COMMODORE CHARLIE CAMPBELL

As Commodore, I hope all of you had a great and joyous holiday — that 2022 brings you all that you wish for.

Although this is a “New Year,” the December lead into 2022 was one of the best. It started with the Ugly Sweater party, a fashion display of just plain, I wouldn’t wear this sweater anywhere except the Ugly Sweater party. Followed by our Christmas party, Good Neighbor Christmas for our area children, and the New Year’s formal — dance the night away — gala. If you missed any of these, get started with your plans for next year.

It goes without hesitation that none of our successful, fun, exceptional events could have happened or do happen without our excellent chef/GM, kitchen/serving/busser/maintenance/office staff. Their, behind the scenes, diligence to detail makes the difference. Thank you!

Your board, during the holidays, did

not take a breather. If you haven’t noticed, there are “candy-cane” like poles at the club entrance and a new exit. Our security entrance gates have been installed. You will be, or have been, given two pass cards along with instructions on their use and what to do when you have guests or lost your pass, etc.

The east dock project is moving along as weather permits. Unless “Murphy’s Law” comes into play this project is on target for completion by 2022 boating season.

We have been given the opportunity to host the 2022, Jet 14, National Championship regatta. During the week July 25, you will want to come to the club to observe this event. Sailors from across the nation will be competing on our own Buckeye Lake. What an honor for our club!

Our own Race and Regatta Governor, Andrea Taylor, is in full go-ahead mode with boating events including Sunday sailboat races — an event that has brought the club back to the good “ole” days of BLYC sailing — the, now annual, cardboard boat races, etc. The inaugural start last year of this event has many members wishing they had built a boat. Now is the time to start gathering your cardboard, tape, glue, and begin your journey into the design and construction of your vessel. One item sometimes overlooked is safety of our racing boaters. A committee is in the process of developing safety standards.

Continued on p. 2

COMMODORE

Continued from p. 1

The club has entered into a contract with a company who offers a POS, point of sale, system known as JONAS. This system will enhance the ability of our waiting staff to communicate from your table to our kitchen. It will enable our office staff to more accurately keep track of billing, cost of goods sold & purchased, accounting practices, and other needed information.

We have decided to remove ourselves from the house and garage rental business. The single-story house will be repurposed into our maintenance garage. It will provide much needed storage space and be a start into having our maintenance staff out of the club basement. The garages are in need of costly repair. The decision to remove them is the best option. This will happen after June.

The board constantly keeps an eye on what can we do to improve the delivery of fine food to our members. One part is the equipment needed to prepare or keep our food and beverage. The grill, similar to the one we all have for our home cook-outs, was replaced. A new cooler was added behind the bar.

When I was first elected to the Board of Governors, I was placed in charge of sealing the island from Buckeye Lake water. It started with a new seawall by the pool, Phase I. Extending the seawall to the rear of the club, Phase IIA, stretching the seawall to the East, Phase IIB, and now planning to come "full circle". This final phase, Phase III, encompasses the whole front of the club. The final seawall installation will connect and fill the gap between the east seawall and the pool seawall. There is a lot of logistic considerations with this phase...Removal of existing concrete and steel, what is the best way to reconstruct the new seawall? etc. We are using IBI Engineering to assist us in making decisions. We will keep our current foot print but have a new design to make better use of the available space.

Our club has over 600 members. On one hand this is awesome, it demonstrates when things are run well it pays. On the other hand, it becomes a difficult task to accommodate all that want to attend certain functions. As of now, new membership is based on one leaves one is asked to become a member. If you are waiting to become a member please be patient. We want you!

In closing, I had the privilege of attending the Buckeye Lake Chamber of Commerce Christmas get together. They had a fun filled event. This is one example of what the club can offer you as a member. If you need a venue for your special event the BLYC is your place. Talk to GM Rodney for arrangements.

In closing, thank you for a great 2021. The Board of Governors is looking forward to accommodating you in 2022.

BAR & KITCHEN

- Vice Commodore Jeff Hamilton

Happy New Year!

The presents have been unwrapped, the ball has dropped on Times Square, and all of the holiday parties are over. It is time to start a new year and lots of fun at the Club. I hope that everyone had a wonderful holiday season. I appreciate all of the members who took the time out of their busy holiday season and stopped by the Club to either have dinner or to have drinks with your friends.

Even though it is January and people like to hibernate at home, there are lots of fun things to do at our Club. The biggest event is Winterfest on January 29th. It is always a fun day at the Club and around the lake. We will also need volunteers to help throughout the day. We will have entertainment during the day, the coffee bar, the art show, the bloody mary bar, great food, and did I say FUN! I hope that you will be able to come out to the Club that day and partake in the excitement. Will Benny the Bass eat the minnow? Will we have 6 more weeks of winter or will it be an early spring? Early spring!!! Come out to the Club this month and shake off the winter doldrums.

We continue our search for a new chef. Rodney and his team have done a wonderful job and we appreciate everything the staff has done for us during the holiday season and throughout the year. As soon as we have our new chef, we will make that announcement. If you know of anyone, please let either myself or Rodney know.

The Board of Governors has approved to purchase a new POS system. We are going with JONAS. This system will help with the efficiency of how the club operates. This will help with our accounting and data management. It will also help with the efficiency for the staff. As more details are available, we will post them to the members. This should be installed within the next few months.

A few months ago, I discussed the policy on no show reservations. This will be in effect beginning February 1st. For any reservation that is not cancelled, the member will be charged \$25 per person that was to be in your party. We ask that if you are unable to make your reservation, please give a courtesy call to cancel. We have had several instances where there have been large groups make a reservation and they do not show up. This has an impact on the club financially and it affects the staff. If you have any questions, please feel free to reach out to club office or to myself.

Before you know it, we will be at full pool and the snow and ice will have melted away. Until then, make sure you come to the Club and enjoy one of the many events we have planned this winter. I am sure our bar staff will have some wonderful drinks to warm you up. Rodney will also have some wonderful menu items on our weekly specials.

Stay Warm and See you at the Club — Cheers!

HOUSE & GROUNDS

- Governor Bill Collinson

As you are reading this article, we have started the new year with new hopes and aspirations. This year, 2022, also marks the 116th anniversary of the Buckeye Lake Yacht Club. As the House and Grounds Governor, I am very aware that the work

the club does today will ensure its prosperity for the future. If you have visited the club recently, you will notice that the steel sheathing for the east side sea wall is on the island and is currently being installed. Once that

part of the project is completed the docks providing the twelve slips will be put in place.

Since my last article, we have also effected temporary repairs on the docks located on the west basin as recommended by our insurance company. As indicated, these are temporary repairs to make the docks as safe as possible until they are replaced, hopefully in the very near future. We are currently in conversation with ODNR to expedite the start of that project.

You may recall that in my last article, I talked about the security gates for the parking lot, and by the time you read this report, they will be in place. We have set up a committee to review the “what ifs” connected with the security gates so that

“forgot my card”, “have guests arriving”, and the like.

You might have noticed that the rear door at the bar no longer gets stuck on the cement in that the cement has been replaced and leveled. Regarding the rear staircase, we are currently looking into the cost of its replacement and will have further information in future articles.

We are also looking into having the clubhouse painted in the spring if the budget will allow. Prior to that being done, we will have to replace the siding behind the pool bar and may be looking for some volunteers to do that project in house much like we did with the front porch. Along those same lines, I would like to take this opportunity to personally thank Mike Smith for washing the exterior windows on the club's cupola. Mike is the personification of what club membership is all about and we thank him for his contributions.

In conclusion, I would like to wish every one of our members a Happy and Prosperous New Year and look forward to making 2022 a banner year for the Yacht Club.

Let's Welcome Aboard the following new Members:

Correction to December Log...

Brian and Elizabeth Moore

NEW MEMBER RECEPTION — Saturday, January 15th from 4:30 to 6:00 pm. If you became a new member this fall, let us welcome you aboard! Stay for the Parrot Head Party for a great evening at the Club! Reservations are required for both events.

Waiting List: 52 Inquiries including 2 reinstatements. 2 requested to stay on list until March. 12 have completed all requirements and are ready for membership when the Governors open it again in 2022.

Sponsor Letters: In May 2021, when they instituted the BLYC membership waiting list, the Board of Governors reinstated the by-laws requirement of two sponsor letters accompanying all applications for membership. The applicant is not on the waiting list until the second letter is received. All online applications and sponsor letters are time stamped by the date they are submitted. Please help your friends by emailing their sponsor letters in a timely manner.

2022 Waiting List Fees: The Board of Governors passed the following proposal regarding initiation fees and Active Membership fees for the 2022 applicants: All applicants on the membership waiting list who have completed an online application and have 2 sponsor letters on file by October 31, 2021 will be accepted at the 2021 initiation and membership fee structure. All applicants on the waiting list completing requirements from November 1, 2021, will be subject to 2022 initiation and membership fees.

Non-Resident Members: The Board of Governors requested that the membership committee review Non-Resident memberships. In doing so, the committee found several Non-Resident members are now located within 75 miles of the Club. The Board of Governors will send these members a letter offering them the opportunity to transfer their membership to active status for 2022. The committee also found that the 2005 Board of Governors also addressed this issue: *"The term non-resident is not used in the same context as when referring to tax status in Florida or some other warm weather destination. Several of our members spend the winter months in Florida but return to the Buckeye Lake area for the summer. They are not considered non-resident members due to their stay of more than 8 weeks in the local area."* (Log: February/March 2005)

The proposal for changes to the Non-Resident By-Laws is published in this Log for review.

2022 BLYC Membership Committee: Steve Harris, Rose McEntire, Stacey Beuchel, Stephanie Dolan, Matt Glanzman, Michael Perez, John Sowers.

So even if you don't want to play on the snow come have a cold one with us! This will be open to all members, come hang out with the skippers, crew, and have FUN!!

If you have a goal of learning more of the rules of sailing or about safety please join us for our upcoming series:

If you scroll down on the main page on the right hand side you can sign up for our e-News and our Notice Board.

I am also exploring starting an all-women's sailing association. We want to bridge the gap between our many great female sailors and those that I hear from that want to learn. Stay tuned...

HAPPY NEW YEAR!

I'd like to start out by saying "thank you" to everyone who came out for the New Year's Eve celebration. Also, "thank you", to all who attended and volunteered at the various holiday events that were held at the club over the holidays. It was truly a magical season. 2022 is HERE and it is set to be an AMAZING year at BLYC! There are many great events happening this year and many fantastic ways to get involved. We are SO excited to be moving forward with our JONAS software system this year. We have been working very hard to get this system implemented and are looking forward to all of the positive ways that this software will impact the operations of the club. I have spoken with many private clubs throughout Ohio who also use JONAS and have heard nothing but wonderful feedback. It will be a great addition and so useful. Stay tuned for more details.

I'd like to wish everyone a safe and wonderful 2022. See you at the club!

Cheers,

Stephanie Dolan

NEW RESERVATION POLICY

In the past we have had members make a reservation and not show up, or not everyone in the party be present. The cost of food, beverage, and labor has continuously increased 20%. When you make a reservation, we purchase food, beverages, and increase the number of employees to accommodate all reservations.

Therefore, the Board of Governors has decided to implement a policy governing "No Shows." Beginning February 1st, 2022, a member making a reservation will have until 3:00 p.m. on the date of the reservation to cancel. Between now and February 15th, 2022, detailed information will be sent to all members.

When you are making a reservation, you must state how many people will be in your party. When canceling your reservation, it must be done by the member who made the reservation. Cancelling the reservation must be done by 3:00 p.m. on the date of the reservation. Canceling by 3:00 p.m. affords the opportunity for other members to make reservations. You may cancel the entire reservation or reduce or add the number of people in your party. You may cancel with online reservations or call the club at (740) 929-9941 to cancel.

Failing to cancel your reservation by 3:00 p.m. prior to or on the date of the reservation, the member who made the reservation will be member charged \$25.00 per person who did not show up.
