PIBYC "Cruise Out" to BLYC

Saturday, March 5

COMMODORE CHARLIE CAMPBELL

As Commodore, I have the privilege to speak for the club and the Board of Governors. Your Board of Governors works continuously to improve all aspects of BLYC and keep the doors open. No matter what it takes their main goal is making the BLYC the best. It's each and every member that makes the club the success it is. However, every now and then a cross wind comes our way and we must adjust our "sails" to achieve a desired goal.

We have adjusted our "sails" more once or twice but a few adjustments stand out. It's 2008 and the economy tanks. It's in a spiraling nose dive with no bottom in sight. The Board of Governors, at that time, faced an economic fallout but through diligent management the club remained open. A little fast forwarding, ODNR says, "the North Bank earthen dam is not safe, we are replacing it." With the assistance of ODNR, dam the construction company, BLYC members

and BLYC Board of Governors the club remained open. Fast forward to March 2020, we then and now are faced with a pandemic, COVID-19/Omicron. Unfortunately, we have not put this behind us, yet! With this diversion to our norms our club has done, will do, all that's possible to remain open. Be assured, the Board is continuously monitoring what the CDC, Governor of Ohio, local and national health departments are saying. Our members' safety is number one. We ask that each member do what is best for their health.

The club is successful because of its members. Members paying their yearly fees, boat slip rentals, and bar and kitchen revenue are our main source of income. We divide this income into two broad categories, operations and capital improvements. Sometimes we find that needed capital improvements have to sit on the back burner due to funding. The Board of Governors has a fiduciary responsibility to ensure adequate funding. The simplest way is to increase membership and boat slip fees. But, why not explore other options? That is exactly what your Board is doing.

We are fortunate to have a member, a lawyer, who specializes in charitable organizations. We have started the process for the "Watkins Island Foundation." Its purpose will be an avenue for donations to the BLYC specifically for capital improvements. Several other options include a capital improvement assessment and a Silver, Gold or Platinum star program based

Continued on p. 2

COMMODORE

Continued from p. 1

on how much is given. As we move forward with any of these you will be fully informed.

This month starts reservation responsibility. Everyone received my letter in their annual fee statement envelope. The letter explains why it is needed and how it will be administered.

The east seawall project is progressing on schedule. Look at the view of the lake and club to the east. What a change. For those of us who went to Snow Trails it was a great time. Thanks to our Race and Regatta Governor, Andrea, for arranging this.

We now are using JONAS, a program that is designed for club operations such as ours. You now see our servers with tablets to place your menu or drink choice. Thanks to Governor Dolan and her committee for completing this much needed project.

Our entry gate system is almost finished. By April it will be fully functional. In the meantime, please display your BLYC sticker, pumpkin orange, in your front window, left side.

**Be safe, come and enjoy the club,
thank you for being a member.**

Commodore Charlie Campbell

DOCK & RENTALS

- Governor Vic Schroeder

Halfway through winter and plans for spring and summer are full speed ahead! If you haven't been to the club, you are missing out on seeing the construction on shoring up the east side of the island and the installation of what will be the best docks on the lake! For those of us using the Eastport boatyard, please keep in mind the mowing crew will do the best to get close to your boat and trailer but will err on the side of safety so you will need to take care of weeds or grass growing in and around your boat and trailer. If you see anything that needs attention in regard to the docks or the boatyard, please let me know.

BAR & KITCHEN

- Vice Commodore Jeff Hamilton

Is it Spring Yet?

It is only February and I think we are all ready for Spring. We have 48 days until the first day of Spring. HURRY UP!!

Even though it is cold and dreary out, there is still fun to be had at our Buckeye Lake Yacht Club. One of the events in February is our Valentine's Day dinner/dance. Chef Rodney will have a special menu for you and your special Valentine. Be sure to make reservations for this lovely evening.

If you are tired of being home and looking for something to do, you should check out the Speaker Series on Thursday evenings. Every week we have an interesting speaker. Come early and have dinner. As always, please make a reservation. As we continue our search for a new Chef, I want to give a huge shout out to our GM/Chef Rodney. He has done a tremendous job in the kitchen. He has worked long hours and has been working with a small staff. The whole staff has stepped up and has given 110%. We have had to deal with staff members out with illness. Everyone has come together as a team and ensures that service to our Club members does not skip a beat. I ask all of our members to show their appreciation to our staff. Next time you are at the Club, let them know how much you appreciate them. Without them, we would not be open. I also ask for your patience when you are dining at the Club. There may be times when we are short staffed and your wait time for drinks or your food may take longer. I appreciate your kindness and patience.

I would like to remind everyone about the feedback forms in with your check when you dine at the Club — it is also available online. I have not been receiving many feedback forms and I would love to hear about your dining experience. How can we make your experience better? What changes would you like to see? Please reach out to me via the website and I would love to hear from our members.

Did you know that as a member of BLYC, we have reciprocity with other Yacht Clubs? While you snow birds are enjoying the warm Florida weather, you can visit any of the participating yacht clubs. You just need to speak with Rebecca and she will give you a letter stating that you are a member in good standing. It is a wonderful perk that we have as a member of our Club. I highly recommend visiting other yacht clubs.

Please come out to the Club and dine with us. It is been a long and cold winter but it is always nice to come to the Club to see your friends and have a wonderful dinner with your favorite beverage. As always, don't forget to make your reservation. I look forward to seeing you at the Club.

Happy Valentine's Day — Cheers!

ENTERTAINMENT

- Rear Commodore Mike Bruckelmeyer

Happy Valentine's Day!

We begin the month with our popular *Speaker Series* on *February 3rd*. *Mike Bryan* will speak on *Protecting Your Savings From Nursing Homes*. Additional Speakers and topics scheduled for the month are *Luann Cooperider* discussing *Murder Mystery* on *February 17th* and *Jerry Besanceney* speaking about *Ransomware Attack* on *February 24th*. Speakers begin at 7:00 pm so come out and enjoy a meal and be informed on these fantastic topics!

We have several new entertainers this month and they begin with *Matt Shannon* performing at our *February 4th Supper Club*. Matt comes highly recommended and is scheduled from 7:00 -10:00 pm. *Mathew Frampton* will entertain us at our *February 18th Supper Club*. Be sure to come out and enjoy these new performers.

Our *Valentine's Dinner* is scheduled for *February 12th* and *Kay Carter* and her band will be entertaining us to our Hearts Content from 7:00 -10:00 pm. Be Sure to make reservations and bring your True Love to this romantic evening.

February concludes with our *Annual Mardi Gras Party* on the 26th. *The RoxyJanes Trio*, also a new band at the Club, will entertain us from 7:00 -10:00 pm. Come out and enjoy some Cajun cuisine, fantastic music and fun. As always, be sure to make your reservations for these and all events at the Club.

Looking ahead be sure to attend the first *Dine and Dance* of 2022 on *March 5th* where the *Usual Suspects & Repeat Offenders* will help us dance the night away! Club favorite, *Shawna Corder* will be at the *St. Patrick's Day Party* on *March 19th*.

Na Zdravi!

Mike Bruckelmeyer

RACE COMMITTEE 101

SUNDAY, FEBRUARY 27— 1:00 PM

MEMBERSHIP

- Governor Rickie Sue Grunden

NEW MEMBER RECEPTION — was held Saturday, January 15th before the Parrot Head Party. What a great evening for our new members to party at the Club!

Waiting List — 61 Inquiries including two reinstatements. Two have requested to stay on list until March. Seventeen have completed all requirements and are ready for membership when the Governors open it again in 2022.

Sponsor Letters — In May 2020, the Board of Governors reinstated the By-Laws requirement of 2 sponsor letters accompanying all applications for membership when they instituted the BLYC Membership Waiting List. The applicant is not on the BLYC Membership Waiting List until the second letter is received. All online applications and sponsor letters are time stamped by the email date they are sent. Please help your friends by emailing their sponsor letters in a timely manner.

2022 Waiting List Fees — The Board of Governors passed the following proposal regarding Initiation Fees and Active Membership Fees for the 2022 applicants: All applicants on the BLYC Membership Waiting List who have completed an online application and have 2 sponsor letters on file by October 31st, 2021 will be accepted on the 2021 Initiation Fee and Membership Fee structure. All applicants on the Membership Waiting List completing requirements from November 1st, 2021, will be subject to 2022 Initiation Fees and Membership Fees.

Non-Resident Members — The Board of Governors requested that the Membership Committee review Non-Resident memberships. In doing so, the membership committee found several Non-Resident Members are now located within 75 miles of the Club. The Board of Governors will send these members a letter offering them the opportunity to transfer their membership to active status for 2022. The Committee also found that the 2005 Board of Governors also addressed this issue — *"The term non-resident is not used in the same context as when referring to tax status in Florida or some other warm weather destination. Several of our members spend the winter months in Florida but return to the Buckeye Lake area for the summer. They are not considered non-resident members due to their stay of more than 8 weeks in the local area."* (Log: February/March 2005)

The proposal for changes to the Non-Resident By-Laws is published in this issue of the Log for review.

2022 BLYC Membership Committee — P/C Steve Harris, P/C Rose McEntire, Stacey Beuchel, Gov. Stephanie Dolan, Matt Glanzman, Michael Perez, John Sowers.

See You on the Lake!

COMMUNICATIONS

- Governor Stephanie Dolan

Winter continues around the lake but the Club continues to keep the fun and progress going!! We've had many great events around the club and these would not be possible without all of **YOU**, the AMAZING members of BLYC!! We continue to work towards implementing the JONAS system. We have received our official contract from JONAS and are looking forward to fully transitioning to this system in the coming months. Tablets have arrived to facilitate JONAS as well as POS systems. It's a VERY exciting time and this will have such a POSITIVE impact on the club and it's day to day operations. Be sure to check the club calendar for all of the fantastic events going on at BLYC and come out and shake the winter blues away. Boats will be back before you know it!

See You at the Club!

Stephanie Dolan
Communications

HOUSE & GROUNDS

- Governor Bill Collinson

The work on the island's east side sea wall is continuing. The galvanized steel bulkhead is now in place. The next step will be to back fill behind the bulkhead once its cap is in place. We will also be running the utilities to the docks that will be attached to the new seawall. The frames for the docks that will be installed have already been completed. The good news is that even with all the rain of the past month, we are still on target for completing this project by the beginning of boat season.

We have some important news to share regarding the replacements of the wharfs and docks on the south side of the island. Our discussions with ODNR regarding this project have gone very well and it appears that we may be able to start construction some time in the near future. This is an ambitious project which, if approved, will result in the removal and replacement of all the existing dock

structures on the south side of the island. The project will also include replacement of the steel bulkheads comprising the east and west wharfs which define the basin. Of particular

interest is the possibility of extending the south side of the island out into the lake by 25 feet. This would create an additional 250 square feet of island for use by our members. It will also result in the basin being extended 25 feet further out into the lake. We will continue to work with ODNR as well as with our design engineers to firm up and finalize the plans. In addition, we will be working with the finance committee to identify the best practical plan for paying for the project.

We have recently purchased a new grill for the kitchen as well as a new beverage cooler for the bar. This was necessitated due to safety concerns with the existing grill as identified by our insurance carrier. The new cooler will be replacing the current cooler in the center of the bar that has ceased to operate.

As I indicated in my last article, we have continued working on the security gates in the parking lot. We had to adjust the gate system by the walkway up to the dam to accommodate the overhead wires. That did set us back a couple of weeks. Also due to a bout of covid with yours truly, as of this writing I have not been able to setup a meeting with the security company to put the finishing touches on the informational packet for member usage of the security gates. My expectation is that by the time you have read this article, that task will have been completed and I will have a date when you will receive your security cards. As indicated in my previous report, each member will receive two security access cards.

With the new year upon us, we have a number of projects that we hope to address in the upcoming year and I will look forward to sharing that information in future articles.

Bill Collinson
House & Grounds

BLYC Snow Trails Takeover Sunday, February 6

You can ski, board, tube (purchase in advance online — they sell out), and definitely celebrate APRÈS!!!

We are planning to meet on the front porch of Snow Trails lodge at noon for some drinks. So even if you don't want to play on the snow come have a cold one with us!

HOPE TO SEE YOU THERE!

RVSP to Andrea Taylor — athorp3@msn.com

RACE & REGATTA

- Governor Andrea Taylor

Mark your calendars... the **JET 14 NATIONALS** are coming to BLYC this summer!! The behind the scenes work for this event are in full swing and we could not be more excited! We look forward to hosting somewhere in the ball park of 40-60 sailors from across the country and showing them what makes our club so special. Stay tuned for more details and for ways to get involved!

Boating as with any sport has its own inherent risks. We are encouraging all of our members —not just our sailors — to attend our Mini Safety at Sea seminar. The lake continues to get more and more crowded every year and knowing what to do makes all of the difference in an emergency situation.

Race Committee 101

February 27th

1:00 pm — 3:00 pm

Mini Safety at Sea Seminar

March 13th

1:00 pm — 3:00 pm

Racing Rules Review

March 27th

1:00 pm — 3:00 pm

Also on 13th, after the Mini Safety at Sea Seminar, we will be holding our first Cardboard Boat Race committee meeting. If you would like to be involved please stick around. This event was fun, very well attended and we are planning to make this event bigger and better in 2022! Get your cardboard, your creativity, your supplies, and start working now while its cold! Warmer weather will be here before you know it!

Helping more people, to have more fun, in more ways!

LOOKING AFT

- P/C Steve Harris, BLYC Historian

Ballenger Park?

This is a reprint of an article from November of 2012. The lake area is certainly changing, as it has changed many times before. Through the years, the Club has faced a number of changes and challenges as well. While it may seem odd to us today, there was a time when the Club didn't own much of the property and facilities that we now do. One particular property is the boatyard. I, personally, find the story behind its acquisition quite interesting and thought I would share it again.

— SGH

Prior to 1983, BLYC's real estate holdings consisted only of Watkins Island, the attached docks, and the small lot at the end of the footbridge. We had use of the parking lot only through an arrangement with our neighbor, Alice Rosebraugh (which required putting 50¢ for parking in a coffee can each time you drove in the lot). Without Alice, or had she sold the property to someone else, we would have been without parking. We also had no dry sail area, boat storage, or a hoist sufficiently large enough to launch boats. While BLYC was active and prosperous, the need to address these concerns was a constant part of the club's long-range plan.

In March of 1983, the Board of Governors voted to purchase a piece of property on the towpath, east of BLYC. Over the years, this property had been the site of the Lake Breeze Hotel and Pier Ballroom, part of the amusement park, and, at the time the Club purchased it, home of the "Foxy Lady" bar and a few apartments. The acquisition of this property required using the Club's investments in the Fire & Casualty Fund and, therefore, approval of the membership. As insurance coverage was both sufficient and affordable, the Board felt that moving these investments into real estate was in the Club's best interest.

Not only was real estate on the lake a good investment, but this property would give BLYC permanent access to the lakefront and room for future development and expansion. At the membership meeting, there was considerable opposition to using the fund, but in the end, approval was obtained and the purchase went forward.

Work on the property began almost immediately. That same September, hoist was installed for members to launch and work on their boats. (Sadly, we lost use of the hoist with the recent dam remediation) The building that housed the bar was in disrepair and, after the tenant didn't renew the lease, the Club decided that the costs of repairing the building were too great. On April 30, 1984, the building was used as a training fire for the Ohio Fire Academy and the work to repurpose the site for boat storage began. An 8' security fence and lighting was installed and storage/dry sail spots were made available to members for the cost of \$75-\$100 annually. The first member to rent a spot was Mac Wood, long time member and tireless volunteer at BLYC and father-in-law of our 2014 Commodore, Tim Ryan.

Commodore Foster's June, 1983 *Log* article began with the simple statement, "Eastport is ours!" While Commodores Foster and Fisher negotiated the deal on behalf of the Club, it was initiated the year previous by 1982 Commodore Ed Ballenger. Ed's foresight and leadership throughout was invaluable to the project. So much so that in Commodore Foster's *Log* article announcing the purchase, he suggested that "the property could fairly be named Ballenger Park." Ultimately though, it was named Eastport. Frank recollects that "well, it's East of the Club and it's a port, which is a quite nautical word." Frank started using the name, and it stuck. He says, "It was easier than naming my children!"

One major shortcoming of the property, however, remained for years to come.

After the heyday of Big Bands at the lake, the Pier Ballroom closed and was later used for the Dodge 'Em Car ride at the park. Abandoned when the park closed in the late 1960's, the Pier Ballroom later burned to the waterline in the early 70's. This left many old piers in the water as significant hazards to navigation.

After many years of discussion and planning, in October of 2000, Governor Dan Knaul announced that the Board and Trustees had approved the construction of 38 new docks to be located at Eastport. This project required far more than just building docks, however. All of the old piers left from the fire that had been "prop-killers" for years had to be removed first. The contract was let to P/C Frank Foster, IV and, thanks to his creativity and skill, literally hundreds of piers (and three Dodge 'Em Cars) were removed. The new docks, wider and longer than those on Watkins Island to accommodate newer boat designs, were dedicated Memorial Day Weekend of 2001 by our Fleet Chaplain, Fr. Mike Gribble, and Commodore Nick Desantis.

Over the years, this facility, along with the Rosebraugh property purchased in 1989, have certainly benefitted the Club. We now have new docks, storage, sufficient parking, and a home for the BLYC Junior Sailing program. Thanks to this facility, we've also been able to host several large sailing events such as the 1992 and 2011 Interlake National Championships, the Lightning Ohio District Championships, I-LYA Junior Regattas, and coming up this summer, the Jet 14 National Championship. It's also a great place to work on your boat and just hang out with friends. Let's meet for a beer this spring in Ballenger Park!

More information on the purchase of both Eastport and the Rosebraugh property can be found in the 2006 Centennial History book available at the Club. Also see Commodore Foster's article about purchasing the Rosebraugh property in the History Archives at www.buckeyelakeyc.com

PROPOSED CHANGES TO THE CLUB BY-LAWS

The Board of Governors is currently considering changes to Article I. Section 6(a). Of the By-Laws regarding NON-RESIDENT MEMBERS.

As required by Article X of the Constitution, the changes are being published in the December issue of the Log. The Board of Governors would appreciate all feedback and suggestions from the membership.

CURRENT BY-LAWS

By-Law Article 1. Section 6 (a). NON-RESIDENT MEMBERS are only persons residing outside a radius of seventy-five miles from the Club premises and not temporarily residing within the aforesaid radius for more than eight weeks during the fiscal year, each of whom must be at least twenty-one years of age; and each is entitled to the same privileges as those of an Active Member excepting Electoral Privileges.

PROPOSED BY-LAWS CHANGE

January 1, 2022-Non-Resident Members

Change the following section:

Article I. Section 6 (a). NON-RESIDENT MEMBERS are only persons residing outside a radius of seventy-five mile from the Club premises and not temporarily residing within the aforesaid radius during the fiscal year, each of whom must be at least twenty-one years of age; and each is entitled to the same privileges as those of an Active Member excepting Electoral Privileges.
