for employment, please have them reach out to our General Manager, Rodney, or they can apply on our website.

I look forward to be working with Rodney, Chef Patrick, and Danielle. I think they will make a great team and I look forward to the exciting things that they will make happen. They have a fresh attitude and they are ready to make BLYC a much better place to call home. Stay tuned for exciting announcements about our new menu and a challenge that I presented to Patrick during our many discussions.

I appreciate your kindness, understanding, and patience during this season of change. It is all for the betterment of our Club. By working together as a BLYC family, we will come out of these changes in a more successful and profitable state.

I will leave you with this quote: *"The Secret of change is to focus all of your energy not fighting the old, but on building the new."* - Dan Millman

Cheers!

ENTERTAINMENT

- Rear Commodore Mike Bruckelmeyer

I am excited to again serve as a Governor for the Buckeye Lake Yacht Club. Thank you for all of your support. While the past year has been challenging, we have had fun and exposed a lot of our youth to sailing and have expanded their knowledge of the sport. Stay tuned for an exciting 2022!

A special thank you to our number one cheerleader for the Junior Training program — Commodore Bruce Ames, for his support of our Juniors. Great job Bruce!

Incoming Commodore Charlie Campbell is just as excited about the Junior Program and will no doubt navigate us through the upcoming year. Be sure to congratulate our New Commodore next time you see him.

I look forward to seeing you at the Club.

Fair Winds and Following Seas!

DOCKS & RENTALS

- Governor Vic Schroeder

Thank you for electing me to the Board. I'm looking forward to my assignment in 2022 as Governor of docks and rentals. As the season comes to a close, we will plan maintenance and/or modifications to get ready for spring. I am aware we have some bird issues and that is a top priority. If you want to make a request for dockage, please go to club website and fill out the form, you can find it under "Our Club" — then click on "Docks and Storage." This is where you request new docks and storage or if you are planning changes or downsizing, you can update your status there as well.

Thank You!

Vic Schroeder
Docks & Rentals

COMMUNICATIONS

- Governor Stephanie Dolan

I would like to begin by saying thank you for choosing me to serve you, the wonderful members of BLYC, on your 2022 Board of Governors. It is a privilege and an honor and I cannot wait for all of the exciting things to come this year. I'm looking forward to working with all of you to make this year incredible! Please send me your pictures and updates of yourself, your family, and your friends enjoying the many fantastic events that we have around the Club. Please contact me with questions concerning communications as well.

Cheers to a great fall and many fun times at BLYC!

Stephanie Dolan
Communications

DOCKS & RENTALS

- Governor Greg Tobias

This certainly has been a great summer at the lake and fall is looking very promising as well. We have made some progress on the bird issue but as we have seen not enough. It amazes me how the birds managed to concentrate themselves on the outer quadrant of the west side of the Eastport docks with minimal activity elsewhere. We will continue to work on this issue and hopefully make more progress next year. We have officially reached a milestone in that we now have a waiting list for docks in all areas. A new location to display dock information will be determined in this next month. We are also looking into providing this information on our website. This will be my last Log article as Docks and Rentals Governor. Due to other obligations and priorities, I decided not to run for the board again. I still plan on being active at the Club and will volunteer whenever possible to help keep BLYC a very special place.

Thank You All!

Toby Tobias

RACE & REGATTA

- Governor Bill Collinson

As I write this, it is Tuesday, September 7th and I am wondering where the summer went. We have had exciting news in that Jeffrey Robb completed his third Lake Erie race for 2021 with the Buckeye Lake Yacht Club burgee flying proudly. His latest campaign was the 2021 Sandusky Island Leukemia Cup Race. The 5 to 10 knots winds pushed the 46.5 foot *Ariel* around the course just fine. We are pleased to report that *Ariel* took 5th place in the cruising class out of 8 boats and most importantly out of the 39 boats registered for the race, *Ariel* took top honors for raising the most money, \$4,015, for the Leukemia and Lymphoma Society. Club members should be proud of Jeff's efforts and for the donations made for a worthy cause.

To date, we have completed our Spring and Summer Series for Sail on Sundays and are well into our Fall Series, having already completed 7 races. The final Sail on Sunday Race will be on September 26th with a 1:00 pm start. On September 6th we held the Commodore Dwight R. Haggard Labor Day Long Distance Race. The weather brought bright and sunny skies with brisk 8 to 11 knot winds out of the west. We had 10 boats competing in the race this year. Congratulations to Barb Hein with on her Laser winning first place honors.

I'd like to take this opportunity to remind all that on Friday, October 8th, we will be holding the presentation of 2021 trophies at the Annual Tropical Awards Party & Trophy Night and would also like to remind members that on October 16th, 2021, we will be holding the Commodore George V. Fisher Snowball Regatta.

This article it brings to a conclusion my first year as Race and Regatta Governor. While it looks like we all had good time during the season, none of this happens without dedicated volunteers and this year was no exception. I would like to take this opportunity to thank our Fleet Captain, David Paligo, for dotting the i's and crossing the t's, sending out communications to the fleet, and always promoting a high level of enthusiasm to grow the sport at the club. I would also like to acknowledge the help of Rick and Marcia Henderson who have done a yeoman's job in acting as our race PRO keeping track of the starts and finishes and making sure all information was recorded properly. Until next time,

Keep Your Bottoms Wet and Your Sails Dry!

Bill Collinson
Race & Regatta

RACE & REGATTA

- Governor Andrea Taylor

Welcome Aboard!

I hope everyone is ready for some fun! I want to thank everyone for their support at this year's elections. It really means a lot to me to serve as your Governor! If you have ever wanted to learn to sail, crew on a sail boat, learn more about race committee, or volunteer please do not hesitate to reach out to me!

Sail Fast!

Andrea Taylor

Membership Application Waiting List

The BLYC by-laws allow applicants for membership to join from October 1st through January 31st and not be invoiced for the following year. After reviewing Club membership numbers, the Board of Governors voted to open up membership for 2021-2022 on October 1st for the first 30 applicants on the new member waiting list who have completed all requirements (online application and letters from 2 Club Sponsors on file.) Each applicant on the waiting list has been notified of the Governors decision and invited to complete their membership application and remit payment of all fees. The waiting list is determined by date of application and the date of receiving sponsorship letters. Membership fees for 2022 are due on March 1, 2022. In March after the fees are collected, the Governors will review how many new memberships can be considered for 2022. The new member waiting list for 2021 will carry forward through 2022 until all that have completed requirements are considered for membership. If you have been asked to complete a sponsor letter, please forward through BLYC contact information to the Membership Governor ASAP so that all applicants can become eligible for membership. If you have friends interested in becoming members, please have them fill out the online application as we will continue using the waiting list. If you are asked to sponsor, please submit your letter by email to the BLYC Membership Governor under the "Contact Us" on the BLYC Website.

How Many Members Can BLYC Manage?

The Board of Governors has charged the Membership Committee to continue investigating how many members can belong to BLYC and the Club still give good service and provide membership comradery that is expected from a private club. The Membership Committee is reviewing dining, pool, docking privileges, and rooms for private functions to help make this determination. The Membership Committee recommended to the Board of Governors that we continue to review the number that use the Club during the winter and how many drops that we have for 2022.

See You on the Lake!

Rickie Sue Grunden
Membership

HOUSE & GROUNDS

- Governor Bill Collinson

As your new Governor for House & Grounds, I will be working with Charlie on projects already in the works. If any of you have concerns about anything needing repair at the club, please let me know. I have a few projects I want to start so watch the *Log* for more information.

We are on schedule to begin the east side seawall and dock project. By October 1st all boats, lifts and anything belonging to those members renting those slips will need to be removed. Lifts will be removed by the contractor and stored on club property. Several letters have been sent to all members who will be affected by this project.

Each slip space will be 24 feet wide allowing each member 12 feet. This is enough room for two boats with or without boat lifts. Electric will be provided to each slip. The dock platforms are steel with wood. Treads will be made of Trex, the same as the new flooring as our front porch.

At the same time as we are building docks on the east side, you will see a considerable amount of construction in the parking lot, on the bridge, and on our boat docks. We are installing a key-card entry system with gate. You will enter the club as you always have however, when the system is in service you will need your key-card. Our plan is to issue each member two cards. Nothing has been decided yet on how much extra or replacement cards will cost or how they will be issued. Any ideas, please let me know. After entering the club, you will proceed to a parking space either on the blacktop or in the grass area. To leave you will pull up to the gate marked exit, wait a few seconds while the gate goes up, and then exit. The exit gate will automatically open and shut. The rear gate will remain closed unless the club staff opens it. It will be operated with an automatic opener similar to a portable garage opener.

The gates at the club end of the bridge will open by using the same key-card as the parking lot. Enter key-card, gate will unlatch, and pull open the gate. When leaving, push open button, gate will unlatch, push open gate, and the gate will automatically close.

The gates on the boat docks will be push button combination locks. You will use the same combination but you must also use the combination coming off the docks as well as coming onto the docks. Gates will close automatically.

We are currently working on next years construction and pool schedule. I am open to suggestions and welcome any member who would like to assist with upcoming projects.

Looking Forward to a Great Year,

Bill Collinson
House & Grounds

LOOKING AFT

- P/C Steve Harris, BLYC Historian

A Unique BLYC Tradition... indeed!

Having been involved at the Club for almost 25 years now, I've come to realize that there are some BLYC traditions that I take for granted. Case in point — BLYC Elections Weekend. A few weeks ago, we held our "traditional" election activities. I realized that, for many of our members, it was their first one. Throughout the day, I received several questions about the history of the whole affair.

It all kicks off a couple of weeks early with the candidates running for the Board putting up their signs around the Clubhouse. Then, there's Candidates Night on the Friday before elections. It is, as it sounds, an evening for members to meet those running and for the candidates to make their "stump speech" on why they are qualified to serve. I have had the pleasure of serving as the emcee for several years now. Not particularly formal — in fact, I sometimes worry that I might cross the line — it is usually a fun evening of jokes, laughter, and, of course, candidates speeches. Then Sunday, the "Porch Picnic," with candidates serving brunch to the members, elaborate table displays, and putting campaign stickers on anyone and everyone who walks by slowly enough to catch. What other Club or organization are you aware of at which those who are *volunteering* to serve also provide the electors with brunch for several hours while the polls are open? I don't know of any. (In fact, at other yacht clubs to which I belong, voting is a rather anticlimatic part of a typically dry meeting filled with reports.) Then, of course, the day continues with the necessary, yet important annual meeting and presentation of the Club's highest honors, and the Commodore's Reception. It is a unique experience — for members and candidates alike — to be sure. But how did all this develop?

Digging through old issues of the *Log*, and Commodore Armstrong's 1956 book, *Story of the Buckeye Lake Yacht Club*, I think I was able to find, some, but not all the answers.

According to Armstrong, beginning with

the first election for the 1907 officers, candidates were nominated from the floor at the annual meeting. In 1919, that changed with a nominating committee selecting them in advance. Using preprinted ballots, the voting was done prior to the annual meeting. The evening prior, there were "torch light parades" and "campaign demonstrations." Not exactly what we do today, but it sounds a bit familiar. Over the coming years, one can assume that this tradition continued — a "torch light parade" sounds fun.

In the 1940's BLYC held its annual Trophy Night the evening prior to the annual meeting and elections. But Armstrong reports that, in 1948, following the presentation of awards, "the evening degenerated into a confusing babble of Campaign Night — an unannounced second feature — which went on and on well into the morning of election day." The following year, "Campaign Night" was added to the Trophy Night program as a planned event. Reading through the *Logs* from the early 50s (of which we are fortunate to have a few in the archives), it sounds as though it could be a rather raucous affair — "Anything can happen... and probably will." From the September 1951 issue of the *Log*,

"... it is the outstanding entertainment of the season. These candidates really go to town with original stunts beyond comparison. Be sure to be there..."

From a follow-up article in October, 1951,

"The Campaign Party was by far the biggest, the noisiest, the most successful party of the season... Many of the candidates (and members) will not recover from the impact of this party til Christmas, at least."

Sounds like maybe we're doing it wrong!

But back then, the New Year's Eve Party was also advertised as being planned to continue to 2:30 am... "Cost — \$5.00 per couple; Dress — optional." Maybe we just don't know how to party like they did in the 1950's!... Something to improve on?

In 1952, Trophy Night was moved to an earlier date to allow Candidates Night to stand alone as a separate affair. From the September 1952 *Log*,

"This entire evening will be devoted to

campaigning. The entire Club is turned over to the candidates and most anything can happen and usually does. Votes are solicited, bought and sold. It's quite a hassle!"

But what about the porch picnic? Has it always been a part of the BLYC election festivities? There is no mention of it, or anything like it, in the early years. But, just as Candidates Night seems to have evolved from torch-light parades and campaign demonstrations, I assume that the tradition of the candidates campaigning while providing food for the members developed over time as well. The earliest mention I can find is from the October, 1965 *Log* in which Rear Commodore Dave Cox expresses his regrets of having been out of town and unable to enjoy the "Saturday evening... and Sunday morning activities." Perhaps something akin to what we know as the porch picnic today existed then as well. In September of 1979, an announcement in the *Log* urged members to "... come out for the Candidates Breakfast on the morning of the 16th and cast your votes." So, the "Porch Picnic" has certainly been a tradition for over four decades and likely much longer. We have a few members who were here in the 1950s and 1960s. I'll have to pick their brains and see if we can fill in some of the gaps.

THANK YOU VANCE OUTDOORS!

I was fortunate to be on the September 9th, 104th Honor Flight Columbus trip to Washington, D.C. We visited all the military memorials during the day. It was a very moving experience. I was in Vietnam from 1967-1968 and had the opportunity, along with the other veterans, to check names on the Vietnam Wall.

Our flight was sponsored by Vance Outdoors. I wanted to express my sincere appreciation to Todd Vance, who is a BLYC member, for his support to the Honor Flight Columbus Organization. He also had an employee on board as a volunteer "Guardian".

I was with 125 veterans on this flight and I can't express how much this trip meant to us. I feel it was a time of healing and gave us the opportunity to remember those we left behind.

Thank you to Vance Outdoors for their support of this great organization.

- P/C Rick Henderson

WHAT IS BUCKEYE LAKE 2036?

Buckeye Lake Region 2036 (BLR2036) is a grassroots Declaration created in January 2016 by over 270 volunteers to chart the economic growth of Buckeye Lake Region, in order to improve the well-being and prosperity of its residents and businesses.

Buckeye Lake Region Corporation (BLR Corporation) is a non-profit organization open to all political and civic entities of the tri-county Buckeye Lake Region, created to coordinate and implement the mission outlined in BLR2036.
