COMMODORE
BILL COLLINSON

We finally made it. Summer is in full swing! While the weather has been a little on the damp side, it had little impact on the activities of this Club for the first part of June.

I wish to thank all the members who stepped up and worked with our Junior Sailing Governor to make the I-LYA Junior Regatta a total success. Just wanted to make everyone aware of the Flag Ceremony on July 4th scheduled for 10:00 am. That ceremony will be followed by the Commodore Earl O. Williams Long Distance Race which starts at 1:00 pm.

On July 12th, we have the Cardboard Boat Regatta. For all of you interested in building a boat, we are working with Coconis Furniture to obtain the necessary amounts of cardboard. This is an excellent opportunity to partner with your

children or grandchildren to build a cardboard boat to race in the regatta. Please go on our website under "Events" to find all the necessary information needed to build your boat and register for the event. You may have also noticed a boat that's already been made under the cook tent. Please feel free to use any designs reflected in the construction of that boat.

On Sunday, July 13th, Buckeye Lake Yacht Club will be having our annual car show in the parking lot.

On August 2nd, I want to remind you of the Auxiliary's Annual Fund-Raising Party. The theme is Hot Havana Nights and will offer up Cuban cuisine, some interesting auction items, and great entertainment. Please come out and support the Auxiliary's efforts to raise funds for the benefit of your club.

As you know the elections are coming up in September, and the Board is always looking for members willing to assist in the work to make sure the Club is the best it can be. If you are interested in running for a Board position, please contact myself or any of the other Board members as well as Past Commodores to obtain information to be part of the election.

Hope you are all enjoying the summer, and I look forward to seeing you at the Club.

Commodore Bill Collinson
Commodore@buckeyelakeyc.com

BAR & KITCHEN

– Vice Commodore Vic Schroeder

Thank you to everyone who made the Commodores Steak Nite a resounding success! The Commodores and our incredible staff, both front of house and heart of the house, worked tirelessly to make it unforgettable. Many long-time attendees raved that their steaks were the best they've ever had at this event.

I'm thrilled to announce that our kitchen and bar achieved a perfect Health Department Inspection — milestone not reached in years! A huge shout-out to Josh in the heart of the house and Ish in the front of the house for ensuring our food and beverages are safe, fresh, and delicious.

Be sure to check out our weekly special menus for fun and flavorful dishes. A quick reminder: weekends and events get busy! Please make reservations to secure a table for our exciting parties or for timely service on regular nights. Without a reservation, wait times will be longer. While we've expanded our seating area by a few thousand square feet, our kitchen remains the same size. Our staff is eager to create remarkable entrées, but things can get tight around 7:00 pm, so we appreciate your patience.

We're also seeking members to run for the Board this September. It's a rewarding opportunity to shape the club's future, build new friendships, and make a lasting impact. Contact me or any board member to learn how to get started.

Finally, we value your feedback! Please share your thoughts to help us make your club the best it can be.

Cheers!

Vic Schroeder
BarandKitchen@buckeyelakeyc.com

MEMBERSHIP

– Governor Mike Perez

Hopefully you're making wonderful memories at the lake and the club this summer! We are so happy you are part of the Yacht Club family.

At the June board meeting, we had 4 new members voted into the club...

Michelle Whiteman and first mate Todd

Garry Boyd and first mate Ellen

Jonathan Davis and first mate Molly

Alex Sherer and first mate Mallory

As you may know, the Board is continually monitoring member capacity issues at the club. We want to make sure we maintain an awesome experience for our existing members. At the June board meeting the Board voted to institute a waitlist once again. The only applicants not subject to the waitlist would be a member's adult child who is under age 40.

Remember that securing a spot on the waitlist will also require a refundable \$500 deposit, which will be applied to the initiation dues once the prospective member comes off the waitlist. Also, if a prospective member's circumstances change (e.g. move...) the \$500 will be refunded to them.

Is your personal information current in the member directory? If not, it can be updated through your portal. If you haven't signed up for the portal, get signed up. If you don't know how, please reach out to me.

See You at the Club!

Mike Perez
Membership@buckeyelakeyc.com

WE WANT YOU FOR THE BLYC BOARD OF GOVERNORS

The nominating committee is currently looking for interested and qualified members to run for next year's Board of Governors. **Make a difference and help guide our club's future!**

Ask any current Board Member or Past Commodore for more information.

DOCKS & RENTALS

– Rear Commodore Rickie Sue Grunden

Many of you enjoy coming to the Club by boat. Just a reminder, the green BLYC signs indicate transient docking for you. All the front basin except for 3 spots behind the bandstand are available for docking.

Buckeye Lake has had a windy summer and big waves for an inland lake! To protect your boat, tie off low on the posts and make sure your boat cannot bang into the front of the dock. Drop bumpers off your boat and tie them to the dock to prevent scratching and rubbing against the dock.

Things do happen. This year we had a boat get loose during a storm and another boat sank to the bottom in the dock and caused an oil spill. The ODNR required the owner of the sunken boat to remove it that day. Make sure you send in your declaration page of your boat insurance as it renews this summer.

Thank you island dockers for making your slips available for the Classic Boat Regatta. It was well attended, and we expect it to continue to grow.

See You on the Lake!

Rickie Sue Grunden

JUNIOR TRAINING

– Governor Bill Ghiz

June has been a busy month for Junior Sailing and Training. We had four wonderful camps led by our wonderful head coach Katy Schoeder and her assistant coaches Kyle Buchwalter, Lily Schoeder, and Andrew Velanni.

I would like to say a very big thank you to all of the camp attendees, their families for supporting them, our coaches, and all of the wonderful people who have donated money to make all of this possible.

We held our Annual Junior Regatta on the last day of May. What a wonderful day that turned out to be. This day is made possible only because of the dedicated volunteers who help out on an annual basis. Please join me in thanking the following people who worked so hard to put on this event....

Bill Collinson • Dave Paligo • Steve Goodyear • Gail Klink
Rick and Marcia Henderson • Rickie Sue Grunden
Nancy Snow • Vic /Tami/Katy Schroeder • Steve Harris
Tom Reynolds • Brian Thom • Scott Evans • Sandra Gibson
Mark Severance • Mike Smith • Bob Hegedus
Greg and Rose McEntire • Charlie Campbell
Mike Bruckelmeyer • John VanGilder.

They, along with our amazing kitchen, bar, and service staff led by Josh and Ish, made our club look unbelievably awesome.

Have a Happy and Safe 4th of July!

Bill Ghiz

ENTERTAINMENT

— Governor Dean Pickett

Happy Independence Day fellow BLYC Members!

Thank you for the successful Sail-4-A-Cure event. We will inform our members in next month's log about how successful the fund-raiser was. Summer is well upon us, and the Club is in full swing. The pool is packed, members are throughout the club, and Josh, Ish and the entire staff are making our experience the best around the lake. In July, we are packed with various entertainment.

For the Independence Day, we have quite a few events.

July 3rd – Come watch the fireworks and listen to great entertainment. If you are interested in attending, reservations are recommended.

July 4th – Boat Parade, BLYC Raising of the Flag, and great entertainment.

In July, we have the following events.

July 3rd – Long Play

July 4th – Perfect Timing

July 11th – Step Back 3

July 18th – Sweet Misery Acoustic Trio

July 25th – Identity Crisis

July 26th – Karrie and Rich

As always, you can use the calendar within the Member Portal to receive the most accurate listing of events at the club. Thank you for the feedback and email me at Entertainment@buckeyelakeyc.com with any special entertainment request.

Dean Pickett
Entertainment@buckeyelakeyc.com

RACE & REGATTA

– Governor Kendall Cotongim

I am writing this article after a day of sailing during the Sail on Sunday series. The wind picked up nicely after a questionable morning and the rain held off yet again. This particular day we had 10 sailboats and it was a perfect day. But we quickly learned that accidents can happen in the blink of an eye or the swing of a sail boom. We had what was my first Man Over Board (MOB) as both an observer and as the Race and Regatta Governor. I can only imagine what was going through the minds of the MOB and the crew because when we in the race shack heard the MOB over the radio, your attention becomes razor sharp and you are instantly ready to depart the docks to assist in any way possible. Enter the lifejacket!!! The automatic inflatable life jacket worked perfectly. The MOB was indeed very safe and the captain was able to retrieve their crew member without further incident. **LIFE JACKETS SAVE LIVES!!**

Come out and enjoy the fireworks on the 3rd as well as the Commodore Earl O. Williams Long Distance Race on the 4th. The cardboard boat regatta will be here on the 12th. Please seriously consider building a boat and joining us this year. The rules are on the BLYC website under the "Sailing and Boating" tab, and we have plenty of cardboard thanks to Coconis Furniture. I can't wait to see your cardboard boat, and if you would like to help by volunteering on the day of the event, please contact me at RaceandRegatta@buckeyelakeyc.com.

Cheers to a fun AND SAFE boating season!
See You at the Lake!

Kendall Cotongim
RaceandRegatta@buckeyelakeyc.com

COMMUNICATIONS

– Governor Bob Hegedus

Time seems to fly in July with all the exciting activities at the club! A big thank you to everyone who helped make the Commodores' Steak Nite and Father's Day celebrations such a fantastic success. I hope you were able to enjoy the delicious special menu and the wonderful bourbon and cigar treats that Josh, Ish, and their awesome teams prepared for us!

As we dive into the fun of the season, let's also remember to stay safe online. There have been some cyber criminals pretending to represent our club, so please take a moment to review the email I sent out on June 6th for details on protecting yourself. If you haven't received it or have any questions, feel free to reach out to me directly.

Here's something fun you might not know: our club has an online photo gallery! You can check it out by visiting our website and clicking on 'Our Club,' then 'Photo Gallery.' Right now, it's set up for viewing only, but we're planning to enable uploads soon. In the meantime, if you have any great pictures from around the club, I'd love to see them (and a special shout-out to Anna Pyle for providing the great pictures already uploaded!)! Send them to me, and I'll make sure they're featured in the gallery and possibly in the monthly Log as well.

Bob Hegedus
Communications@buckeyelakeyc.com

HOUSE & GROUNDS

– Governor Brian Thom

Happy July 4th!

Everything in our House and Grounds department has been running smoothly, with no major issues to report. We've added new help for the summer to assist Holly, and together they've been an amazing team — the club has never looked better! Adam, our new team member, recently graduated from Marshall University and will be heading to the University of Cincinnati this fall to pursue a PhD in Biomedical Engineering. Be sure to say hello when you see him around!

The swimming pool is calling your name, so don't forget to stop by for a refreshing dip and a cold beverage. The heater is working better than ever, keeping the water at a perfect 85 degrees. We also have new tables on order for the pool area, so you'll soon have even more space to relax while enjoying food from our poolside bar and grill.

We can't wait to see everyone and celebrate the July 4th festivities together — let's make it a great time for all!

Brian Thom

BLYC RESERVATION POLICY

OPEN DINING

Reservations are encouraged, but not required. Reservations help management assure that staffing is at an appropriate level to provide the best possible experience. If the dining area is busy, those with reservations will receive seating preference over those without. Members are always welcome. To guarantee a great evening for you and your friends a reservation is the way to go.

SPECIAL EVENTS

Reservations are a must. Our chef prepares a special menu and prepares quantities according to anticipated attendance. You may attend without a reservation, and our staff will attempt to accommodate you, seating and food quantity permitting. You may not reserve a table if you are not coming for the meal. If you plan to attend for the entertainment only, do not make a reservation. Doing so causes increased waste and expense for the club and will result in the price of the meal being charged to your account. We have no cover charge, entertainment costs are included in your dues, and members are always welcome. However, entertainment only seating is on an "as available" basis after all dining reservations have been filled.

CHAPLAIN'S CORNER

– Mark Thogmartin, Fleet Chaplain

Overbearing

If you are a fan of the seafaring novel *Master and Commander* by Patrick O'Brian (which was also made into a movie starring Russell Crowe) you are probably familiar with the nautical term "bearing down." When one sailing ship is sailing downwind, or bearing down, toward another in pursuit or close battle, that pursuing ship's sails are, effectively, stealing or diverting the wind from the ship ahead, causing it to lose speed or forcing it to change course. This is also called "overbearing" because the vessel that is bearing down is dominating "over" the wind supply of the other.

The application to human behavior is obvious. How often does a domineering person's actions "take the wind out of the sails" of others who may disagree with him or stand in his way? Overbearing individuals often are pushy or intrusive, and they simply demonstrate a lack of consideration for others. They may frequently win in verbal battles, but they lose respect and influence in the long run.

The need to be overbearing is only necessary in times of war or competition, or when protecting innocent lives. Otherwise, kindness and humility, with a touch of persuasiveness, is the best tactic. We are encouraged in the New Testament to "Do nothing out of selfish ambition or vain conceit. Rather, in humility value others above yourselves" (Philippians 2:3, NIV). Many unnecessary conflicts and broken relationships can be avoided by heeding this advice.

Mark Thogmartin

FleetChaplain@buckeyelakeyc.com

BLYC AUXILIARY

Summer is in full swing at the club and I for one have been taking advantage of all the fun the club has to offer.

Please join us July 10th for our next auxiliary meeting — Social Hour 5:30-6:30; Meeting 6:30-7:00, followed by our activity of the month.

Hot Havana Nights will be August 2nd, 2025. We are still in need of items for our silent auction. If you would like to donate a theme basket, art work, tickets for theater/concerts, golf packages, fishing trips etc... it would be greatly appreciated.

As always, please take time to thank our staff. They are working hard to make our summer special.

See you at the club!

Michele, Jan, Cathy, Jeff, Matt, & Karen

LOOKING AFT...

- P/C Steve Harris, BLYC Historian

The Ohio & Erie Canal

Just this past month, The Ohio History Connection and several other history organizations around Ohio celebrated the 200th Anniversary of the groundbreaking for the Ohio-Erie Canal. As you probably know, the reservoir that has come to be known as Buckeye Lake, was built to provide locking water for said canal. What many probably don't know is that the actual anniversary is on July 4th. Many of you have, no doubt, passed the location of the groundbreaking — known then as "Licking Summit" — many times as you drive from the lake on State Route 79 into Heath. The historical marker located there reads:

At this site on July 4, 1825, Governor DeWitt Clinton of New York, a Master Mason, turned the first shovelful of earth for the Ohio Canal...

This summer, I've been exploring some of our Ohio Canal history. If you haven't done so, I highly recommend you take some time to visit Roscoe Village in Coshocton and the Canal District in Newark, along with other sites around the state. It's well worth your time. In celebration of this bicentennial, I share the following article, originally published in the Log in February, 2015, detailing one story of the canal days here at the lake.

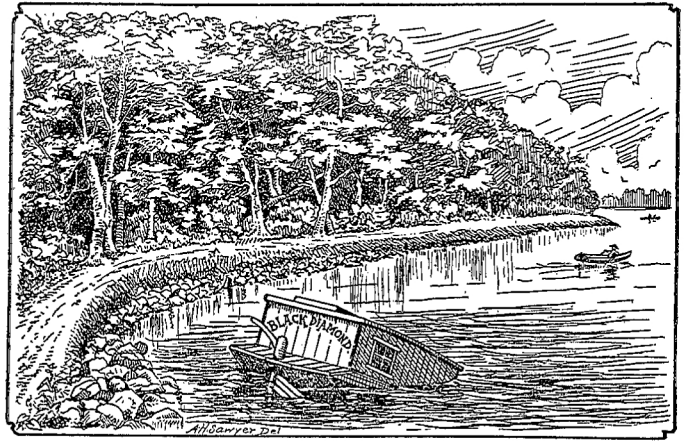

The Wreck of the Black Diamond

Many are familiar with the Gordon Lightfoot song, *The Wreck of the Edmund Fitzgerald*. It seems that most bodies of water have their own famous sinkings. Believe it or not, Buckeye Lake is no exception. The following story is condensed from Joseph Simpson, Jr.'s *The Story of Buckeye Lake*, published in 1912.

In 1850, Mr. Simpson, Sr. of Somerset operated a "steam grist mill" near Thornville. Previous owners of the mill had been unable to make a go of it, primarily due to the cost of wood as fuel. Mr. Simpson, deciding to try his hand at making the venture profitable, ordered two boat loads of coal from the Hocking Valley, to be delivered by canal boat to Thornport. In those days, once entering the reservoir at the Minthorn Locks (the present location of the Seller's Point Spillway), canal boats would be towed a mile and a half along Northbank where they would enter the "channel proper." They would then be propelled by the use of long poles across the lake to their destination at the east end.

Today, we think of many areas of the lake as being quite shallow and, perhaps, treacherous. Compared to the canal days, however, the bottom of our lake is completely clear. Prior to the construction of the Licking Summit Reservoir, now Buckeye Lake, much of the area was dense forest of beech, elm, and sycamore. The area wasn't cleared prior to flooding the reservoir leaving many trees to rot at the water's surface. This resulted in a strange landscape filled with numerous hazards — stumps, dead trees, logs, and floating islands!

One fateful summer day in 1850, on journey to deliver coal to the

WRECK OF THE BLACK DIAMOND, A. D. 1850.

Simpson Mill, the *Black Diamond*, under the command of one Captain Ward of Newark, entered the reservoir at Minthorn's and began the long, difficult haul across the "level" of the reservoir. She was a flat-bottomed scow with bow and aft cabins and a midship cargo capacity of about sixty ton. Loaded down to the 3-foot mark, she pulled along the towpath under fair headway, causing the line to slack and pull under a long half-sunken log. The driver stopped the mule team, but the boat, as boats do when underway, continued forward, further complicating the situation as the line pulled to the bottom collecting "a hundred pounds of reservoir moss, clinging and dripping." They got the canal boat under control, cleared the moss and continued along the uneven coast of Northbank. Such was their journey for nearly a mile until they arrived at "the fatal curve." According to Simpson, "A siren with her song could not have lured our seafarers more effectually..." Having already encountered significant difficulty and hazards, and being unfamiliar with the fact that the waters offshore were more treacherous than those near the bank, the helmsmen permitted his craft to "sheer," or change course, drifting further into the reservoir instead of hugging the shoreline. "She struck fairly and with such impact that a large hole was ripped in her bottom, helplessly impaling and allowing her to rapidly fill with water." Acting quickly, the crew was able to pull the stern of the boat into the bank and all hands safely made it to shore. The *Black Diamond*, however, rapidly filled, broke into two, and sank to the bottom.

For many years following, the *Black Diamond* furnished coal to the snakehunters — a term for the locals who lived along the reservoir and canal route — and farmers of the area who were willing to harvest it from the wreckage. The location of the wreckage was later to become known as "Black Diamond Bend." It appears from Simpson's maps, that this event occurred at a location approximately at what is 4100 Northbank Rd. today.

Not long after the original publication of this article, workers on the dam remediation project salvaged some of the wreckage. It is now in the possession of the Ohio History Connection for preservation. There was a piece of it on display at our local, now closed, Buckeye Lake Museum, but so far as I can ascertain, it is not on display by Ohio History Connection.
