COMMODORE RICKIE SUE GRUNDEN

As Commodore Schroeder passes the baton, I am grateful for the opportunity to serve the Buckeye Lake Yacht Club as the 2027 Commodore. We had a great turnout in the rain for the porch picnic and lots of excitement for the candidates! Thank you for your support!

The 121st Board of Governors is here to serve the Club. We are emphasizing camaraderie and community at the Club. We are a private plub with amenities that emphasize Life at the Lake where you can enjoy your family and friends in a welcoming place that provides you with lake activities, a patio...and a pool. Our major emphasis this year will be Phase I construction of a patio/pool bar including an extended deck at the pool. This project will start this fall. We have the money to pay for the additional deck and the utilities, permitting, and groundwork for the bar. To build the actual bar, seats, and outfit with coolers, grills, televisions, fans, and other bar essentials, we need

an additional \$200,000. You have an opportunity to complete a pledge card indicating your intention to financially support the building and outfitting of the bar.

On the comfort side of enjoying the Club, this fall we will update the men and women's bathrooms. This is funded by 2026 Dues and the Commodore's Association. Most of the work will be done by Head of Maintenance Rick Thompson. He can always use volunteers if you know how to drywall or paint.

On the financial side, we are aware that costs for food and labor have increased at home as well as the Club. We are working to reduce food and labor costs. This may mean a reduced menu and a slight increase in annual dues.

The Board of Governors and the Auxiliary are busy planning a slate of activities to promote camaraderie and fun at the Club: Guest bartender Wednesday; children's Christmas Party and Easter Egg Hunt; live entertainment; golf and bowling outings; OSU game days; Thursday Speaker Series; Cardboard Boat Race; Sailing; Poker Run; Water Aerobics; sunny days at the pool; cards on Sunday and Friday; and Club work days. Bring your family and friends and enjoy an activity or make your own. It is your Club to come and relax at the lake! The dining room is open, and the bar has cold beverages-what are you waiting for? If you have ideas and activities that you think some of us would enjoy, please pass it on. We are here to help you get the most from your membership.

See You on the Lake!

Rickie Sue Grunden
Commodore@buckeyelakeyc.com

BAR & KITCHEN

– Vice Commodore Bob Hegedus

Transitioning to a New Chapter

As I sit down to write my very first newsletter as your new Vice Commodore and Governor of Bar and Kitchen, I also want to take a moment to express my deepest gratitude to my predecessor, Bill Ghiz. Bill poured an incredible amount of hard work, dedication, professional expertise, and personal time into significantly improving operations and member experiences in the Bar and Kitchen. Please join me in wishing him the absolute best as he transitions into his new role as the Governor of Docks and Rentals!

Transitioning over from my previous role as Governor of Race and Regatta will be an exciting shift, and I am eager to dive headfirst into this vibrant and essential pillar of the club.

Immediate Focus Areas & Priorities

While I am still actively evaluating my long-term goals and priorities in this new role, my immediate focus — working closely with our new General Manager, Mark and his leadership team — will center around foundational improvements to elevate your dining experience:

- **Food Consistency:** Ensuring every dish leaving the kitchen meets our high standards every single time.
- **Service Consistency:** Delivering welcoming, prompt, and reliable service across all shifts.
- **Process Improvements & Training:** Streamlining our back-of-house and front-of-house operations to empower our staff.
- **Financial Health:** Keeping a close eye on food and labor costs to ensure both short term as well as long-term sustainability.
- **Menu Management:** Evaluating whether we have the right offerings at the right price points for our members.

I Want to Hear From You!

If you haven't done so already, please take a few minutes to respond to our annual survey. Your feedback is invaluable. Mark, his staff, and I will be using the survey results directly to ensure we are focusing our energy and resources on the right priorities for the membership. Trust me, we read every response and consider feedback a gift! We can't fix what we don't know is broken, and we want to keep doing what isn't broken in the process! Thank you for your continued support, and I look forward to seeing you at the club soon!

Bob Hegedus
BarandKitchen@buckeyelakeyc.com

HOUSE & GROUNDS

– Rear Commodore Brian Thom

Happy Halloween!

Can you believe Halloween is this month? Summer has flown by and another great swimming pool season has come to an end. It's time to start winterizing the club. Our annual Fall Cleanup Day will be on Sunday Oct 25th from 9:00 am to 12:00 pm. Donuts will be served in the morning followed by pizza and beer in the afternoon. We are looking for volunteers to come help out and have a little fun as well.

I would also like to thank everyone who came out to vote for our new board on election day. I am excited to get to serve the club as the House and Grounds Governor again this year. This is my favorite department. I am honored to serve as Rear Commodore this year as well..

This coming winter, the house and grounds team will be busy working inside the club doing things such as touch up painting inside the club and remodeling both the women's and Commodores lounge bathrooms. There is always something to do or fix in this beautiful old building. Phase one of our new patio/pool bar construction is slated to start this month as well.

I look forward to another great year and hope to see everyone soon. Please reach out to me with any ideas, questions, or concerns.

Brian Thom

COMPETITOR'S MEETING — 10:30 AM

FIRST WARNING — 11:30 AM

ENTERTAINMENT

– Governor Kendall Cottongim

I am honored and excited to serve as your new Entertainment Governor. I want to begin by sincerely thanking all of the members for their support and confidence. I look forward to working together to make the upcoming season enjoyable, welcoming, and filled with great opportunities for everyone to connect and have fun.

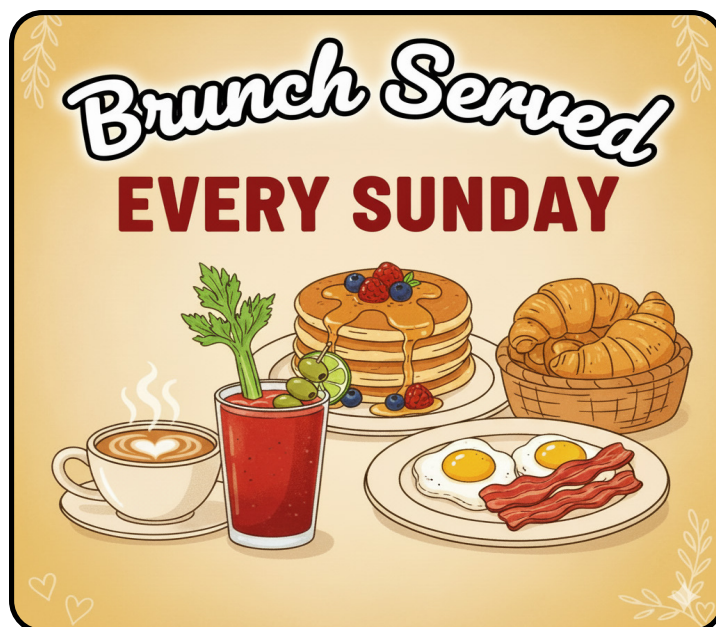

As we look ahead, we are also taking the time to listen to our membership. Thank you to everyone who took the time to participate in the recent survey and share your thoughts, ideas, and suggestions. Your feedback is an important part of helping us understand what our members would like to see from our entertainment programming.

A small group of individuals will be evaluating the recent survey results and reviewing the feedback carefully. Our goal is to identify common themes, consider the many ideas that were submitted, and use that information as we plan future entertainment and social activities at the Club.

There are many exciting possibilities ahead, and I am grateful for the enthusiasm and support that our members continue to show. I hope we can build on that energy and create events and experiences that bring our membership together throughout the year.

Thank you again for your support, your participation, and your commitment to the BLYC. I am looking forward to a great year and seeing everyone around the club.

Kendall Cottongim
Entertainment@buckeyelakeyc.com

DOCKS & RENTALS

– Governor Bill Ghiz

Before Commodore Grunden transitions to our next Commodore, she has some important updates to share from Docks and Rentals. To mark the transition, she and I have joined together to co-write the October *Log* for Docks and Rentals.

It is a true privilege to serve our club for another two years on the Board of Governors. Thank you for all of your support.

Commodore Grunden has kept our harbor running in shipshape order, leaving me big shoes to fill. I am eager to work alongside her through the transition to master the currents of this new position. I look forward to serving our club and assisting every member with their dock and rental needs in the seasons ahead.

Here are the points the Commodore wanted to share...

Winter Boat Storage

Have you planned for winter boat storage? Storage in the Eastport boatyard is an annual fee and includes trailer storage during the boating season. Eastport is a secure facility, and you have the combination. An advantage to you as a Club member is that you will pass your stored boat each time you come to the Club and dream of last summer's fun and next summer's adventures! Apply online today.

Fall Docking

One of the best times of the year to be on the water and take in the beauty of Buckeye Lake is in September and October. Our docks are open until November 1st but we take down the Dori poles and pennants on the October Work Day. We will use the squawk boxes until November 1st when all boats are to be out of the docks in preparation for the lowering of the lake.

Dock Holders

If you are a current dock holder and are planning to give up your boat, please email docksandrentals@buckeyelakeyc.com by December 1st. If you are buying a new boat, remember to email us your new boat registration.

It has been a pleasure to work with each of you this year. You were patient during the rainy season and were great about assisting your fellow dock holders when issues arose. You were good at getting your dock lease agreements and boat information into the office in a timely manner. Enjoy the rest of the boating season!

See You on the Lake!

Commodore Grunden & Bill Ghiz
DocksandRentals@buckeyelakeyc.com

COMMUNICATIONS

– Governor Ward Mitzel

For those I haven't had the chance to get to know yet, I'm Ward Mitzel. Alisia and I joined BLYC in 2024, and what started as a place to spend time at the lake has quickly become an important part of our family's life. Our daughter, Ramona, has especially loved experiencing everything the club and lake have to offer.

Outside of BLYC, I've spent my career in business and client relationships, with a focus on communication, building relationships, and bringing people together. I'm looking forward to putting that experience to work for the club.

I'm incredibly honored to have been elected to the BLYC Board of Governors and to serve as Governor of Communications. Thank you to everyone who supported me and trusted me with the opportunity to serve.

My priorities are simple: keep our membership informed, strengthen communication across the club, and make it easier for members to know what's happening and how they can be involved. I'd also like to find new and creative ways to showcase the people, events, traditions, and activities that make BLYC such a special place.

I'm grateful for the opportunity to give back to a club that has quickly become such a meaningful part of our family's life.

I'm looking forward to getting to work and helping make the next chapter of BLYC a great one.

Ward Mitzel

Communications@buckeyelakeyc.com

CHAPLAIN'S CORNER

– Mark Thogmartin, Fleet Chaplain

When an Airliner Becomes a Boat

"We're gonna be in the Hudson..."

— Capt. Chesley "Sully" Sullenberger

In mid-July this year Captain "Sully" Sullenberger, the airline pilot who became famous for successfully landing a disabled passenger jet on the Hudson River in January 2009, announced that he has the early symptoms of Alzheimer's disease. This is sad indeed.

The "Miracle on the Hudson" is one of those events that captured the attention of the entire world because what could have been a disaster instead turned into an event worth recalling and celebrating. So many more things could have gone wrong after bird strikes caused both of the jets' engines to fail at 2,900 feet above the Bronx in New York City. Instead, so many things aligned that led to the successful, if not "miraculous," outcome.

Sully's autobiography titled *Highest Duty* chronicles the events in his life leading up to, during, and following the landing on the Hudson. The subtitle of his book is *My Search for What Really Matters*. In honor of Sully, I ordered a copy and was intrigued as I read. His memoir reveals the things that, in Captain Sullenberger's analysis, really matter: integrity and daily preparation, connection and service to others, and family and shared values.

Certainly, no one can argue with these characteristics and values, and there's no doubt that Sully and his crew provide noteworthy examples of how these traits can come into play during a crisis. Hours of intense training, years of experience, and commitment to procedure also contributed to a successful landing.

But a number of fortunate circumstances aligned in a seemingly miraculous way on that fateful day – the strikes and engine loss occurred at a relatively high altitude, the crisis took place during daylight and clear weather, the plane came down near an active commuter water route where trained ferry crews and first responders were already positioned, and no one could have hand-picked a better team to professionally handle such a crisis as this one presented.

Sully summed up the outcome as "a synthesis of preparation meeting luck." Regrettably, nowhere in his autobiography or subsequent interviews does he credit the all-knowing and all-present God of the Universe for aligning circumstances, people, and nature in such a way that no fatalities or life-threatening injuries occurred. Certainly, everyone involved deserves recognition for a job well done. But gratitude toward the Creator, who has His eye on sparrows and who has every human hair numbered, is called for and should be first on the checklist when a disaster is averted. So, hats off to Captain Sullenberger and his crew...with heads bowed in reverence to our merciful God.

Mark Thogmartin

FleetChaplain@buckeyelakeyc.com

MEMBERSHIP

— Governor Joe Giovannelli

Hello, Buckeye Lake Yacht Club Members!

I'm truly excited and grateful to begin serving as your Membership Governor, and I'm looking forward to working with all of you and continuing to support our Club and its membership.

Over the next several weeks, I'll be working closely with Mike Perez as we transition the Membership Governor responsibilities. I'll be learning more about the role, reviewing new membership applications, getting familiar with our current processes, and beginning to explore some new ideas for the year ahead.

I especially want to take a moment to recognize and thank Mike for his incredible four years of service as Membership Governor. His dedication to BLYC and the tremendous amount of time, energy, and care he has put into our membership has made a lasting impact on the Club. I wholeheartedly recognize that I have some very big shoes to fill, and I can only hope that, in my own way, I can make even a small impact comparable to what Mike has accomplished during his time in this role. Mike, thank you for everything you have done — and continue to do — for BLYC and its members!

I also want to thank my friends and family who supported and encouraged me throughout the entire process of becoming a Governor of the Buckeye Lake Yacht Club. Their support has meant more to me than I can truly express, and I would not be here without them.

I'm excited for what lies ahead and grateful for the opportunity to serve our membership and our Club. Should you ever have any questions, ideas, or simply want to say hello, please don't hesitate to reach out.

See you at the Club!

Joe Giovannelli

RACE & REGATTA

– Governor Dave Olney

As a newly elected member of the Board I am pleased to announce that I will be serving the BLYC as your Race and Regatta Governor.

Fleet Captain David Paligo and others have graciously offered to assist and guide me in this exciting new role. Our Vice Commodore and former Race and Regatta Governor Bob Hegedus will be bringing me up to speed and showing me the ropes, oops...I mean "lines."

Finally, I would like to thank all the Candidates and club members who attended the Porch Picnic, a truly unique and wonderful BLYC tradition.

Governor Dave Olney
RaceandRegatta@buckeyelakeyc.com

JUNIOR TRAINING

– Governor Jen Lynch

I am honored to have the opportunity to continue serving as governor of the junior training program in 2027! This past year has been an incredible journey, working closely with Coach Katy Schroeder and Assistant Coach Kyle Buchwalter, as we grow our program and bring more youth into our camps and race team. Having my own children in the sailing program, I understand the dedication of our coaches and senior mentors at the club who have an infectious love of sailing.

October is our planning month for 2027 season. We are in full swing preparing for camps, race team, equipment needs, and budget planning.

As we prepare for next season, I look forward to your input and feedback. If you have questions or want to learn more about the junior sailing camps or the race team, please reach out and I would be happy to sit down or jump on a call.

Enjoy the fall and sweater weather!

Governor Jen Lynch
JuniorTraining@buckeyelakeyc.com

LOOKING AFT

- P/C Steve Harris, BLYC Historian

Why "Gob's Mess?"

Have you ever taken a moment to just walk around the clubhouse and look at what's there? There are a number of photos, plaques, and other "artifacts" — some of which we notice right away, other's we might walk by for years without paying them much attention. We have all likely noticed the plaques honoring of all our BLYC Commodores along the upper wall of the Fireplace Room. But have you noticed that, nestled in among them is a, fairly nondescript metal sign, just above the east entryway to the bar area?

That old sign reads "Gob's Mess." What is a Gob's Mess? Seems like a strange name for a bar. Commodore Foster explains...

The Commodore suggested that I look into the origin and meaning of "gob's mess". Why would a yacht club name a bar room "gob's mess"? He said "gob" was a term for a sailor.

The sources I saw tell me that the word "gob" originates from the Irish word "gob" which means "beak" or "bill". In British slang it came to mean "mouth". In middle English "gobbe" meant a large morsel of food or a large mouthful. One modern meaning is a large mouthful of food. Another is a large mouthful of something that is chewed and not swallowed, such as tobacco. Now it begins to sound like there is some connection to sailors, doesn't it.

The word "mess" means a quantity of food or a group of people who eat together, especially military or naval service people. That sounds familiar. The dictionary says that one meaning of "gob" is a sailor, usually an enlisted man in the U.S. Navy, but the origin of that meaning is unknown. Large mouthfuls of food or tobacco sure sounds to me like a sailor. Anyway, the Commodore is right. But why name a bar "gob's mess" when the

food is mainly served in other rooms. Why not "Gob's Bar" or something more imaginative.

Commodore Kyle Armstrong's history provides the answer. The existing clubhouse was built in 1912 and 1913. In speaking of its opening, Armstrong said "Upon opening of the Club's ninth season, in 1914, its facilities overall were vastly augmented, improved and magnetically attractive to women as well as to men. The new clubhouse was ready for limited use, its utilities finally having been put into some kind of working order. Its large veranda and "ladies' room" scarcely could be denied the women-folk at any time — when on the island with their men-folk. Also, on such occasions, their use of the big lounge and "gobs' mess" could not well be refused when needed." Today that may sound a little sexist but remember, BLYC was a men's club then. In reference to 1916 Commodore Armstrong said "Meals were served in the "Gob's Mess" upon reservations, and a-la-carte service was available on order." So, it's called "Gob's Mess" because it was the room where members and sometimes female guests ate, all fantasizing themselves as sailors of course.

Commodore Armstrong goes on to say "By the time Comm. Gettrost took the helm, the Gob's mess had been far outgrown as the Club's only mess room. Frequently, there had been overflows into the lounge. So, under apparently favorable conditions and with the enthusiastic leadership of the commodore, the Governors assumed responsibility for adding the present, glazed-in, dining room. Its construction proceeded

during the season of '25, evidently without the Buckeye Lake Building Company having been bothered about it." This added dining room is, of course, the room on the West side of the clubhouse now overlooking the pool. The "lounge" is the current fireplace room.

Moving to 1947, Commodore Armstrong reports "During winter, the house committee had asphalt, tile flooring laid in the Ladies' Room and Gobs' Mess, moving the old bar from in front of the kitchen door and rebuilding it in its present location along the north wall." I will have to ask Commodore Gus Schell to tell me about that. He was here then. At that time the North wall was the back of the present bar.

When I joined BLYC in 1976, the bar was in the present location but shorter than the current, extraordinarily beautiful bar that replaced it. Was that the bar from 1947? Tell me Gus! In 1976 the era of the bottle club was just ending. We had obtained a club liquor license. No longer was it necessary to bring your own bottle, mark it and store it in a locker upstairs. I suspect that was an important function of those upstairs lockers. I recall that, when we had to open some of those steel lockers because the members who had them had gone or we didn't know who they belonged to, we found bottles in some of them. They were put to the good use for which they were intended.

So, it becomes clear. "Gob's Mess" was the place where the sailors ate. They might have had a little to drink too. May this BLYC tradition continue ad infinitum.
